Adults

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

Macrowikinomics

Welcome to the world of the naked corporation. Transparency is revolutionizing every aspect of our economy and its industries and forcing firms to rethink their fundamental values. We are in an extraordinary age where businesses must make themselves clearly visible to shareholders, customers, employees, partners, and society. Financial data, employee grievances, internal memos, environmental disasters, product weaknesses, international protests, scandals and policies, good news and bad; all can be seen by anyone who knows where to look. Don Tapscott, bestselling author and one of the most sought after strategists and speakers in the business world, is famous for seeing into the future and

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

pointing out both its forest and its trees. David Ticoll, visionary researcher, columnist, and consultant, has identified countless breakthrough trends at the intersection of technology and business strategy. These two longtime collaborators now offer a brilliant guide to the new age of openness. In *The Naked Corporation*, they explain how the new transparency has caused a power shift toward customers, employees, shareholders, and other stakeholders; how and where information has exploded; and how corporations across many industries have seized on transparency not as a challenge but as an opportunity. Drawing on such examples as Shell Oil's reinvention of itself as an environmentally focused business, to Johnson & Johnson's longstanding and carefully nurtured reputation as a company worthy of trust—as well as little-known examples from pharmaceuticals, insurance, high technology, and financial services—Tapscott and Ticoll offer invaluable advice on how to lead the new age, rather than simply react to it. *The Naked Corporation* is a book for managers, employees, investors, customers, and anyone who cares about the future of the corporation and society.

Dark Emu

Ready Player One

Is your business ready to win in the digital future—or destined to be disrupted? Ambitious digital-driven startups are now creating and cornering new markets

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

in every sector. And yet, most legacy businesses continue to operate by old playbooks. Most are not keeping pace with the changes in their industry, let alone leading the way—what is yours doing? The Digital Matrix will help you understand the three types of players that are shaping the new business landscape; the three phases of transformation that every firm will encounter on its journey to business reinvention; and the three winning moves that will ensure your company's success along the way. With The Digital Matrix, you will: Learn to navigate the world of digital ecosystems. Discover ways of competing and collaborating with other companies to create and capture value. Realize how powerful machines can amplify your company's human talent. Learn to assemble the team to experiment with new ideas, re-examine your core beliefs, and reinvent your business rulebook for the digital future. The future of every industry is digital, and that future is closer than you think. Do you understand where your business fits into the bigger picture? Are you ready to maximize your opportunities? Packed with current case studies and practical experience-based advice, The Digital Matrix shows you how to rethink your business model from the outside in, assemble the right team for the journey ahead, and make bold strategic choices along the three phases of digital transformation. Your company's future depends on its ability to harness digital technology. Don't wait!

The Immoral Majority

What is the coronavirus, and why is everyone talking

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

about it? Engagingly illustrated by Axel Scheffler, this approachable and timely book helps answer these questions and many more, providing children aged 5-10 and their parents with clear and accessible explanations about the coronavirus and its effects - both from a health perspective and the impact it has on a family's day-to-day life. With input from expert consultant Professor Graham Medley of the London School of Hygiene & Tropical Medicine, as well as advice from teachers and child psychologists, this is a practical and informative resource to help explain the changes we are currently all experiencing. The book is free to read and download, but Nosy Crow would like to encourage readers, should they feel in a position to, to make a donation to:

Blockchain Revolution

Blockchain technology is powering our future. As the technology behind cryptocurrencies like bitcoin, open software platforms like Ethereum, and disruptive companies like Ripple, it's too important to ignore. In this revelatory book, Don Tapscott, the bestselling author of *Wikinomics*, and his son, blockchain expert Alex Tapscott, bring us a brilliantly researched, highly readable, and essential book about the technology driving the future of the economy. Blockchain is the ingeniously simple, revolutionary protocol that allows transactions to be simultaneously anonymous and secure by maintaining a tamperproof public ledger of value. Though it's best known as the technology that drives bitcoin and other digital currencies, it also has

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

the potential to go far beyond currency, to record virtually everything of value to humankind, from birth and death certificates to insurance claims, land titles, and even votes. Blockchain is also essential to understand if you're an artist who wants to make a living off your art, a consumer who wants to know where that hamburger meat really came from, an immigrant who's tired of paying big fees to send money home to your loved ones, or an entrepreneur looking for a new platform to build a business. And those examples are barely the tip of the iceberg. As with major paradigm shifts that preceded it, blockchain technology will create winners and losers. This book shines a light on where it can lead us in the next decade and beyond.

