An amazing, often overlooked story of the man who brought Yoga and Tibetan culture to America. Theos Bernard's colorful, enigmatic, and sometimes contradictory life captures an intersection of East and West that changed our world. After years of forcibly stopping foreigners at the borders, the leaders of Tibet opened the doors to their kingdom in 1937 for Theos Bernard. He was the third American to set foot in Tibet and the first American ever initiated into Tantric practices by the highest lama in Tibet. When Bernard left that sacred land, he was sent home with fifty mule loads of priceless, essential Buddhist scriptures from government and monastery vaults. Bernard brought these writings to America, where he achieved celebrity as a spiritual master. Appearing four times on the cover of the largest-circulation magazine of the day, befriending some of the most famous figures of his era, including Charles Lindbergh, Lowell Thomas, Ganna Walska, and W. Y. Evans-Wentz, and working with legendary editor Maxwell Perkins, the charismatic and controversial "White Lama" introduced a new vision of life and spiritual path to American culture before mysteriously disappearing in the Himalayas in 1947. Biography, travel and adventure, a history of Tibet's opening to the West, and the story of Buddhism and Yoga's arrival in America, *White Lama: The Life of Tantric*

Yogi Theos Bernard, Tibet's Lost Emissary to the West is the first work to tell his groundbreaking story in full and is a narrative that thrills from beginning to end. Includes 15 photographs shot in Tibet in 1937 by Theos Bernard, part of a collection that has been described as the best photographic record of Tibet in existence. From the Hardcover edition.

Dr. Christopher Ringle is the last person you'd expect to find moonlighting as Santa Claus at the mall on the day after Thanksgiving. But it is there that he meets a young man named Molar Alan, who desperately needs a new perspective on the underlying value of Christmas. Dr. Ringle recruits Mo and his older brother as volunteers at a nearby children's hospital for the holiday season. At the hospital, Mo is tasked to help bring holiday cheer to the young cancer patients on the fifth floor. His biggest challenge is befriending a decidedly angry girl who is so embarrassed by her scarred appearance that she hides her face behind the safety of a paper bag. Almost in spite of himself, Mo finds that Christmas joy emanates from a source far greater than the North Pole, while the young girl learns that she is more beautiful than she had ever imagined.

American Like Me

The Millennium Dome, Braveheart and Rolls Royce cars. How do cultural icons reproduce and transform a sense of national identity? How does national identity

vary across time and space, how is it contested, and what has been the impact of globalization upon national identity and culture? This book examines how national identity is represented, performed, spatialized and materialized through popular culture and in everyday life. National identity is revealed to be inherent in the things we often take for granted - from landscapes and eating habits, to tourism, cinema and music. Our specific experience of car ownership and motoring can enhance a sense of belonging, whilst Hollywood blockbusters and national exhibitions provide contexts for the ongoing, and often contested, process of national identity formation. These and a wealth of other cultural forms and practices are explored, with examples drawn from Scotland, the UK as a whole, India and Mauritius. This book addresses the considerable neglect of popular cultures in recent studies of nationalism and contributes to debates on the relationship between 'high' and 'low' culture.

United States History: Preparing for the Advanced Placement Examination, 2018 Edition

INSTANT NEW YORK TIMES BESTSELLER From award-winning actress and political activist America Ferrera comes a vibrant and varied collection of first-person accounts from prominent figures about the experience of growing up between cultures. America Ferrera has always felt wholly American, and yet, her identity is inextricably linked to her parents' homeland and Honduran culture. Speaking Spanish at home, having Saturday-morning-salsa-dance-parties in the kitchen, and eating tamales alongside apple pie at Christmas never seemed at odds with her American identity. Still, she yearned to see that identity reflected in the larger American narrative. Now, in *American Like Me*, America invites thirty-one of her friends, peers, and heroes to share their stories about life between cultures. We know them as actors, comedians, athletes, politicians, artists, and writers. However, they are also immigrants, children or grandchildren of immigrants, indigenous people, or

people who otherwise grew up with deep and personal connections to more than one culture. Each of them struggled to establish a sense of self, find belonging, and feel seen. And they call themselves American enthusiastically, reluctantly, or not at all. Ranging from the heartfelt to the hilarious, their stories shine a light on a quintessentially American experience and will appeal to anyone with a complicated relationship to family, culture, and growing up.

Carver is a writer of astonishing compassion and honesty. . . . his eye set only on describing and revealing the world as he sees it. His eye is so clear, it almost breaks your heart" (Jonathan Yardley, Washington Post Book World).

St. James Encyclopedia of Popular Culture

A “marvelous history”* of medieval Europe, from the bubonic plague and the Papal Schism to the Hundred Years’ War, by the Pulitzer Prize-winning author of *The Guns of August* *Lawrence Wright, author of *The End of October*, in *The Wall Street Journal* The fourteenth century reflects two contradictory images: on the one hand, a glittering age of crusades,

cathedrals, and chivalry; on the other, a world plunged into chaos and spiritual agony. In this revelatory work, Barbara W. Tuchman examines not only the great rhythms of history but the grain and texture of domestic life: what childhood was like; what marriage meant; how money, taxes, and war dominated the lives of serf, noble, and clergy alike. Granting her subjects their loyalties, treacheries, and guilty passions, Tuchman re-creates the lives of proud cardinals, university scholars, grocers and clerks, saints and mystics, lawyers and mercenaries, and, dominating all, the knight—in all his valor and “furious follies,” a “terrible worm in an iron cocoon.” Praise for *A Distant Mirror* “Beautifully written, careful and thorough in its scholarship . . . What Ms. Tuchman does superbly is to tell how it was. . . . No one has ever done this better.”—*The New York Review of Books* “A beautiful, extraordinary book . . . Tuchman at the top of her powers . . . She has done nothing finer.”—*The Wall Street Journal* “Wise, witty, and wonderful . . . a great book, in a great historical tradition.”—*Commentary* NOTE: This edition does not include color images.

AP U.S. History

A history of roaring prosperity—and economic cataclysm: “The one account of America in the 1920s against which all others must be measured” (*The Washington Post*). Beginning November 11, 1918, when President Woodrow Wilson declared the end of World War I in a letter to the American public, and continuing through his defeat, Prohibition, the Big Red

Scare, the rise of women's hemlines, and the stock market crash of 1929, *Only Yesterday*, published just two years after the crash, chronicles a decade like no other. Allen, who witnessed firsthand the events he describes, immerses you in the era of flappers, speakeasies, and early radio, making you feel like part of history as it unfolds. This bestselling, enduring account brings to life towering historical figures including J. Pierpont Morgan, Henry Ford, Sigmund Freud, Albert Einstein, Al Capone, Babe Ruth, and Jack Dempsey. Allen provides insightful, in-depth analyses of President Warren G. Harding's oil scandal, the growth of the auto industry, the decline of the family farm, and the long bull market of the late twenties. Peppering his narrative with actual stock quotes and breaking financial news, Allen tracks the major economic trends of the decade and explores the underlying causes of the crash. From the trial of Nicola Sacco and Bartolomeo Vanzetti to the inventions, crazes, and revolutions of the day, this timeless work will continue to be savored for generations to come.
