Should I go to graduate school? How do I choose where to apply? Are my grades and accomplishments good enough to get in? Who should I ask to write recommendation letters for me, and how should I approach these people? How do I write my "personal statement?" When will I hear my fate, and how should I make my final decision? These are just a few of the many questions to which this well-researched, thorough, and extremely user-friendly book offers answers. Students who are contemplating graduate training in psychology, counseling, and related fields are often apprehensive and confused about applying to graduate school, but this book takes the guesswork and anxiety out of the process. The tone and features (such as the Q&A format, timeline for application-related tasks and activities, and special advice for special populations) that made the first edition so successful, eliciting hundreds of thank-you notes and e-mail messages to the author, are just as evident in this new edition. The book has been thoroughly updated to include coverage of new topics such as use of the internet and e-mail, as well as changing trends in the professions. The most obvious difference is that the book is now significantly shorter as a result of meticulous rewriting, making it even easier to use. There have been attempts since the publication of the first edition to copy the format of this book, but none of the others have successfully duplicated the depth of research-based advice and the supportive style that make this book the guide of choice for thousands of graduate-school bound students and their advisors.

The ideal graduation gift for anyone about to enter the workforce, a witty, practical guide to 200 difficult professional conversations—featuring all-new advice from the creator of the popular website Ask a Manager and New York's work-advice columnist. There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Advance praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Clear and concise in its advice and expansive in its scope, Ask a Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)."—Sarah Knight, New York Times bestselling author of The Life-Changing Magic of Not Giving a F*ck
