Just Mercy

For as long as ten-year-old Moon can remember, he has lived out in the forest in a shelter with his father. They keep to themselves, their only contact with other human beings an occasional trip to the nearest general store. When Moon's father dies, Moon follows his father's last instructions: to travel to Alaska to find others like themselves. But Moon is soon caught and entangled in a world he doesn't know or understand; he's become property of the government he has been avoiding all his life. As the spirited and resourceful Moon encounters constables, jails, institutions, lawyers, true friends, and true enemies, he adapts his wilderness survival skills and learns to survive in the outside world, and even, perhaps, make his home there. This title has Common Core connections. Alabama Moon is a 2007 Bank Street - Best Children's Book of the Year.

The inspiring story of one of the greatest moments in civil rights history seen through the eyes of four young people at the center of the action. The 1963 Birmingham Children's March was a turning point in American history. In the streets of Birmingham, Alabama, the fight for civil rights lay in the hands of children like Audrey Hendricks, Wash Booker, James Stewart, and Arnetta Streeter. *We've Got a Job* tells the little-known story of the 4,000 black elementary, middle, and high school students who voluntarily went to jail between May 2 and May 11, 1963. The children succeeded—where adults had failed—in desegregating one of the most racially violent cities in America. By combining in-depth, one-on-one interviews and extensive research, author Cynthia

Bryan Stevenson was a young lawyer when he founded the Equal Justice Initiative, a legal practice dedicated to defending those most desperate and in need: the poor, the wrongly condemned, and women and children trapped in the farthest reaches of our criminal justice system. One of his first cases was that of Walter McMillian, a young man who was sentenced to die for a notorious murder he insisted he didn’t commit. The case drew Bryan into a tangle of conspiracy, political machination, and legal brinksmanship—and transformed his understanding of mercy and justice forever. *Just Mercy* is at once an unforgettable account of an idealistic, gifted young lawyer’s coming of age, a moving window into the

Perspective is a powerful thing. Andy Andrews has spent the past five years doing a double take at every white-haired old man he sees, hoping to have just one more conversation with the person to whom he owes his life. Through a chance encounter at a local bookstore, Andy is reunited with the man who changed everything for him - Jones, also known as "The Noticer." As the story unfolds, Jones uses his unique talent of noticing little things that make a big difference. And these "little things" grant the people of Fairhope, Alabama, a life-changing gift - perspective. Along the way, families will be united, financial opportunities will be created, and readers will be left with powerfully simple solutions to the everyday problems we all face. Through the lens of a parenting class at the Grand Hotel in Point Clear, Alabama, Jones guides a seemingly random group to ask specific questions inspired by his curious advice that "You can't believe everything you think." Those questions lead to answers for which people have been searching for centuries: How do we begin to change

the culture in which we live? What is the key to creating a life of success and value? What if what we think is the end is only the beginning?
