Cambridge Checkpoint Science Workbook 8

Do-it-yourself illustrations are a delightful activity for young readers and artists as they follow little Nate-Nate's adventures, exploring Candy Cane Lane on Christmas Eve and becoming the legend known far and wide as Nate-Nate the Christmas Snake. When the drawings are done, kids can send in their favorites to Nate-Nate's website at www.christmassnake.com to be considered for online display. Nate-Nate is not your ordinary snake. He may be average, but he's not ordinary. Not at all. He's curious. And friendly. Those are good traits usually, but Nate-Nate knows all too well that no one wants to hang out with a friendly neighborhood snake. It's a solitary life for young Nate-Nate, slithering hopefully among the giants who live above him on Candy Cane Lane, but he never complains. Snakes don't get holidays (not even Christmas), but this year will be different. Nate-Nate eagerly joins in the happy celebration, but he meets his greatest challenge when the neighborhood is threatened. Alone as usual, the outcast little Nate-Nate bravely stands up and saves Candy Cane Lane.

Business Studies: IGCSE

This remarkable book provides a portrait of the lesser-known peoples of Sarawak, New Zealand: the Land Dayaks. Written by an anthropologist who came to know these people during a two-year stay in their remote village, the study--introduced by a folktale imparted to the author by the leading spirit-medium in the village--is a masterly analysis based on sound anthropological techniques and informed with understanding, affections, and humor. Geddes describes the life of the Land Dayaks--their traditions, beliefs, and their attitudes toward things around them--and reveals not only their differences from, but also their similarities to the greater world of humanity outside their community. Originally published in 1957, this study has lost none of its freshness or fascination.