Who Knows

Now a National Bestseller! Evangelicals are losing the culture war. What if it's their fault? In 2016, writer and filmmaker Ben Howe found himself disillusioned with the religious movement he'd always called home. In the pursuit of electoral victory, many American evangelicals embraced moral relativism and toxic partisanship. Whatever happened to the Moral Majority, who headed to Washington in the '80s to plant the flag of Christian values? Where were the Christian leaders that emerged from that movement and led the charge against Bill Clinton for his deception and unfaithfulness? Was all that a sham? Or have they just lost sight of why they wanted to win in the first place? From the 1980s scandals till today, evangelicals have often been caricatured as a

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

congregation of judgmental and prudish rubes taken in by thundering pastors consumed with greed and lust for power. Did the critics have a point? In *The Immoral Majority*, Howe—still a believer and still deeply conservative—analyzes and debunks the intellectual dishonesty and manipulative rhetoric which evangelical leaders use to convince Christians to toe the Republican Party line. He walks us through the history of the Christian Right, as well as the events of the last three decades which led to the current state of the conservative movement at large. As long as evangelicals prioritize power over persuasion, Howe argues, their pews will be empty and their national influence will dwindle. If evangelicals hope to avoid cultural irrelevance going forward, it will mean valuing the eternal over the ephemeral, humility over ego, and resisting the seduction of political power, no matter the cost. *The Immoral Majority* demonstrates how the Religious Right is choosing the profits of this world at the cost of its soul—and why it's not too late to change course.

The Growing Up Book for Boys

Whether you have a teen who is struggling with exam pressure, a young adult who hasn't settled into university life or you are curious about what lies ahead for your younger child, *How to Grow a Grown Up* will help you to build your child's confidence and resilience - so they can become a strong, happy and independent adult. We're fast approaching the 3rd decade of the 21st century and it's a very different world from the one in which parents (and teachers)

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

grew up in. Challenging issues have come together – including cyber bullying, ‘always-on’ culture and ever increasing pressure to do well – to create a perfect storm. The result is that teenagers and young adults are now less prepared for a more challenging world – and if they don’t develop the skills they need to help them thrive they can become easy prey to mental health problems. In this book Dr Dominique Thompson, the UK’s leading GP on student mental health and educational expert Fabienne Vailes, reveal what exactly parents need to do to help teenagers and young adults in this new world – and how to manage problems along the way. It includes: *An overview of the pressures and problems facing this generation of young people - why are they increasingly stressed, anxious or suffering from mental health issues *What exactly parents can do to help their teens and young adults become healthily independent, navigate challenges and flourish in preparation for adult life *How pastoral care at universities and workplaces is changing, and what a parent’s role could and should be *Ways to recognise the signs of mental health distress and what to do about it, particularly dealing with problems from a distance

How to Grow a Grown Up

Can blockchain solve your biggest business problem? While the world is transfixed by bitcoin mania, your competitors are tuning out the noise and making strategic bets on blockchain. Your rivals are effortlessly tracking every last link in their supply

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

chains. They're making bureaucratic paper trails obsolete while keeping their customers' data safer and discovering new ways to use this next foundational technology to sustain their competitive advantage. What should you be doing with blockchain now to ensure that your business is poised for success? "Blockchain: The Insights You Need from Harvard Business Review" brings you today's most essential thinking on blockchain, explains how to get the right initiatives started at your company, and prepares you to seize the opportunity of the coming blockchain wave. Business is changing. Will you adapt or be left behind? Get up to speed and deepen your understanding of the topics that are shaping your company's future with the Insights You Need from Harvard Business Review series. Featuring HBR's smartest thinking on fast-moving issues--blockchain, cybersecurity, AI, and more--each book provides the foundational introduction and practical case studies your organization needs to compete today and collects the best research, interviews, and analysis to get it ready for tomorrow. You can't afford to ignore how these issues will transform the landscape of business and society. The Insights You Need series will help you grasp these critical ideas--and prepare you and your company for the future.

