Arkansas

Kyle and Swin spend their nights crisscrossing the South with illicit goods, making shifty deals in dingy trailers, and taking vague orders from a boss they've never met. Soon their lazy peace is shattered with a shot: night blends into day filled with dead bodies, crooked superiors, and suspicious associates. It's on-the-job training,

with no time for slow learning, bad judgment, or foul luck.

A Manual for Elementary School Libraries in Arkansas

“The Grail Bird is an enjoyable read . . . A powerful call for conservation, and an exciting bird adventure” (The Boston Globe). What is it about the ivory-billed woodpecker? Why does this ghost of the southern swamps arouse such an obsessive level of passion in its devotees, who range from respected researchers to the flakiest Loch Ness monster fanatics and Elvis chasers? Since the early twentieth century, scientists have been trying their best to prove that the ivory-bill is extinct. But every time they think they've finally closed the door, the bird makes an unexpected appearance. To unravel the mystery, author Tim Gallagher heads south, deep into the eerie swamps and bayous of the vast Mississippi Delta, searching for people who claim to have seen this rarest of birds and following up—sometimes more than thirty years after the fact—on their sightings. What follows is his own Eureka moment with his buddy Bobby Harrison, a true son of the South from Alabama. A huge woodpecker flies in front of their canoe, and they both cry out, “Ivory-bill!” This sighting—the first time since 1944 that two qualified observers positively identify an ivory-billed woodpecker in the United States—quickly leads to the largest search ever launched to find a rare bird, as researchers fan out across the bayou, hoping to document the existence of this most iconic of birds. “The Grail Bird is less an ecological study than a portrait of human obsession.” —The New York Times

Dozens of different pies on restaurant menus from the Delta to the Ozarks await hungry diners, and almost every delectable creation is a masterpiece of southern baking. Join food writer Kat Robinson on a tour through an Arkansas culinary tradition. Kat has traveled the state, sampling more than four hundred different varieties and absorbing stories along the way. Learn where fried pie is king and why a pie called possum should be the official state pie. Meet the North Little Rock man who made and sold one hundred different pies in a single day, and discover the new and innovative pie-making methods of chefs in Fayetteville and Hot Springs. It's all here in this mouthwatering and informative collection.

Publishers Weekly summer reads staff pick The incredible true story of America's original—and forgotten—capital of vice Back in the days before Vegas was big, when the Mob was at its peak and neon lights were but a glimmer on the horizon, a little Southern town styled itself as a premier destination for the American leisure class. Hot Springs, Arkansas was home to healing waters, Art Deco splendor, and America's original national park—as well as horse racing, nearly a dozen illegal casinos, countless backrooms and brothels, and some of the country's most bald-faced criminals. Gangsters, gamblers, and gamines: all once flocked to America's forgotten capital of vice, a place where small-town hustlers and bigtime high-rollers could make their fortunes, and hide from the law. The Vapors is the extraordinary story of three individuals—spanning the golden decades of Hot Springs, from the 1930s through the 1960s—and the lavish casino whose spectacular rise and fall would bring them together before blowing them apart. Hazel Hill was still a young girl when legendary mobster Owney Madden rolled into town in his convertible, fresh off a crime spree in New York. He quickly established himself as the gentleman Godfather of Hot Springs, cutting barroom deals and buying stakes in the clubs at which Hazel made her living—and drank away her sorrows. Owney's protégé was Dane Harris, the son of a Cherokee bootlegger who rose through the town's ranks to become Boss Gambler. It was his idea to build The Vapors, a pleasure palace more spectacular than any the town had ever seen, and an establishment to rival anything on the Vegas Strip or Broadway in sophistication and supercharged glamour. In this riveting work of forgotten history, native Arkansan David Hill plots the trajectory of everything from organized crime to America's fraught racial past, examining how a town synonymous with white gangsters supported a burgeoning black middle class. He reveals how the louche underbelly of the South was also home to veterans hospitals and baseball's spring training grounds, giving rise to everyone from Babe Ruth to President Bill Clinton. Infused with the sights and sounds of America's entertainment heyday—jazz orchestras and auctioneers, slot machines and suited comedians—The Vapors is an arresting glimpse into a bygone era of American vice.

Real-life 7-year-old Sophia Spencer was bullied for loving bugs until hundreds of women scientists rallied around her. Now Sophie tells her inspiring story in this picture book that celebrates women in science, bugs of all kinds, and the importance of staying true to yourself. Sophia Spencer has loved bugs ever since a butterfly landed on her shoulder--and wouldn't leave!--at a butterfly conservancy when she was only two-and-a-half years old. In preschool and kindergarten, Sophia was thrilled to share what she knew about grasshoppers (her very favorite insects), as well as ants and fireflies but by first grade, not everyone shared her enthusiasm. Some students bullied her, and Sophia stopped talking about bugs altogether. When Sophia's mother wrote to an entomological society looking for a bug scientist to be a pen pal for her daughter, she and Sophie were overwhelmed by the enthusiastic response--letters, photos, and videos came flooding in. Using the hashtag BugsR4Girls, scientists tweeted hundreds of times to tell Sophia to keep up her interest in bugs--and it worked! Sophia has since appeared on Good Morning America, The Today Show, and NPR, and she continues to share her love of bugs with others.

The American Stationer

The Instant New York Times, Publishers Weekly, Wall Street Journal, and USA Today Bestseller A candid, riveting account of the Trump White House, on the front lines and behind the scenes. Sarah Huckabee Sanders served as White House Press Secretary for President Donald J. Trump from 2017 to 2019. A trusted confidante of the President, Sanders advised him on everything from press and communications strategy to personnel and policy. She was at the President's side for two and a half years, battling with the media, working with lawmakers and CEOs, and accompanying the President on every international trip, including dozens of meetings with foreign leaders—all while unfailingly exhibiting grace under pressure. Upon her departure from the administration, President Trump described Sarah as “irreplaceable,” a “warrior” and “very special person with extraordinary talents, who has done an incredible job.” Now, in *Speaking for Myself*, Sarah Huckabee Sanders describes what it was like on the front lines and inside the White House, discussing her faith, the challenges of being a working mother at the highest level of American politics, her relationship with the press, and her unique role in the historic fight raging between the Trump administration and its critics for the future of our country. This frank, revealing, and engaging memoir will offer a truly unique perspective on the most important issues and events of the era, and unprecedented access to both public and behind-the-scenes conversations within the Trump White House.
