Sharī'a and the Islamic State in 19th-Century Sudan

What does it mean to call a place home? Who is allowed to become a member of a community? When can we say that we truly belong? These are some of the questions of place and belonging that renowned cultural critic bell hooks examines in her new book, *Belonging: A Culture of Place*. Traversing past and present, *Belonging* charts a cyclical journey in which hooks moves from place to place, from country to city and back again, only to end where she began--her old Kentucky home. hooks has written provocatively about race, gender, and class; and in this book she turns her attention to focus on issues of land and land ownership. Reflecting on the fact that 90% of all black people lived in the agrarian South before mass migration to northern cities in the early 1900s, she writes about black farmers, about black folks who have been committed both in the past and in the present to local food production, to being organic, and to finding solace in nature. Naturally, it would be impossible to contemplate these issues without thinking about the politics of race and class. Reflecting on the racism that continues to find expression in the world of real estate, she writes about segregation in housing and economic racialized zoning. In these critical essays, hooks finds surprising connections that link of the environment and sustainability to the politics of race and class that reach far beyond Kentucky. With characteristic insight and honesty, *Belonging* offers a remarkable vision of a world where all people--wherever they may call home--can live fully and well, where everyone can belong.

From Communion to Cannibalism

In *Teaching Critical Thinking*, renowned cultural critic and progressive educator bell hooks addresses some of the most compelling issues facing teachers in and out of the classroom today. In a series of short, accessible, and enlightening essays, hooks explores the confounding and sometimes controversial topics that teachers and students have urged her to address since the publication of the previous best-selling volumes in her Teaching series, *Teaching to Transgress* and *Teaching Community*. The issues are varied and broad, from whether meaningful teaching can take place in a large classroom setting to confronting issues of self-esteem. One professor, for example, asked how black female professors can maintain positive authority in a classroom without being seen through the lens of negative racist, sexist stereotypes. One teacher asked how to handle tears in the classroom, while another wanted to know how to use humor as a tool for learning. Addressing questions of race, gender, and class in this work, hooks discusses the complex balance that allows us to teach, value, and learn from works written by racist and sexist authors. Highlighting the importance of reading, she insists on the primacy of free speech, a democratic education of literacy. Throughout these essays, she celebrates the transformative power of critical thinking. This is provocative, powerful, and joyful intellectual work. It is a must read for anyone who is at all interested in education today.

A Room of One's Own

The culmination of a lifetime's scholarly work, this pioneering study by Sister Prudence Allen traces the concept of woman in relation to man in Western thought from ancient times to the present. In her third and final volume Allen covers the years 1500–2015, continuing her chronological approach to individual authors and also offering systematic arguments to defend certain philosophical positions over against others. Building on her work from Volumes I and II, Allen draws on four "communities of discourse"—Academic, Humanist, Religious, and Satirical—as she traces several recurring strands of sex and gender identity from the Renaissance to the present. Now complete, Allen's magisterial study is a valuable resource for scholars and students in the fields of women's studies, philosophy, history, theology, literary studies, and political science.

Woman in the Nineteenth Century

In this book, Jennifer Garrison examines literary representations of the central symbol of later medieval religious culture: the Eucharist. In contrast to scholarship that depicts mainstream believers as enthusiastically and simplistically embracing the Eucharist, *Challenging Communion: The Eucharist and Middle English Literature* identifies a pervasive Middle English literary tradition that rejects simplistic notions of eucharistic promise. Through new readings of texts such as *Piers Plowman*, *A Revelation of Love*, *The Book of Margery Kempe*, and John Lydgate's religious poetry, Garrison shows how writers of Middle English often take advantage of the ways in which eucharistic theology itself contests the boundaries between the material and the spiritual, and how these writers challenge the eucharistic ideal of union between Christ and the community of believers. By troubling the definitions of literal and figurative, Middle English writers respond to and reformulate eucharistic theology in politically challenging and poetically complex ways. Garrison argues that Middle English texts often reject simple eucharistic promises in order to offer what they regard as a better version of the Eucharist, one that is intellectually and spiritually demanding and that invites readers to transform themselves and their communities.

Here she continues her love song to the nation in the groundbreaking and soul-stirring *Salvation: Black People and Love*. it. Salvation is work that helps us heal -- and shows us how to create beloved American communities.

Communion

Renowned visionary and theorist bell hooks began her exploration of the meaning of love in American culture with the critically acclaimed All About Love: New Visions. She continued her national dialogue with the bestselling Salvation: Black People and Love. Now hooks culminates her triumphant trilogy of love with Communion: The Female Search for Love. Intimate, revealing, provocative, Communion challenges every female to courageously claim the search for love as the heroic journey we must all choose to be truly free. In her trademark commanding and lucid language, hooks explores the ways ideas about women and love were changed by feminist movement, by women's full participation in the workforce, and by the culture of self-help. Communion is the heart-to-heart talk every woman -- mother, daughter, friend, and lover -- needs to have.

