Read James Wesley, Rawles's posts on the Penguin Blog In the vein of Sam Sheridan's The Disaster Diaries, a comprehensive guide to preparing for the apocalypse! With the recent economic crisis, formerly unimaginable scenarios have become terrifyingly real possibilities- learn how to prepare for the worst Global financial collapse, a terrorist attack, a natural catastrophe-all it takes is one event to disrupt our way of life. We could find ourselves facing myriad serious problems from massive unemployment to a food shortage to an infrastructure failure that cuts off our power or water supply. If something terrible happens, we won't be able to rely on the government or our communities. We'll have to take care of ourselves. In How to Survive the End of the World as We Know It, James Rawles, founder of SurvivalBlog.com, clearly explains everything you need to know to protect yourself and your family in the event of a disaster-from radical currency devaluation to a nuclear threat to a hurricane. Rawles shares essential tactics and techniques for surviving completely on your own, including how much food is enough, how to filter rainwater, how to protect your money, which seeds to buy for your garden, why goats are a smart choice for livestock, and how to secure your home. It's the ultimate guide to total preparedness and self-reliance in a time of need.

This textbook guides the reader towards various aspects of growth and international trade in a Diamond-type overlapping generations framework. Using the same model type throughout the book, timely topics such as growth with bubbles, debt reduction in rich countries and policies to mitigate climate change are explored. The first part starts from the “old” growth theory and bridges to the “new” growth theory (including R&D and human capital approaches). The second part presents an intertemporal equilibrium theory of inter and intra-sectoral trade and concludes by analyzing the debt mechanics inducing the huge imbalances among eurozone countries. The book is primarily addressed to graduate students wishing to proceed to the analytically more demanding journal literature.

“Rania Abouzeid has produced a work of stunning reportage from the very heart of the conflict, daring to go to the most dangerous places in order to get the story.” —Dexter Filkins, Pulitzer Prize-winning author of *The Forever War* Award-winning journalist Rania Abouzeid dissects the tangle of ideologies and allegiances that make up the Syrian conflict through the dramatic stories of four young people seeking safety and freedom in a shattered country. Hailed by critics, *No Turning Back* masterfully “[weaves] together the lives of protestors, victims, and remorseless killers at the center of this century’s most appalling human tragedy” (Robert F. Worth). Based on more than five years of fearless, clandestine reporting, *No Turning Back* brings readers deep inside Bashar al-Assad’s prisons, to covert meetings where foreign states and organizations manipulated the rebels, and to the highest levels of Islamic militancy and the formation of the Islamic State. An utterly engrossing human drama full of vivid, indelible characters, *No Turning Back* shows how hope can flourish even amid one of the twenty-first century’s greatest humanitarian disasters. Winner of the Overseas Press Club of America's Cornelius Ryan Award for the best non-fiction book on international affairs and a finalist for the Lionel Gelber Prize.
