Timeless: A Paranormal Personal History

Giorgio Manganelli (1922-1990), one of Italy's most radical and original writers, went further than most in exploring the creative possibilities of hybrid genres and open forms. Ostentation, theatricality, and a love of drapery and verbal excess are defining features of his body of work, which ranges from prose fiction, literary criticism, and drama to travel writing, treatises, commentaries, and imaginary interviews. This study examines the wealth of Manganelli's imagination - his grotesque animals, speaking corpses, and melancholy spectres - and argues that his spectacular eloquence was shaped by an exceptional awareness of literary and philosophical models. Following Manganelli's lead, the author addresses issues such as the boundaries of meaningful language, the relationship between literary and visual texts, fantasy and realism, and the power of literature to express the apprehensions and intimations of human consciousness.

Pocketax (2006)

"Adam Rapp's brilliant and haunting story will break your heart. But then his words will mend it. . . . Absolutely unforgettable." - Michael Cart
On the run in a stolen car with a kidnapped baby in tow, Custis, Curl, and Boobie are three young people with deeply troubled pasts and bleak futures. As they struggle to find a new life for themselves, it becomes painfully clear that none of them will ever be able to leave the past behind. Yet for one, redemption is waiting in the unlikeliest of places. With the raw language of the street and lyrical, stream-of-consciousness prose, Adam Rapp hurtles the reader into a world of lost children, a world that is not for the faint of heart. Gripping, disturbing, and starkly illuminating, his hypnotic narration captures the voices of two damaged souls - a third speaks only through drawings - to tell a story of alienation, deprivation, and ultimately, the saving power of compassion.

The Aruba Filesthe Redemption of Gary V. Giordano

The bestselling author of *Slammerkin* vividly brings to life the Beau Monde of late eighteenth-century England, turning the private drama of three celebrated Londoners into a robust, full-bodied portrait of a world on the brink of revolution. In a time of looming war, of glittering spectacle and financial disasters, the wealthy liberals of the Whig Party work to topple a tyrannical prime minister and a lunatic king. Marriages and friendships stretch or break; political liaisons prove as dangerous as erotic ones; and everyone wears a mask. Will Eliza Farren, England's leading comedic actress, gain entry to that elite circle that calls itself the World? Can Lord Derby, the inventor of the horse race that bears his name, endure public mockery of his long, unconsummated courtship of the actress? Will Anne Damer, a sculptor and rumored Sapphist, be the cause of Eliza's fall from grace? This is a remarkable novel in the tradition of the very best historical fiction.

Masterpiece of Joy

While on vacation in August 2011, Robyn Gardner and Gary Giordano were enjoying a beautiful Caribbean day together on Baby Beach located on the south end of Aruba when tragedy struck as both entered the water and only one returned. A few days later, headlines from around the world reported on Gary Giordano's arrest for murder, manslaughter, kidnapping and insurance fraud. He soon found himself in the center of a worldwide witch-hunt fueled by tabloid news, outrageous headlines, fame seekers, judicial corruption, revenge and betrayal. Unrealistic comparisons of Natalee Holloway and Joran van der Sloot became the foundation of the media circus. Murder for money became the punch line. Robyn Gardner was a beautiful woman who was just beginning to realize her full potential and Gary Giordano a successful businessman and world traveler. While still grieving for the loss of his good friend and lover, Gary, caged like an animal in solitary confinement, mentally and physically tortured and repeatedly interrogated for hours, days and months in the infamous Aruba KIA prison, never gave up hope. Back home in the United States, the media firestorm raged on as the FBI entered the frenzy in a highly televised search and seizure of Gary's Maryland home and a Grand Jury was convened to address allegations of insurance fraud. Gary Giordano was released from KIA prison on November 28, 2011, after four months of torture in KIA prison. No evidence of a crime ever existed and Gary was never charged with a crime. Now, in *The Aruba Files*, Gary Giordano breaks his silence to reveal for the very first time what really happened in Aruba and how and why the world

media demonized him. In unprecedented fashion, Gary shares scores of confidential FBI reports and FBI e-mail correspondence usually sealed for decades, as well as Aruba interrogation reports and confidential recorded phone transcripts. He describes in detail the torture he endured and exposes who got away with lying to the FBI and Aruba government which resulted in prolonging his torture and ultimate destruction of his business, name and forever altering his and his three son's future. He describes in detail the media's continued manipulation of the truth following his release and the untold story of the Baby Beach cover-up and further unnecessary loss of life. As in Aruba, Gary remains a target for local law enforcement and continues to be harassed by those trying to make a name for themselves. Gary never gave up hope and remains stronger than ever. He hopes his story will empower others to persevere in the face of overwhelming adversity and expose judicial corruption and media malice. Gary Giordano received no money or financial gains associated with Robyn's death and lost millions due to the real perpetrators revealed in this book. Gary is a staunch advocate of the wrongfully accused, continues to fight for the truth, and is dedicated to exposing judicial abuse of power in the United States and abroad. This book is dedicated to the memory and life of Robyn Gardner.
