Commercial Carrier Journal

Lakeland Boating

Beginning with 1937, the April issue of each vol. is the Fleet reference annual.

International Trucks

Progressive Farmer

Based on the 2014 National Automotive Technicians Education Foundation (NATEF) Medium/Heavy Truck Tasks Lists and ASE Certification Test Series for truck and bus specialists, Fundamentals of Medium/Heavy Duty Commercial Vehicle Systems is designed to address these and other international training standards. The text offers comprehensive coverage of every NATEF task with clarity and precision in a concise format that ensures student comprehension and encourages critical thinking. Fundamentals of Medium-Heavy Duty Commercial Vehicle Systems describes safe and effective diagnostic, repair, and maintenance procedures for today's medium and heavy vehicle chassis systems, including the most current,

relevant, and practical coverage of: • Automated transmissions • Braking system technology used in vehicle stability, collision avoidance, and new stopping distance standards • Hybrid drive powertrains • Advanced battery technologies • On board vehicle networks and integrated chassis electr
