Two lives in danger - her lover's and her sister's. But she must choose only one. In 1913, young Irish emigrant Eva Downey is trapped in London with a remote father and hostile stepmother. When she is awarded a legacy from an old suffragette to attend a finishing school in Kent, she jumps at the chance. At the school, she finds kinship and later falls in love with her teacher Christopher Shandlin, her intellectual equal. But when war does break out, her fanatical and disapproving stepsister Grace forces a choice on Eva. She must present Shandlin, who refuses to fight, with a white feather of cowardice, or no money will be given for her sister Imelda's life-saving treatment in Switzerland. Caught in a dilemma, she chooses her sister over her lover, a decision which will have irrevocable consequences for both her and Christopher and haunt her for the rest of her life.

### **Roll of Thunder, Hear My Cry**

Home-sweet-home turns into a haunted house for thirteen-year-old Chris when Carol—her father's new fiancée—moves in. Struggling with the recent death of her mother, Chris is convinced Carol is evil, but she just can't persuade Dad. When a mysterious, potentially dangerous but kind of cute creature is found in the family's backyard, Chris assumes it's a sign from above to eliminate Carol once and for all. This imaginative, bone-chilling, and wildly funny play brings the notion of dysfunctional family drama to sensationally scary heights.

## **Blue Hill Blood**

Henry - My past is gruesome and unforgettable no matter how hard I try to let go. Writing is my escape. My only therapy. When I met my wife, had children, and my career sky-rocketed, I thought I'd never revisit those dark days again. So, the moment Blue Hill, Maine beckons for me, I go willingly in an effort to write the next big story. But when a ghost from my past shows up, all of my carefully rebuilt walls come crumbling down hard and fast. My only way of defense is ripped from my grasp as this distraction bounces into my life. Will I be able to sift through what's fiction to find reality? Eli - I'm a serial killer. A victim of narcissism and the need to satisfy my own urges. I have a thirst to snuff out the lives of those that remind me of her-the woman that ruined me-and I take great pleasure in quenching that thirst. I have no rules. No parameters. I do as I please. New York Times and USA Today bestselling author, Henry McElroy, is my god. His sick, twisted mind constructs the world to which I rule. I would be nothing without him-my dark creator. \*\*\* What happens when Henry McElroy's story begins to take a realistic form the moment he sets foot in the sleepy, seaside town in Maine? As soon as he begins sharing excerpts of his book with his fans on social media, including an

obsessive one he meets in Blue Hill, bodies begin to stack up in similar fashion to that of which he writes about. Will the blame be placed on the town's newest and most twisted visitor? Or will Henry be able to prove his innocence and clear his name before it's too late?

## **Blood and Feathers**

Bliss was only ten when her family's home was burned to the ground, leaving her frightened and alone. She was taken in by the Choctaw and treated as one of their own, even though she failed at the simplest of tasks. Eight years later, when two white men came into the village to claim her as their relative offering herds of cattle and horses in trade, she did what she thought was best for her Choctaw family. Bliss left her village in hopes she would find herself a better fit in the white world. Before the day was out, she learned the men were not who they said and had no intention of treating her like family. In the end, she was faced with an unforeseeable choice and an unwinnable battle. Two Feathers was a young Native learning the ways of the Choctaw. However, he was not like the other men in his village who lived off of the land, farming and raising livestock. He enjoyed spilling the blood of the invaders and was absent, fighting, more than he was home. Still, he had fallen for the little white girl who couldn't farm, couldn't make baskets, and was generally a failure at Native life. Returning from a battle, he discovered the white men had taken Bliss, the woman with whom he expected to share his life. Her unexpected departure changed everything. Gone were his desires to do anything other than locate the girl; she consumed his every thought and he vowed to bring her back. Learning that the men had nefarious intentions, only reinforced his resolve. Will he find her before she makes the dreadful decision she knows must be made? Will she be able to face her adopted, Native family after all that has happened? Will Two Feathers' love be enough to vanquish the horrors she endured at the hands of her own people?

## **The Blood King**

The greatest trick the First Vampire ever pulled was convincing the world that he didn't exist. Before the now-infamous Count Dracula ever tasted his first drop of blood, Sorin Ambrogio owned the night and now he's back. Fleeing Europe and starting a new chapter in his diary of death--one not written in blood--Sorin finds new meaning to his life when he is adopted into a Native American tribe in the American Colonies. A wife and a miracle child give this monster a new beginning. Until his vampiric past comes back to haunt him, to eradicate him, to burn his name from their histories and to murder anyone who ever met him--especially his family. Wounded and on the brink of death, Sorin vows to avenge the fallen if the tribe's Medicine Man--the only other survivor--will put Sorin into a healing slumber. His sleep was only supposed to be brief--days or weeks. But Sorin is awoken centuries later by a fledgling Shaman named Nosh--a descendant of the very Medicine Man who first put Sorin to sleep centuries before--who will risk anything to avenge his own murdered tribe from the vampires and other monsters now openly walking the streets of present-day Manhattan. Sorin steps into a world that has drastically changed from the virginal American Colonies he had come to call home. When humanity's only savior is the first man-made devil, the streets of New York City will flow with rivers of blood.

## Sleepless

“The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational.” —Kevin Kwan, author of *Crazy Rich Asians*

Amy Tan’s beloved, *New York Times* bestselling tale of mothers and daughters. Four mothers, four daughters, four families whose histories shift with the four winds depending on who’s “saying” the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. “To despair was to wish back for something already lost. Or to prolong what was already unbearable.” Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

## The Joy Luck Club

The request also comes with a threatening ultimatum: Should James fail, both he and his wife will die. "BLOOD AND EARTH is a gripping account of the deadly link between slavery and environmental destruction. Kevin Bales is a social scientist, human rights activist, and journalist -- and he's also one of the world's leading experts on modern slavery. In his work he began to notice the connection between environmental decline and slavery: the two almost always went hand-in-hand, whether in the hellish gold mines of Ghana or the miraculously beautiful mangrove forests of Bangladesh. But why? He set off to find the answer on a fascinating and moving journey that took him into the lives of modern day slaves and along a supply chain that leads directly to the cell phones in our pockets. He found solutions that redeemed both the lives of the slaves in the world's most threatened places and the environments they live in. This is a clear-eyed, inspiring, and profoundly hopeful book that brings us dramatic stories from the world's environmental and human rights hotspots and offers solutions to our most pressing crises"--
