With the explosive increase in the number of mobile devices and applications, it is anticipated that wireless traffic will increase exponentially in the coming years. Moreover, future wireless networks all carry a wide variety of flows, such as video streaming, online gaming, and VoIP, which have various quality of service (QoS) requirements. Therefore, a new mechanism that can provide satisfactory performance to the complete variety of all kinds of flows, in a coherent and unified framework, is needed. In this book, we introduce a framework for real-time

wireless networks. This consists of a model that jointly addresses several practical concerns for real-time wireless networks, including per-packet delay bounds, throughput requirements, and heterogeneity of wireless channels. We detail how this framework can be employed to address a wide range of problems, including admission control, packet scheduling, and utility maximization. Table of Contents: Preface / Introduction / A Study of the Base Case / Admission Control / Scheduling Policies / Utility Maximization without Rate Adaptation / Utility Maximization with Rate Adaptation / Systems with Both Real-Time Flows and Non-Real-Time Flows / Broadcasting and Network Coding / Bibliography / Authors' Biographies

Remember enough of the past... You may be able to control the future. She shouldn't be here... She doesn't even know how she got here. There is always the dream. Mya can't recall all the details, but it wakes her up at night in a cold sweat with fear sending her heart racing. Mya wakes in a bed she doesn't recognize, in a house she doesn't know. A woman tells her that they found her in their fields and have been taking care of her. As she gazes out the window, she sees a stag. A brilliant beast, white fur and strong, large antlers. She also finds a scar on her shoulder that she doesn't remember getting. A grown woman with no memory, no family, no money. Kayden McGregor, a Scotsman who seems more a Highlander, owns an estate near where she is staying. When they meet, there is a fire between

the two of them—one that is impossible to tell if it's furry or passion. She resents him. He can't bare to look at her. Or stop himself from staring when Mya pretends not to notice. Trapped, and yet somehow destined to be together. "You were made to be with me, as I was made to love you. No moment in time can take that away from us." better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

Battle-hardened warrior Dirk MacLerie isn't who everyone thinks he is. He's Dirk MacKay, heir apparent to the MacKay chiefdom and Dunnakeil Castle on the far north coast of Scotland. When he returns home after a long absence, will his clan know him and will the duplicitous enemy who tried to murder him twelve years ago kill him in truth this time? Lady Isobel MacKenzie is a beautiful young widow betrothed to yet another Highland chief by her brother's order. But when her future brother-in-law accosts her and threatens to kill her, she is forced to flee into a Highland snowstorm. When she runs into a rugged and imposing man she thought dead, she wonders if he will turn her over to her enemy or take her to safety. Dirk remembers the enchanting, dark-eyed Isobel from when he was a lad, but now she is bound to another man by legal contract-an important detail she would prefer to forget. She wishes to choose her own husband and has her sights set on Dirk. But he would never steal another man's bride would he? The tantalizing lady fires up his passions, testing his willpower and honor at every turn, even as some of his

own treacherous clansmen plot his downfall.

Antistatic sprays from several different manufacturers are examined. The sprays are examined for contamination potential (i.e., outgassing and nonvolatile residue), corrosiveness on an aluminum mirror surface, and electrostatic effectiveness. In addition, the chemical composition of the antistatic sprays is determined by infrared spectrophotometry, mass spectrometry, and ultraviolet spectrophotometry. The results show that 12 of the 17 antistatic sprays examined have a low contamination potential. Of these sprays, 7 are also noncorrosive to an aluminum surface. And of these, only 2 demonstrate good electrostatic properties with respect to reducing voltage accumulation; these sprays did not show a fast voltage dissipation rate however. The results indicate that antistatic sprays can be used on a limited basis where contamination potential, corrosiveness, and electrostatic effectiveness is not critical. Each application is different and proper evaluation of the situation is necessary. Information on some of the properties of some antistatic sprays is presented in this document to aid in the evaluation process. Ming, James E. Goddard Space Flight Center

A Terrorist State as a Frontline Ally

When A-List movie star Jason Sherwood returns to the hometown that once rejected him, he has one goal in mind: Getting revenge on the woman who broke his heart so many years ago. But when he discovers his assumptions about her were wrong, he only wants to win her back. Hopefully, it's not too late. Gina Fox has always pined for her high school lover...and now he has returned, turning her world upside down. But life isn't as simple now as it was then. And she can't get over the fact that Jason walked away from her without a word. When he launches a sultry seduction, she tries, with everything in her, to resist...because at his core, Jason is nothing but heartbreak on a stick.

Mandy never planned to return to Newburgh, New Hampshire, the hometown that unfairly branded her a slut, but she has no choice. Her father has died, and she'll be spending Christmas settling his affairs. She hopes to get in and out of town without attracting the looks of disgust that drove her away, but when a certain Oakley-wearing, Harley-riding cop starts hanging around, an old crush is revived and the rumor mill restarts with a vengeance. Cole has always been attracted to Mandy, but he has never acted on it. Besides being sixteen years older than her, he was friends with her father. The rumors people in town spread about her were bad enough without an inappropriate relationship adding fuel to the fire. But when Mandy returns to Newburgh fully adult and looking more gorgeous than ever, he

can't keep his distance, especially when an old secret of her father's surfaces and puts her in danger. He'll stop at nothing to protect her, but convincing her to stay in Newburgh, with him, will take a Christmas miracle. Reader Advisory: Contains references to a past sexual assault

The Encyclopedia of Nineteenth-Century Photography is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century. It sets out to be the standard, definitive reference work on the subject for years to come. Its coverage is global – an important ‘first’ in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication. The Encyclopedia presents new and groundbreaking research alongside accounts of the major established figures in the nineteenth century arena. Coverage includes all the key people, processes, equipment, movements, styles, debates and groupings which helped photography develop from being ‘a solution in search of a problem’ when first invented, to the essential communication tool, creative medium, and recorder of everyday life which it had become by the dawn of the twentieth century. The sheer breadth of coverage in the 1200 essays makes the Encyclopedia of Nineteenth-Century

Photography an essential reference source for academics, students, researchers and libraries worldwide.

Taking the Enlightenment and the feminist tradition to which it gave rise as its historical and philosophical coordinates, *Feminism and the Politics of Travel After the Enlightenment* explores the coincidence of feminist vindications and travel in the late eighteenth and nineteenth centuries, the way travel's utopian dimension and feminism's utopian ideals have intermittently fed off each other in productive ways. Travel's gender politics is analyzed in the works of J.-J. Rousseau, Mary Wollstonecraft, Stéphanie-Félicité de Genlis, Germaine de Staël, Frances Burney, Flora Tristan, Suzanne Voilquin, Gustave Flaubert, George Sand, Robyn Davidson, and Sara Wheeler.

Since its formation in 1932, Saudi Arabia has been ruled by two interdependent families. The Al Sa'uds control politics and the descendants of Ibn Abd al-Wahhab impose Wahhabism—a violent, fanatical perversion of the pluralistic Islam practiced by most Muslims. Stephen Schwartz argues that Wahhabism, vigorously

exported with the help of Saudi oil money, is what incites Palestinian suicide bombers, Osama bin Laden, and other Islamic terrorists throughout the world. Schwartz reveals the hypocrisy of the Saudi regime, whose moderate facade conceals state-sponsored repression and terrorism. He also raises troubling questions about Wahhabi infiltration of America's Islamic community and about U.S. oil companies sanitizing Saudi Arabia's image for the West. This sharp analysis and eye-opening expose illuminates the background to the September 11th terrorist attacks and offers new approaches for U.S. policy toward its closest ally in the Middle East.