Growing Up Digital

The first generation that has grown up in a digital world is now in our university classrooms. They, their teachers and their parents have been fundamentally affected by the digitization of text, images, sound,

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

objects and signals. They interact socially, play games, shop, read, write, work, listen to music, collaborate, produce and co-produce, search and browse very differently than in the pre-digital age. Adopting emerging technologies easily, spending a large proportion of time online and multitasking are signs of the increasingly digital nature of our everyday lives. Yet consumer research is just beginning to emerge on how this affects basic human and consumer behaviours such as attention, learning, communications, relationships, entertainment and knowledge. The Routledge Companion to Digital Consumption offers an introduction to the perspectives needed to rethink consumer behaviour in a digital age that we are coming to take for granted and which therefore often escapes careful research and reflective critical appraisal.

Growing Up for Beginners

Thanks to Facebook and Instagram, our younger selves have been captured and preserved online. But what happens, Kate Eichhorn asks, when we can't leave our most embarrassing moments behind? Rather than a childhood cut short by a loss of innocence, the real crisis of the digital age may be the specter of a childhood that can never be forgotten.

Grown Up Digital

Looks at how the Internet is affecting businesses, education, and government, touching on the twelve themes of the new economy and privacy issues

Children of the Self-Absorbed

'A beautiful book, so compassionate and ultimately very hopeful. I enjoyed it hugely.' Marian Keyes 'A clever, bittersweet, uplifting novel' Sophie Kinsella 'Writing with proper heart' Rachel Joyce It's not easy being a grown-up, but at 47, Eleanor hoped she'd be better at it by now When Eleanor waves her daughter off for a gap-year trip, she finds herself stuck as a satellite wife, spinning in faithful orbit around her domineering husband, with only her clever but judgmental father Conrad for comfort. Andrew isn't mastering the art of growing up either. But when he finds his belongings dumped in bin bags on the drive, even he can see that his girlfriend is hinting he should move out. With no other options, he moves back in with his parents. Backing onto their garden lives artist Cecilia, living in chaotic clutter and dreaming of her ex-lovers, still acting like a stropky teenager at the age of 66. Four lives are drawn together by long-buried secrets of the past, and it is time for them all to grow up before it's too late. Praise for Claire Calman: 'A poignant and beautifully articulated tale of love and loss, memory and forgetting, grief and guilt, new love and letting go. I was engrossed, often tearful, and finally, uplifted.' Isobel Wolff 'Simply wonderful. I was totally enchanted, devoured it in a day, and have been raving about it ever since.' Fiona Walker

Grown Up Digital: How the Net Generation is Changing Your World

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

Growing Up with Technology explores the role of technology in the everyday lives of three- and four-year-old children, presenting the implications for the children's continuing learning and development. Children are growing up in a world where the internet, mobile phones and other forms of digital interaction are features of daily life. The authors have carefully observed children's experiences at home and analysed the perspectives of parents, practitioners and the children themselves. This has enabled them to provide a nuanced account of the different ways in which technology can support or inhibit learning. Drawing on evidence from their research, the authors bring a fresh approach to these debates, based on establishing relationships with children, families and educators to get insights into practices, values and attitudes. A number of key questions are considered, including: Which technologies do young children encounter at home and preschool? What kind of learning takes place in these encounters? How can parents and practitioners support this learning? Are some children disadvantaged when it comes to learning with technology? Growing Up with Technology is strongly grounded in a series of research projects, providing new ways of thinking about how children's learning with technology can be supported. It will be of great interest to undergraduate and postgraduate students on a range of courses including childhood studies, and those with a particular interest in the use of technology in education. Parents, practitioners and researchers will also find this a fascinating and informative read.

The Naked Corporation

The Only Innovation Guide You Will Ever Need--from the Award-Winning Minds at Mayo Clinic A lot of businesspeople talk about innovation, but few companies have achieved the level of truly transformative innovation as brilliantly--or as famously--as the legendary Mayo Clinic. Introducing Think Big, Start Small, Move Fast, the first innovation guide based on the proven, decade-long program that's made Mayo Clinic one of the most respected and successful organizations in the world. This essential must-have guide shows you how to: Inspire and ignite trailblazing innovation in your workplace Design a new business model that's creative, collaborative, and sustainable Apply the traditional scientific method to the latest innovations in "design thinking" Build a customized toolkit of the best practices, project portfolios, and strategies Increase your innovation capacity--and watch how quickly you succeed These field-tested techniques grew out of the health care industry but are designed to work with any complex organization. Written by three Mayo Clinic Center for Innovation insiders--Dr. Nicholas LaRusso, Barbara Spurrier, and Dr. Gianrico Farrugia--the book offers a wealth of transformative ideas and strategies. The concise, easy-to-implement methods can help jump-start your employees' creative potential, involve them in the collaborative process, and pave the way to the future of sustainable innovation. You get step-by-step advice on building leadership teams, accelerator platforms for speeding up results, and fascinating case studies

