Spectrum Math Workbook, Grade 1

Spectrum(R) Critical Thinking for Math for fifth grade provides practice in applying math to the real world. Skills covered include: -equations -measurement -place value -fractions -multiplication and division This Spectrum Critical Thinking for Math workbook aligns to current state standards. Help your child learn how to apply math skills in everyday situations with Spectrum Critical Thinking for Math. This workbook includes problem-solving instructions, math reasoning questions, and word problems to strengthen critical thinking while guiding children to demonstrate understanding of the concepts that support their answers. This workbook also features an answer key and a testing section. Supporting your child's educational journey every step of the way, Spectrum provides comprehensive, grade-specific titles to support the skills and standards children learn in today's classroom. Spectrum offers a variety of subject-specific practice to reinforce classroom learning, skill-specific titles to enhance educational concepts, and test prep titles to improve test-taking skills. With the help of Spectrum, your child will build the skills and confidence for success—both in and out of the classroom.

Singapore Math Challenge, Grades 5 - 8

Strong reading skills are the basis of school success, and Spectrum Reading for grade 5 will help children triumph over language arts and beyond. This standards-based workbook uses engaging text to support understanding key ideas, details, knowledge integration, summarization, and theme. --Spectrum Reading will help your child improve their reading habits and strengthen their ability to understand and analyze text. This best-selling series is a favorite of parents and teachers because it is carefully designed to be both effective and engagingÑthe perfect building blocks for a lifetime of learning.

Go Math!

Offers a higher level of material that goes beyond calculation skills for children in the primary grades.

5th Grade PSSA Math Workbook 2018

Spectrum Critical Thinking for Math, Grade 5

Spectrum(R) Writing for grade 5 guides students through each step of the writing process as they write paragraphs, personal narratives, fiction stories, comparisons, visual aids, how-to instructions, research reports, persuasive articles, and more. Spectrum(R) Writing workbooks guide students as they write for a variety of purposes, including writing to tell a story, writing to provide information, and writing to state an opinion. Lessons support current state standards. Step-by-step instructions help with planning, drafting, revising, proofreading, and sharing writing. A Writer's Handbook reinforces grammar and language skills, and a complete Answer Key is included. Engaging, open-ended writing projects combined with standards-based learning make these workbooks an essential resource for school success. Spectrum(R), the best-selling workbook series, is proud to provide quality educational materials that support your students' learning achievement and success.

Comprehensive Curriculum of Basic Skills, Grade 5

Spectrum Math for grade 5 keeps kids at the top of their math game using progressive practice, math in everyday settings, and tests to monitor progress. The math workbook covers fractions, decimals, multiplication, division, and preparing for algebra. --A best-selling series for well over 15 years, Spectrum still leads the way because it works. It works for parents who want to give their child a leg up in math. It works for teachers who want their students to meetÑand surpassÑlearning goals. And it works to help children build confidence and advance their skills. No matter what subject or grade, Spectrum provides thorough practice and focused instruction to support student success.

180 Days of Language for Fifth Grade

Supplement your science curriculum with 180 days of daily practice! This invaluable classroom resource provides teachers with weekly science units that build students' content-area literacy, and are easy to incorporate into the classroom. Students will analyze and evaluate scientific data and scenarios, improve their understanding of science and engineering practices, answer constructed-response questions, and increase their higher-order thinking skills. Each week covers a particular topic within one of three science strands: life science, physical science, and Earth and space science. Aligned to Next Generation Science Standards (NGSS) and state standards, this resource includes digital materials. Provide students with the skills they need to think like scientists with this essential resource!

Daily Oral Language, Grades 3 - 5

Expand fifth grade students' knowledge base and prepare them for the STAAR Reading test by incorporating these rigorous practice exercises into their daily routine. By implementing this resource into instruction, students will sharpen their comprehension and critical-thinking skills to build the stamina necessary to succeed on the state test. Featuring TIME for Kids content, this resource offers high-interest informational texts, engaging literature passages, and poems. Questions are carefully crafted to guide students as they approach the texts and share their understanding. The practice exercises help students with skills such as making inferences and drawing conclusions, analyzing the development of ideas or characters, identifying author's viewpoint, and identifying main idea, theme, and supporting details. This must-have resource is perfect to help promote the use of skills needed for success in the 21st century.

Brain Quest Workbook: Grade 5

"Prepares students for the Florida comprehensive assessment test (FCAT)"--Cover.

Spectrum Writing, Grade 5

Math Minutes, 5th Grade, eBook

Helping Your Child Succeed in Fifth Grade: A Parent's Guide to the Common Core Schools across America are rolling out new, more rigorous curricula in order to meet the demands created by a new set of English and Mathematics standards – known nationally as the Common Core State Learning Standards. You can expect to see a number of changes in your child's fifth grade class. In English, students will now read more Informational Texts. This type of passage provides facts and often deals with current events, science, and social studies. In addition, questions posed about these readings will ask students to find evidence and use it to formulate an argument. In order to master new Literacy standards, students will need a larger and stronger vocabulary to allow them to both tackle complex readings and write acceptable arguments. In Mathematics, students will spend more time developing their understanding of specific and important math concepts. Students will be expected to both demonstrate understanding of each topic and apply their mathematical skills to real-world situations. As a parent, it is important not only to understand the new standards, but also to have the tools to help your child do his or her best in school. This book is designed to provide you with the guidance and resources to support classroom learning and help your child succeed. It includes: An annotated review of the standards highlighting what your child should master during third grade 20 Important lessons that you can do – together with your child – to support them as they progress through the school year A Vocabulary section designed to make sure your child masters the most important academic words 200+ practice questions to improve your child's skills Diagnostic quiz and 20+ mini-quizzes to check for understanding
