Jalil Muntaqim is a former member of the Black Panther Party and the Black Liberation Army. For over forty years, Jalil has been a political prisoner, and one of the New York Three (NY3), in retaliation for his political activism. Escaping the Prism Fade to Black is a collection of Jalil's poetry and essays, written from behind the bars of Attica prison. Combining the personal and the political, these texts afford readers with a rare opportunity to get to know a man who has spent most of his life-over forty years-behind bars for his involvement in the Black Liberation Movement of the 1960s and early 1970s. Jalil's poetry deals with a range of themes-spirituality, history, and the struggle for justice; depression, humor, and sexual desire; the pain and loneliness of imprisonment, the ongoing racist oppression of New Afrikan people in the United States,

and the need to find meaning in one's life. At the same time, his political essays show him to be as eager as ever to intervene in and grapple with the events of today, always with an eye to concretely improving the lives of the oppressed. Escaping the Prism Fade to Black also includes an extensive examination of the U.S. government's war against the Black Liberation Army in general, and Jalil and the New York Three in particular, by renowned scholar-activist Ward Churchill. In this highly detailed essay, "The Other Kind: On the Integrity, Consistency, and Humanity of Jalil Abdul Muntaqim," Churchill traces this story from the FBI's murderous COINTELPRO repression of the Black Panther Party, through the NEWKILL operation which led to the NY3's incarceration, to the more recent Phoenix Taskforce which orchestrated the re-prosecution of Jalil and other veteran Black activists, in the case of the San Francisco 8. With illustrations by revolutionary prisoner-artists Zolo Agona Azania and Kevin "Rashid" Johnson, as well as various outside artist-activists.

How do the rich get rich? An updated edition of the “remarkable” New York Times bestseller, based on two decades of research (The Washington Post). Most of the truly wealthy in the United States don’t live in Beverly Hills or on Park Avenue. They live next door. America’s wealthy seldom get that way through an inheritance or an advanced degree. They bargain-shop for used cars, raise children who don’t realize how rich their families are, and reject a lifestyle of flashy exhibitionism and competitive spending. In fact, the glamorous people many of us think of as “rich” are actually a tiny minority of America’s truly wealthy citizens—and behave quite differently than the majority. At the time of its first publication, *The Millionaire Next Door* was a groundbreaking examination of America’s rich—exposing for the first time the seven common qualities that appear over and over among this exclusive demographic. This edition includes a new foreword by Dr. Thomas J. Stanley—updating the original content in the context of the financial crash and the twenty-first century. “Their surprising results reveal fundamental qualities of this group that are diametrically opposed to today’s earn-and-consume culture.”

Most people have prayed for something or someone in earnest, seeking God's will, only to be left confused by God's response. Sometimes we ask, "Why would a good God allow bad things to happen to good people?" In *Amazed and Confused*, Heather Zempel tackles this question head-on by exploring the book of Habakkuk. When the prophet Habakkuk prayed that God would bring change to the backsliding nation of Israel, this issue came to the forefront. Habakkuk begged God for revival and that He would turn the hearts of faithless people back to Him. God's answer to Habakkuk was, "Take a look at the nations and watch what happens! You will be shocked and amazed" (1:5, *The Voice*). The vision God gave Habakkuk was one of warfare and exile. How do you respond when God answers your prayers in a way that seems out of line with his character and promises? *Amazed and Confused* proceeds systematically through the book of Habakkuk, exploring the prophet's prayer, God's response, and the prophet's journey from confusion to worship. This interactive Bible study is the perfect choice for those who are hurting and confused about God's responses to their prayers. Features include: Helpful guidance on a question without an easy answer Practical tools for studying the Minor Prophets Easy-to-understand, accessible language

Drawing from his extensive business management experience, Pradip Chand turns traditional wisdom on its head when he proposes that Brand Loyalty is inversely proportional to the income and education levels of the 'knowledge consumer'. He examines how and why brands become strategic assets, traces the evolution of the knowledge consumer and what can companies do to protect equity of the brands they have nurtured over the decades. A new approach to building a Brand Loyalty that gives marketers a competitive edge in today's high-tech, high-stake brand-hostile environment. The book combines the knowledge with engaging real life case studies and proven examples.
