How does a suburban pizza joint end up profiled on national magazine covers and network TV news? (Hint: The secret is not in the sauce.) When Nick Sarillo decided to open a family-friendly pizza restaurant in the suburbs of Chicago, people thought he was nuts. Having worked as a carpenter for much of his adult life, he lacked any formal experience in restaurants or in managing a small business. Everyone told him no one else would ever care about his place the way he did. They warned he'd have to work 20-hour-days and monitor every employee just to

stay in business. But Sarillo saw things differently, and set out to run his business in a radically different way. Today Nick's Pizza & Pub is one of the top ten busiest independent pizza restaurants in the country, with two locations that gross about six times the revenue of the typical pizza restaurant. And in an industry where most employees leave within less than a year, Nick's annual turnover rate is less than 20 percent. How did he do it? The secret lies in Nick's purpose-driven culture, in which every employee—from the waiters to the chefs to the managers—is equipped with the tools necessary to do their jobs while also advancing the company's overall mission. The result is higher sales, a dedicated team, and a big little business that is beloved by the entire community. In *A Slice of the Pie* Sarillo tells the story of how he built his extraordinary culture and shows how anyone can follow his methods. For instance, Nick's managers engage the staff by tracking and rewarding unusual metrics, such as how many guests request a particular server or the average check amount of each carryout host. Likewise, team members of all ages and levels of experience are encouraged to express themselves, acquire new skills, and suggest ideas to help the business grow. *A Slice of the Pie* will help transform even the smallest, simplest, and most ordinary business into a successful, high-performance organization.

Automotive Industries

Show biz memoir at its name-dropping, bridge-burning, profane best: the music industry's most outspoken, outrageous, and phenomenally successful executive delivers a rollicking memoir of pop music's heyday. During the 1970s and '80s the music business was dominated by a few major labels and artists such as Michael Jackson, Bruce Springsteen, the Rolling Stones, Bob Dylan, Billy Joel, Paul Simon,

Barbra Streisand and James Taylor. They were all under contract to CBS Records, making it the most successful label of the era. And, as the company's president, Walter Yetnikoff was the ruling monarch. He was also the most flamboyant, volatile and controversial personality to emerge from an industry and era defined by sex, drugs and debauchery. Having risen from working-class Brooklyn and the legal department of CBS, Yetnikoff, who freely admitted to being tone deaf, was an unlikely label head. But he had an uncanny knack for fostering talent and intimidating rivals with his appalling behavior—usually fueled by an explosive combination of cocaine and alcohol. His tantrums, appetite for mind-altering substances and sexual exploits were legendary. In Japan to meet the Sony executives who acquired CBS during his tenure, Walter was assigned a minder who confined him to a hotel room. True to form, Walter raided the minibar, got blasted and, seeing no other means of escape, opened a hotel window and vented his rage by literally howling at the moon. In *Howling at the Moon*, Yetnikoff traces his journey as he climbed the corporate mountain, danced on its summit and crashed and burned. We see how Walter became the father-confessor to Michael Jackson as the King of Pop reconstructed his face and agonized over his image while constructing *Thriller* (and how, after it won seven Grammys, Jackson made the preposterous demand that Walter take producer Quincy Jones's name off the album); we see Walter, in maniacal pursuit of a contract, chase the Rolling Stones around the world and nearly come to blows with Mick Jagger in the process; we get the tale of how Walter and Marvin Gaye—fresh from the success of "Sexual

Healing”—share the same woman, and of how Walter bonds with Bob Dylan because of their mutual Jewishness. At the same time we witness Yetnikoff’s clashes with Barry Diller, David Geffen, Tommy Mottola, Allen Grubman and a host of others. Seemingly, the more Yetnikoff feeds his cravings for power, sex, liquor and cocaine, the more profitable CBS becomes—from \$485 million to well over \$2 billion—until he finally succumbs, ironically, not to substances, but to a corporate coup. Reflecting on the sinister cycle that left his career in tatters and CBS flush with cash, Yetnikoff emerges with a hunger for redemption and a new reverence for his working-class Brooklyn roots. Ruthlessly candid, uproariously hilarious and compulsively readable, *Howling at the Moon* is a blistering *You’ll Never Eat Lunch in this Town Again* of the music industry.

New Cars and Trucks, Winter 2001

THE GREATEST BOXING COACH IN HISTORY 'The Cus D'Amato Mind' teaches the principles and philosophies of the great trainer D'Amato, which took young boys such as Mike Tyson and Floyd Patterson to the heavyweight championship in a few short years. THE MAN WHO MADE MIKE TYSON In 1980, a young Mike Tyson was in the Tryon school for juvenile delinquents. By the age of 13, Mike had already been arrested dozens of times, had suffered bullying, and often engaged in criminal activities like armed robbery and house burglary. He was heading down a certain path to death or a life of prison. Fast forward six years later, and Mike Tyson had

become the youngest heavyweight champion at 20 years old, after destructively crafting a route to the top. What had happened? How could such a change happen in such a short space of time? The answer is Cus D'Amato. The great boxing coach Cus D'Amato was a revolutionist. He was a modern-day philosopher. He was a leader who changed the lives of those he helped. Cus would literally take juvenile kids of the street, and house them in his fourteen-room mansion. Impressively, he was able to instill them with the character of champions, so they would be able to go out and conquer the world, whether they were fighters or not. Cus D'Amato created champions. LEARN HIS SECRETS In this book, we break down the mental strategies that any fighter (or anyone) can use in order to excel towards greatness. Fighters all over the world are able to acquire trainers that can teach technique. But they are unable to find teachers, like the Cus D'Amato's and the Angelo Dundee's, who can instill them with charismatic confidence, and help them deal with anxiety and fear before matches. The book consists of five sections. Each section is designed to empower you in a different area. The five sections are: * Character * Fear * Anxiety * Resistance * Leadership Without knowing what makes a champion, and how you can become one too, you will never be able to achieve it. After learning what makes 'The Cus D'Amato Mind', you will be more charismatic, confident, with a greater sense of control over your path to boxing greatness.