The Single Woman: Life, Love, and a Dash of Sass

The Roman Catholic leadership still refuses to ordain women officially or even to recognize that women are capable of ordination. But is the widely held assumption that women have always been excluded from such roles historically accurate? How might the current debate change if our view of the history of women's ordination were to change? In *The Hidden History of Women's Ordination*, Gary Macy argues that for the first twelve hundred years of Christianity, women were in fact ordained into various roles in the church. He uncovers references to the ordination of women in papal, episcopal and theological documents of the time, and the rites for these ordinations have survived. The insistence among scholars that women were not ordained, Macy shows, is based on a later definition of ordination, one that would have been unknown in the early Middle Ages.

The Seville Communion

This pioneering study by Sister Prudence Allen traces the concept of woman in relation to man in more than seventy philosophers from ancient and medieval traditions. The fruit of ten years' work, this study uncovers four general categories of questions asked by philosophers for two thousand years. These are the categories of opposites, of generation, of wisdom, and of virtue. Sister Prudence Allen traces several recurring strands of sexual and gender identity within this period. Ultimately, she shows the paradoxical influence of Aristotle on the question of woman and on a philosophical understanding of sexual complementarity. Supplemented throughout with helpful charts, diagrams, and illustrations, this volume will be an important resource for scholars and students in the fields of women's studies, philosophy, history, theology, literary studies, and political science.

Emily Scott never planned on becoming a pastor. But when she started a church for misfits that met over dinner in Brooklyn, she discovered an unlikely calling--and an antidote to modern loneliness. "I absolutely devoured this exquisitely written memoir."--Nadia Bolz-Weber, New York Times bestselling author of *Shameless* As founding pastor of St. Lydia's in Brooklyn, New York, where worship takes place over a meal, Emily M. D. Scott spent eight years ministering to a scrappy collective of people with different backgrounds, incomes, and levels of social skills. Each week they broke bread, sang hymns, made halting conversation with strangers, then did the dishes. But in a city where everyone lives on top of one another yet everyone is lonely, these gatherings filled a longing that most people--even Scott--didn't realize they felt. With tenderness and humor, Scott weaves stories and reflections from the life of her unlikely congregation. Recalling her journey as a single woman and a pastor looking for love and friendship in a city of millions, she discovers how small acts of connection hold more power than we realize in a time

when our differences are being weaponized, and creates activism and justice work fueled by empathy and relationship. For All Who Hunger articulates the value of church as a place where people can hear not only that they are loved but that they are good. When members of Scott's congregation build relationships with their neighbors in one of the world's most unequal cities, they find courage and resources to begin working for a more just world. For All Who Hunger is a story about a God whose love has no limits and a faith that opens our eyes to the truth. There's a place for you at the table.

Killing Rage

THE ACCLAIMED FIRST VOLUME IN HER "LOVE SONG TO THE NATION" "The word 'love' is most often defined as a noun, yet . . . we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in All About Love. Here, at her most provocative and intensely personal, the renowned scholar, cultural critic, and feminist skewers our view of love as romance. In its place she offers a proactive new ethic for a people and a society bereft with lovelessness. As Bell Hooks uses her incisive mind and razor-sharp pen to explore the question "What is love?" her answers strike at both the mind and heart. In thirteen concise chapters, hooks examines her own search for emotional connection and society's failure to provide a model for learning to love. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." All About Love is a powerful affirmation of just how profoundly she can.

Belonging

Recovering from Biblical Manhood and Womanhood

In Sisters of the Yam, bell hooks reflects on the ways in which the emotional health of black women has been and continues to be impacted by sexism and racism. Desiring to create a context where black females could both work on their individual efforts for self-actualization while remaining connected to a larger world of collective struggle, hooks articulates the link between self-recovery and political resistance. Both an expression of the joy of self-healing and the need to be ever vigilant in the struggle for equality, Sisters of the Yam continues to speak to the experience of black womanhood.

Sisters of the Yam

Focusing on such metaphors as communion and cannibalism in a wide range of

Western literary works, Maggie Kilgour examines the opposition between outside and inside and the strategies of incorporation by which it is transcended. This opposition is basic to literature in that it underlies other polarities such as those between form and content, the literal and metaphorical, source and model. Kilgour demonstrates the usefulness of incorporation as a subsuming metaphor that describes the construction and then the dissolution of opposites or separate identities in a text: the distinction between outside and inside, essentially that of eater and eaten, is both absolute and unreciprocal and yet fades in the process of ingestion--as suggested in the saying "you are what you eat.". Kilgour explores here a fable of identity central to Western thought that represents duality as the result of a fall from a primal symbiotic unity to which men have longed to return. However, while incorporation can be desired as the end of alienation, it can also be feared as a form of regression through which individual identity is lost. Beginning with the works of Homer, Ovid, Augustine, and Dante, Kilgour traces the ambivalent attitude toward incorporation throughout Western literature. She examines the Eucharist as a model for internalization in Renaissance texts, addresses the incorporation of past material in the nineteenth century, and concludes with a discussion of the role of incorporation in cultural theory today. The Esther Anointing

The story of an unexpected and terribly inconvenient Christian conversion, told by a very unlikely convert, *Take This Bread* tells the story of a restaurant cook and writer who wandered into a church and found herself transformed, setting up a food pantry around the same altar where she first received the body of Christ.

