Oxidative Stress and Chronic Degenerative Diseases - a Role for Antioxidants is written for health professionals by researchers at diverse educative institutions (Mexico, Brazil, USA, Spain, Australia, and Slovenia). ## **Zollinger's Atlas of Surgical Operations, 10th edition**

The authors trace the emergence of Ataturk and Reza Shah through the constitutional revolutions in Iran and the Ottoman Empire, which led to the introduction of European social models, the establishment of dictatorship and of secularist reforms. This produced in both Turkey and Iran highly authoritarian, nationalist, and quasi-westernised states, where the personality cult of the leader defined the politics of each country."

### **Handbook on the Economics of Leisure**

Everything about this trip to Grandma's house was different: First, because of the fire, Mrs. Treski, Evan, and Jessie had driven up to Grandma's two days after Christmas instead of the day before, missing Christmas with Grandma entirely. Second, the fire had left a hole in the back kitchen wall big enough to drive a car through! And with Grandma in the hospital and not in her house, everything felt off. Third, someone had climbed the long, slow slope of Lovell Hill to the top and had stolen the old iron bell hanging on its heavy wooden crossbeam. Who on earth would steal the New Year's Bell? And how could Grandma, Mrs.Treski, Evan, Jessie, and their neighbors ring in the New Year without it? Like a modern-day Beverly

## **Fodor's Prague**

This interdisciplinary Handbook combines both mainstream and heterodox economics to assess the nature, scope and importance of leisure activities. Surprisingly, the field of leisure economics is not, thus far, a particularly integrated or coherent one. In this Handbook a wide ranging body of international scholars get to grips with the core issues, taking in the traditional income/leisure choice model of textbook microeconomics and Becker's allocation of time model along the way. They expertly apply economics to some usually neglected topics, such as boredom and sleeping, work-life balance, dating, tourism, health and fitness, sport, video games, social networking, music festivals and sex. Contributions from further afield by Veblen, Sctivosky and Bourdieu also feature prominently. Applying a mix of both theoretical and empirical data,

undergraduate students in modules on sport/leisure economics as well as sport/leisure management will find this important resource invaluable.

Preserving New York is the largely unknown inspiring story of the origins of New York City's nationally acclaimed landmarks law. The decades of struggle behind the law, its intellectual origins, the men and women who fought for it, the forces that shaped it, and the buildings lost and saved on the way to its ultimate passage, span from 1913 to 1965. Intended for the interested public as well as students of New York City history, architecture, and preservation itself, over 100 illustrations help reveal a history richer and more complex than the accepted myth that the landmarks law sprang from the wreckage of the great Pennsylvania Station. Images include those by noted historic photographers as well as those from newspaper accounts of the time. Forgotten civic leaders such as Albert S. Bard and lost buildings including the Brokaw Mansions, are unveiled in an extensively researched narrative bringing this essential episode in New York's history to future generations tasked with protecting the city's landmarks. For the first time, the story of how New York won the right to protect its treasured buildings, neighborhoods and special places is brought together to enjoy, inform, and inspire all who love New York.

FAST FEMINISM is a new-old feminism grounded in politics, performance and philosophy. It is in close proximity to postfeminisms of the poststructuralist variety--third-wave feminism, queer feminism, cyberfeminism and feminism 3.0. While FAST FEMINISM operates in proximity to other feminisms, its 'natural' home is in queer theory. Queer gets its meaning and its politics from its oppositional relationship to hegemonic norms. To queer something is to disrupt it, to put it under scrutiny and to attempt to change it. FAST FEMINISM takes the hypermasculine speed of Paul Virilio and makes it

feminist. FAST FEMINISM is the bastard offspring and the happy accident of speed theory. FAST FEMINISM is a philo-porno-political practice--a pragmatic philosophy and politics--enacted by the pornographic sage who moves through the text as "FF." Fast feminist event sites include female ejaculation, drag-kinging, an infamous child-pornography trial, Bataillean fucking at a women's bathhouse, posthuman-humachine seduction and sex organ tissue-engineering. FF is a post-gender provocateur, not so much a gender terrorist as a gender risk-taker going the distance with her body. FF's philosophy is lived. Actions count. One resists with one's body.

### **Private Equity Firms**

A revolutionary process based on the four chambers of the heart and rooted in Toltec wisdom that brings emotional clarity, healing, and freedom The Warrior Heart Practice is a powerful new method to reconnect with our sense of authenticity and inner-knowing and realign with our true nature. Author of the bestselling book Warrior Goddess Training, HeatherAsh Amara has trained extensively in the Toltec tradition under the tutelage of don Miguel Ruiz, author of The Four Agreements. The Warrior Heart Practice is a revolutionary system based on the four chambered structure of the human heart. Walking through each of the four chambers—Feeling, Story, Truth, and Intent—readers learn to take stock of their current emotional and mental state and reframe their situation in a new healing light. The process begins in the Feeling chamber as readers accept the emotions they are currently experiencing without fighting or judging them. It then continues into the next chamber as readers witness the Story that they are telling themselves. In the Truth chamber, they learn to thoughtfully and objectively evaluate the reality of the situation. In the final chamber, they learn to define and focus their Intent. The last phase of the practice is the most profound—taking the knowledge they have gathered from the four chambers, readers then walk backwards through each of the four chambers, refocusing their Intent, Truth, Story, and Feelings based on what they've learned during the process. The Warrior Heart Practice leads to deep insights as readers learn to step outside of their preconceptions to realign with their true purposes and goals.

## **The Sacred Search Study Resource**

This book proposes a revisionist approach to democratic politics. Yaron Ezrahi focuses on the creative unconscious collective imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order. Exposure to electronic mass media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative political imaginaries of freedom and justice.

Wen, Stella, Charlie, Olivia, and Mo take us back to that fateful detention where a dentist's jingle, a teacher's coughing fit, and a beat-up ukelele gave birth to Rhode Island's most influential band.
