CMJ New Music Report

An investigation of independent video games—creative, personal, strange, and experimental—and their claims to handcrafted authenticity in a purely digital

medium. Video games are often dismissed as mere entertainment products created by faceless corporations. The last twenty years, however, have seen the rise of independent, or “indie,” video games: a wave of small, cheaply developed, experimental, and personal video games that react against mainstream video game development and culture. In *Handmade Pixels*, Jesper Juul examines the paradoxical claims of developers, players, and festivals that portray independent games as unique and hand-crafted objects in a globally distributed digital medium. Juul explains that independent video games are presented not as mass market products, but as cultural works created by people, and are promoted as authentic alternatives to mainstream games. Writing as a game player, scholar, developer, and educator, Juul tells the story of how independent games—creative, personal, strange, and experimental—became a historical movement that borrowed the term “independent” from film and music while finding its own kind of independence. Juul describes how the visual style of independent games signals their authenticity—often by referring to older video games or analog visual styles. He shows how developers use strategies for creating games with financial, aesthetic, and cultural independence; discusses the aesthetic innovations of “walking simulator” games; and explains the controversies over what is and what isn't a game. Juul offers examples from independent games ranging from *Dys4ia* to *Firewatch*; the text is richly illustrated with many color images.

Isis Oracle

The first book in a new series by the multimillion-copy bestselling author of Conversations with God. Neale Donald Walsch has changed the way millions of Americans think about God. His Conversations with God series, book 1, book 2, and book 3, have all been New York Times bestsellers- book 1 for over two years. The essence of Neale Donald Walsch's message lies at the heart of faith- the sacred place in every person, where he stands alone with his God. Walsch urges each of us to forge our own unique relationship with God, a God who is everywhere and speaks to us in all we do. It is up to us to stop and listen. It is up to us to respond to begin the conversation. And a conversation is the first step, just as in any relationship, in establishing trust, in building friendship, in creating communion. In Friendship with God, Neale Donald Walsch shares the next part of his journey, and leads us to deepen and strengthen our own bonds with God. He honors our heart's desire: a closer connection, richer and fuller. A friendship with God.

State's Marketing Bulletin

Incarnated angelic beings and starseeds are born with an inherent spiritual awareness that, sooner or later, leads them to question the nature of reality. Often these individuals feel they don't belong here. Since childhood, they have

challenged many of the teachings they receive. It is as though they are immune to the mundane and are aware of another reality. Their journey is the mystical and metaphorical journey of the hero: the journey to leave home, delve into the depths, and return home once again but this time, with wisdom. If you identify with some of the ideas in this book, it is very possible that you, too, are an incarnated angel or a starseed.

The Starseed Transmissions

Three novels complete in one volume. Stardance: Shara Drummond was a gifted dancer and a brilliant choreographer, but could not pursue her dream of dancing on Earth, so she went to space, creating a new art form in three dimensions. And when the aliens arrived, there was only one way to prove that the human race deserved not just to survive, but to reach the stars. The only hope was Shara, with her stardance. Starseed: Years later, another dancer of genius faced the end of her career when her body failed her, and Rain McLeod followed Shara into space. If she joined with a symbiotic lifeform that would let her live without artificial protection in the vacuum of space, she would take a quantum leap in human evolution. Starmind: Rand Porter has been offered the job of a lifetime, as a shaper of visual effects and music for the world's most famous zero-gravity dance company in High Orbit. But his beloved novelist wife Rhea Paixao has her roots sunk deep in the Earth, in her beloved Cape Cod. And as they wrestle with their private dilemma,

bizarre things-small miracles-are beginning to occur everywhere on Earth and throughout the entire Solar System. The human race-and its evolutionary successors, the space-dwelling Stardancers-find themselves approaching the terrifying cusp of their shared destiny, an appointment made for them a million years ago, a make-or-break point beyond which nothing, anywhere, can ever be the same again.

"We are now at a time in our planetary evolution known to many as 'ascension'. Those individuals who are known as 'starseeds' are currently in their millions and are collectively going through an awakening process. In this transmission, they bring forward 'memory triggers' designed to act as a catalyst into the awakening process at various stages and respond to many of the questions which the starseeds are asking. Why are we here? Who are we? What are we supposed to do? What is it that we are to remember? Why did we lose our memories in the first place? What is the call of humanity? What is the fall of man? What is 'zero point'? An in depth analysis and explanation of the 'twin flame consciousness' and how

this relates to the ascension experience is part of this transmission. Embracing the inner archetypes of the 'Alchemist' and the 'Architect' and knowing how to construct your own personal matrix will move you into the memory recall needed. This transmission will take you on a multidimensional journey of profound discovery as you move into the creation of the Divine Architecture. The triggers contained within this material are there to assist you in accessing the codes for the new formation of the original crystalline DNA matrix known as the 'Starseed Template'."-- Amazon.com