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

of innovation in action from the files of the Mayo Clinic Center for Innovation. In today's fast-moving world, it's innovation that drives success. This book gives you the keys. ADVANCE PRAISE FOR THINK BIG, START SMALL, MOVE FAST: "Truly great organizations do not just achieve great results; they are also relentless in the pursuit of continual improvement. This book offers both methods and motivation to leaders in any industry who understand that the pursuit of excellence is never-ending." -- Donald Berwick, M.D., MPP, President Emeritus and Senior Fellow, Institute for Healthcare Improvement "Do you want your organization to deliver a shockingly better customer experience? Here is Mayo's method that transformed the patient experience by making innovation systemic, the human side of innovation." -- Scott Cook, Cofounder and Chairman of the Executive Committee, Intuit "A powerful set of actionable, yet importantly nonprescriptive, principles for transformative change that will inspire and challenge all of us to reenvision a system that delivers health, not just care, for all our patients." -- Rebecca Onie, Cofounder and CEO, Health Leads "This book should serve both as a how-to guide for medical professionals and an inspiration for other innovators all over the country." -- T. R. Reid, reporter and author of The Healing of America "Powerful insight on how to deliver meaningful innovations time and again." -- Frans van Houten, CEO, Royal Philips "Leaders who seek to accelerate new innovation competencies can benefit from this hands-on guide." -- Sarah Miller Caldicott, great grandniece of Thomas Edison, and CEO, Power Patterns of Innovation "Read this book. . . . Copy its practices. It will save you years of misery

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

and missteps as you build your own innovation revolution." -- Larry Keeley, Cofounder, Doblin Inc., and Director, Deloitte Consulting LLP

The Glass Castle

"Originally published in the anthology Rogues [as 'What do you do?'] by Bantam Books in 2014"--Title page verso.

The Routledge Companion to Digital Consumption

As seen in Time, USA TODAY, The Atlantic, The Wall Street Journal, and on CBS This Morning, BBC, PBS, CNN, and NPR, iGen is crucial reading to understand how the children, teens, and young adults born in the mid-1990s and later are vastly different from their Millennial predecessors, and from any other generation. With generational divides wider than ever, parents, educators, and employers have an urgent need to understand today's rising generation of teens and young adults. Born in the mid-1990s up to the mid-2000s, iGen is the first generation to spend their entire adolescence in the age of the smartphone. With social media and texting replacing other activities, iGen spends less time with their friends in person—perhaps contributing to their unprecedented levels of anxiety, depression, and loneliness. But technology is not the only thing that makes iGen distinct from every generation before them; they are also different in how they spend their time, how they behave, and in their attitudes toward

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

religion, sexuality, and politics. They socialize in completely new ways, reject once sacred social taboos, and want different things from their lives and careers. More than previous generations, they are obsessed with safety, focused on tolerance, and have no patience for inequality. With the first members of iGen just graduating from college, we all need to understand them: friends and family need to look out for them; businesses must figure out how to recruit them and sell to them; colleges and universities must know how to educate and guide them. And members of iGen also need to understand themselves as they communicate with their elders and explain their views to their older peers. Because where iGen goes, so goes our nation—and the world.

The Digital Economy

The Growing Up Book for Boys explains the facts behind the growth spurts, body changes and mood swings of adolescence for boys aged 9-14 on the autism spectrum. The pre-teen and teenage years are a confusing time when bodies start acting with a will of their own, friendships change and crushes start to develop. Using direct literal language and cool colour illustrations, this book tells boys all they need to know about growing hair in new places, shaving, wet dreams and unexpected erections. It's full of great advice on what makes a real friend, how to keep spots away, and how to stay safe online. Most importantly, it explains that every body is amazing and unique and encourages young boys with autism to celebrate difference!

Summer Jackson: Grown Up

This e-book offers an insightful look into the way today's students think about and use technology in their academic and social lives. It will help institutional leaders help their students to become more successful and satisfied.

