## **Syntagma Musicum II**

In the 1970s, in the small rural community of Jerusalem, New York, high school senior Jenny Thompson dreams of escaping to college and pursuing a career as an artist. The feminist wave has not reached Jerusalem, however. All Jenny's bitter, overbearing mother wants is for her to marry well. She ignores the poor but gentle Mennonite neighbor Jake's affections with whom she has forged a close heart-to-heart friendship and marries the richest and most popular boy in town. When her marriage ends in divorce, she goes to New York with her toddler son where she discovers new artistic talents and a growing sense of empowerment. At the peak of her success a turn of events reconnects her with Jake, now a high-powered attorney. Together they return to Jerusalem where a second chance in a changing world awaits them. Told with keen insight into character and an eye for nature's beauty, Surasky deftly illuminates the challenges of women seeking liberation in the 1970s. Back to Jerusalem is a poignant homecoming readers are sure to celebrate.

### **An Incurable Romantic**

The competitive landscape in Asia is undergoing a sea change. Companies are finally breaking the bonds imposed by the 1997 financial crisis. The engine of growth is shifting from exports to Asian market demand. China's rapid development is redrawing the Asian playing field. National fiefdoms are succumbing to cross-border competition. Together, these forces are signaling the emergence of a fundamentally new competitive game-and there will be no going back.

International business expert Peter J. Williamson argues that competing in this rapidly evolving arena will require a very different kind of company. In this book, he identifies the key challenges that will distinguish the winners in tomorrow's Asia and explores the fundamental changes-in business models, mind-sets, organizational structures, and management processes-that will be required to meet those challenges. Asian companies will need to leverage the strengths of their local heritage into the future by building distinctive, new strategies around them. Western multinationals will need to fundamentally reassess the approaches that have won them a share of Asia's rapid growth over the last two decades. Laying out strategies for creating a new and distinctive breed of Asian corporation, *Winning in Asia* provides a blueprint for reshaping the future of Asian competition.

## **Global Shift**

De Organographia was first published in 1618 and has long been an essential tool for musicologists. Over the last dozen years, with the revival of interest in Renaissance and early baroque music, it has begun to enjoy wider appeal as growing numbers of instrument makers and players base their own work on the documentation in this book. This edition fulfills the need in the current early music revival for a new translation of this important work. The editor's commentaries will guide the reader through some of the more technical passages.

## **Back to Jerusalem**

Lee Gutkind's memoir of motorcycling, and an ode to the solitude, independence, and exhilaration of the open road. Few things loom as large in our imaginations as the idea of a cross-country trip, exposed to the elements and open to whatever challenges lie around the bend. In the early 1970s, looking to experience and explain the allure of the road trip, Lee Gutkind embarked on a long motorcycle road trip, documenting the misadventures and magic that he found along the way. He writes of the men whose journeys continue to resonate, from Lawrence of Arabia to the Hell's Angels. He explores the appeal of the motorcycle—his vehicle of choice—and its historically loaded place in the American imagination.

And he revels in the country's diverse and striking landscapes, as seen while moving through woods, plains, mountains, and deserts. An inspiring and evocative tribute to the power of the journey, *Bike Fever* is a classic rendering of the unique freedom wrought by a motorcycle and a long highway.

#### **A Defining Moment**

Of all the woman warriors in myth and legend, few are more storied than Boudicca, the fierce, redheaded queen who, in the first century A.C.E. led the most celebrated Celtic rebellion in history. But here, for the first time, Jan Surasky imagines Boudicca's enthralling story of bravery and triumph from the Celtic point of view. In her extensively researched, vividly told novel, Boudicca bursts to life as never before in all her bold passion, brazen courage and heroic glory. After a

carefree childhood, Boudicca is wed in a politically matched marriage to a much older king. Then, her world turns dark. Romans invade, breaking a pact that would have saved her tribe from doom, wreaking havoc, taking slaves, publicly humiliating Boudicca, and assaulting her two young daughters. Betrayed and outraged, she leads thousands of warriors into an epic battle to avenge her daughters and rid her beloved island of Roman tyranny. Grand in scope and intimate in detail, *Rage Against the Dying Light* resonates with the queen's indomitable spirit. Thanks to Jan Surasky's beautifully written novel, Boudicca takes her place alongside no lesser woman warrior than Joan of Arc herself.
