Taking a decision about your future is not very simple, it requires intensive research and some strong decision making skills. Am I choosing the right course, will I get a job after I graduate, should I do what I love doing, will I be able to manage my budgets? These questions are always relevant to students who are planning to pursue their higher education and easyuni's guidebook is an attempt to answer a few of these questions. This guidebook is another step forward to improve the entire experience of university selection and application. The guidebook is an attempt to answer questions of millions of

students who are eligible for enrollment in higher education institutes in 2013-2014. The guidebook consists of 80 pages of educational content, including articles on studying abroad, choosing and applying for universities, what to study, and scholarships & loans among others. The articles also focus heavily on the seven most popular subjects, namely Engineering, Medicine, Information Technology, Science, Arts and Creative Design, and Business and Accounting.

The German education and training system has been the subject of considerable attention from other nations, and has often been used as a model. David Phillips' book brings together articles from some of the best known names in the field including Mitter, Glowka, Hearnden, Fuhr, Robinsohn and Prais and wagner. The book is organised into four sections. Section one examines the historical inheritance of the present education system. Section two covers standards and assessments and section three discusses vocational education and training, and area of the German education system which has received much admiration. Finally, and crucially, section four addresses questions about the future of the current system in a unified Germany.