The Galactic Heritage Cards were first introduced in Japan, where hundreds of Lyssa's students have since used them with profound results. USING THE CARDS: The overall concept of the cards is to explore the journey from unity to fragmentation/polarity and back to reintegration. Since each of us is part of the same one consciousness, this is a holographic "journey" that unifies us all. The card system uses the holographic concept that we are experiencing both unity and separation simultaneously. The components of the cards explore this journey in a

variety of ways, including: SPECIES or STAR SYSTEM: Twenty-one different species or star systems are represented in the four suits (or time streams) of cards to symbolize the main archetypal groups who have influenced the development of our galactic family. THEME: Each card has a theme or lesson that is connected to the civilization it depicts. Contemplative text and deeper commentary are presented for each card to help users understand how to apply this wisdom in their current lives. ARTWORK: The architect of these cards, the multidimensional consciousness Germane channeled through Lyssa, also assisted Hong Kong artist David Cow in the channeling of the images. Contemplating the artwork allows more information and energy to be transmitted that goes beyond the text for each card. The art works deeply with the subconscious and adds a powerful dimension to the user's inner work with the cards. In addition to the individual card art, an underlying image spans all the cards when they're laid out on a grid with 18 cards per row. This image represents our journey back to integration, and thus each card carries an embedded energy of unity even within the uniqueness and "separate journey" of each card. When the final card was channeled, the total number was 108 -- a sacred number in many traditions that reflects the idea of wholeness and completion. GETTING STARTED: In the accompanying booklet we offer more information, the text and commentary for each card, and several recommended spreads to help you get started.

Goddess Dream Oracle

If you're reading this, you may be a highly sensitive empath, who is able to pick up - and even absorb - other peoples' energies. However, many empathic people are 'overwhelmed empaths' (meaning that their high empathy has gone into a state of overdrive.) Here are some signs you are an overwhelmed empath: You feel other peoples' emotions vividly and profoundly, and have trouble shaking off the energies afterwards, even after the other person has moved on. You often have a hard time working out whether you're feeling your own energies and emotions, or someone else's. You have become a hermit and withdrawn socially in order to avoid other people's energies. You cannot visit crowded places such as shopping centres,

stadiums, train stations, or nightclubs because the energies are so overwhelming You feel physical aches and pains, or manifest physical signs of nervousness or sickness, around certain people When it comes to movies, TV and books, you do not like watching or reading anything that features sad or difficult experiences for the characters You often find yourself playing the role of counsellor and caretaker in your relationships and friendships, but you find it a draining role to take on You often wish that other people would follow your advice and get their lives back on track Your relationships are a source of obligation and stress, either because you self-sacrifice, have a hard time saying 'no' to people, or take it upon yourself to help others with their problems You feel like your empath gifts are a curse, and you wish you could be less sensitive. If you resonated with the above statements, the usual advice for empaths that you will find in many books and online articles (such as boundaries, lifestyle adjustments, and shielding visualisations) are NOT effective for you as an overwhelmed empath. They avoid the root causes of the problem - a bit like putting a sticking plaster on an infected wound. Anna is a professional intuitive with a decade of experience working with empathic clients. And in this book, she gives NEW insights to explain the following: The reasons you became an empath in the first place (hint: it usually happens in childhood) and how this is the key to bringing your empath gifts back into balance - and staying there Why our amazing empath gifts are a key part of our soul's purpose - and how we can integrate them into our lives in a healthy way What is the 'emotional projection' trap and how it affects you as an empath The fascinating link between

overwhelming empathy and your past lives Effective & fast techniques for cleansing your auric field of 5 different types of energy debris that most empaths pick up on a regular basis. Powerful methods for healers, intuitives, counsellors and bodyworkers to keep their aura and work spaces clear of client energies A quiz to find out which empath gifts you have (out of 8 different types) Overwhelmed empaths: this book will show you how to come back into balance with your amazing empath gifts and integrate them into your life, so that you can be more centered, happy and healthy. AND if you wish, share them with a world where they are sorely needed!

Crystal Children reflect the new generation that has come to the Earth plane after the Indigo Children. They are approximately ages 0 through 5, although some members of the first wave of Crystal Children are as old as 7. These children are like Indigos—highly psychic and sensitive—but without the dark edge and the anger energy. The term Crystal Children is already taking hold worldwide, and people everywhere are talking about these special kids. Since Doreen is the only researcher who is publicly giving speeches on the subject, her audiences have been asking her for a book on the topic. It's a natural sequel to her book *The Care and Feeding of Indigo Children*. As babies, Crystal Children may take longer than normal to begin talking. They are highly telepathic, and their tuned-in mothers communicate with them nonverbally. Because they're so sensitive, the Crystal Children babies may fuss and cry a lot in crowded places. They're also very fond of nature. Doreen once watched one Crystal Child walk from tree to tree, giving each

one a big hug. Crystal Children are beautiful inside and out, like magnificent little high-priests and priestesses. One look in their eyes, and you'll recognize Divine love and wisdom. Their auras are bright, radiant, and opalescent—they seem to glow from the inside! They talk about past lives, distant galaxies, and profound insights concerning peace and love. Most Crystal Children's parents are aware that their kids are special, and they're thrilled to be parenting such delightful children. The book includes many interviews with Crystal Children, their parents, and teachers. It discusses parenting and teaching methods that are essential to keeping these children happy and healthy, and how to avoid pitfalls that could spoil their special gifts.