We Real Cool

This book reveals exciting early Christian evidence that Mary was remembered as a powerful role model for women leaders - women apostles, baptizers, and presiders at the ritual meal. Early Christian art portrays Mary and other women clergy serving as deacon, presbyter/priest, and bishop. In addition, the two oldest surviving artifacts to depict people at an altar table inside a real church depict women and men in a gender-parallel liturgy inside two of the most important churches in Christendom - Old Saint Peter's Basilica in Rome and the second Hagia Sophia in Constantinople. Dr. Kateusz's research brings to light centuries of censorship, both ancient and modern, and debunks the modern imagination that from the beginning only men were apostles and clergy.

Mystic Sweet Communion

Drawing on interviews and an array of scholarly work, Beth Daniell maps out the relations of literacy and spirituality in *A Communion of Friendship: Literacy, Spiritual Practice, and Women in Recovery*. Daniell tells the story of a group of women in “Mountain City” who use reading and writing in their search for spiritual growth. Diverse in socioeconomic status, the Mountain City women are, or have been, married to alcoholics. In Al-Anon, they use literacy to practice the Twelve Steps of Alcoholics Anonymous in order to find spiritual solutions to their problems. In addition, Daniell demonstrates that in the lives of these women, reading, writing, and speaking are intertwined, embedded in one another in rich and complex ways. For the women, private literate practice is of the utmost importance because it aids the development and empowerment of the self. These women engage in literate practices in order to grow spiritually and emotionally, to live more self-aware lives, to attain personal power, to find or make meaning for themselves, and to create community. By looking at the changes in the women’s reading, Daniell shows that Al-Anon doctrine, particularly its oral instruction, serves as an interpretive tool. This discussion points out the subtle but profound transformations in these women’s lives in order to call for an inclusive notion of politics. Foregrounding the women’s voices, *A Communion of Friendship* addresses a number of issues important in composition studies and reading instruction. This study examines the meaning of literacy within one specific community, with implications both for pedagogy and for empirical research in composition inside and outside the academy.

The Communion of Women

In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of ‘Women and Fiction’; she spoke about her conviction that ‘a woman must have money and a room of her own if she is to write fiction’. The following year, the two speeches were published as *A Room of One’s Own*, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance – women and learning, writing and poverty – which helped to establish much of feminist thought on the importance of education and money for women’s independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence – a call which sent ripples well into the next century. ‘Brilliant interweaving of personal experience, imaginative musing and political clarity’ — Kate Mosse, *The Guardian* ‘Probably the most influential piece of non-fictional writing by a woman in this century.’ — Hermione Lee, *The Financial Times*

Teaching Critical Thinking

While evangelicalism dukes it out about who can be church leaders, the rest of the 98% of us need to be well equipped to see where we fit in God's household and why that matters. Recovering from Biblical Manhood and Womanhood is a resource to help church leaders improve the culture of their church and disciple men and women in their flock to read, understand, and apply Scripture to our lives in the church. Until both men and women grow in their understanding of their relationship to Scripture, there will continue to be tension between the sexes in the church. Church leaders need to be engaged in thoughtful critique of the biblical manhood and womanhood movement and the effects it has on their congregation. Do men and women benefit equally from God's word? Are they equally responsible in sharpening one another in the faith and passing it down to the next generation? While radical feminists claim that the Bible is a hopelessly patriarchal construction by powerful men that oppresses women, evangelical churches simply reinforce this teaching when we constantly separate men and women, customizing women's resources and studies according to a culturally based understanding of roles. Do we need men's Bibles and women's Bibles, or can the one, holy Bible guide us all? Is the Bible, God's word, so male-centered and authored that women need to create their own resources to relate to it? No! And in it, we also learn from women. Women play an active role as witnesses to the faith, passing it on to the new generations. This book explores the feminine voice in Scripture as synergistic with the dominant male voice. Through the women, we often get the story behind the story--take Ruth for example, or the birth of Christ through the perspective of Mary

and Elizabeth in Luke. Aimee fortifies churches in a biblical understanding of brotherhood and sisterhood in God's household and the necessity of learning from one another in studying God's word. The troubling teaching under the rubric of "biblical manhood and womanhood" has thrived with the help of popular Biblicist interpretive methods. And Biblicist interpretive methods ironically flourish in our individualistic culture that works against the "traditional values" of family and community that the biblical manhood and womanhood movement is trying to uphold. This book helps to correct Biblicist trends in the church today, affirming that we do not read God's word alone, we read it within our interpretive covenant communities--our churches. Our relationship with God's word affects our relationship with God's people, and vice versa. The church is the school of Christ, commissioned to discipleship. The responsibility of every believer, men and women together, is being active and equal participants in and witnesses to the faith--the traditions of faith.