Houseplants and Hot Sauce

Diana West sees a US filled with middle-age guys playing air guitar and thinks "No wonder we can't stop Islamic terrorism." She sees Moms Who Mosh and wonders "Is there a single adult left anywhere?" But, the grown-ups are all gone. The disease that killed them was incubated in the sixties to a rock-and-roll score, took hold in the seventies with the help of multiculturalism and left us with a nation of eternal adolescents who can't decide between "good" and "bad", a generation who can't say "no". From the inability to nix a sixteen year-old's request for Marilyn Manson concert tickets to offering adolescents parentally-funded motel rooms on prom night to rationalizing murderous acts of Islamic suicide bombers with platitudes of cultural equivalence, West sees us on a slippery slope that's lead to a time when America has forgotten its place in the world. In *The Death of the Grown-Up* Diana West serves up a provocative critique of our dangerously indecisive world leavened with humor and shot through with insight.

Blockchain

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

New York Times bestseller • Finalist for the Pulitzer Prize “This is a book to shake up the world.” —Ann Patchett
Nicholas Carr’s bestseller *The Shallows* has become a foundational book in one of the most important debates of our time: As we enjoy the internet’s bounties, are we sacrificing our ability to read and think deeply? This 10th-anniversary edition includes a new afterword that brings the story up to date, with a deep examination of the cognitive and behavioral effects of smartphones and social media.

Grown Up Digital: How the Net Generation is Changing Your World

In their 2007 bestseller, *Wikinomics*, Don Tapscott and Anthony Williams taught the world how mass collaboration was changing the way businesses communicate, compete, and succeed in the new global marketplace. But much has changed in three years, and the principles of *wikinomics* are now more powerful than ever. In this new age of networked intelligence, businesses and communities are bypassing crumbling institutions. We are altering the way our financial institutions and governments operate; how we educate our children; and how the health-care, newspaper, and energy industries serve their customers. In every corner of the globe, businesses, organizations, and individuals alike are using mass collaboration to revolutionize not only the way we work, but how we live, learn, create, and care for each other. Once again backed by original research, Tapscott and Williams provide vivid new examples of organizations that are successfully

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

embracing the principles of wikinomics.

Born Digital

Rory McGovern is entering the ostensible prime of her life when her husband, Blake, loses his dream job and announces he feels like 'taking a break.' Rory was already spread thin and now she is single-parenting two kids. Her only hope is to accept a full-time position working for two full-time twenty-somethings.

The Shallows: What the Internet Is Doing to Our Brains

This book reveals how the digital world created a generation that thought, played, and related to their world in a way radically different from that of their parents. Tapscott investigates how this dynamic generation is redefining today's workplace, marketplace, schools, family, and governments by looking at how they learn and work, and what power and influence they hold.

The Digital Matrix

The first generation of 'Digital Natives'—children who were born into and raised in the digital world—are coming of age, and soon our world will be reshaped in their image. Our economy, our politics, our culture, and even the shape of our family life will be forever transformed. But who are these Digital Natives? And what is the world they're creating going to look like? In *Born Digital*, leading Internet and technology

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

experts John Palfrey and Urs Gasser offer a sociological portrait of these young people, who can seem, even to those merely a generation older, both extraordinarily sophisticated and strangely narrow. Exploring a broad range of issues, from the highly philosophical to the purely practical, *Born Digital* will be essential reading for parents, teachers, and the myriad of confused adults who want to understand the digital present—and shape the digital future.

The End of Forgetting

A National Bestseller “I read it twice, laughing, cringing, and even tearing up.” — Judy Blume, *New York Times* “Powerful . . . All Grown Up is so intimately [and] sharply observed.” — *Vogue* “Bravo to Attenberg, who, with hilarity and honesty, tells the story of an adult woman who wants what she wants, not what she’s supposed to want.” — *Marie Claire*

Who is Andrea Bern? When her dippy therapist asks the question, Andrea knows the right things to say: she’s a designer, a friend, a daughter, a sister. But it’s what she leaves unsaid—she’s alone, a drinker, a former artist, a shrieker in bed, captain of the sinking ship that is her flesh—that feels the most true. Everyone around her seems to have a different idea of what it means to be an adult, though. But when Andrea’s niece finally arrives, born with a heartbreaking ailment, the Bern family is forced to reexamine what really matters. Will this drive them together or tear them apart? Told in gut-wrenchingly honest, mordantly comic vignettes, *All Grown Up* is a breathtaking display of Jami Attenberg’s powers as a

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

storyteller and a whip-smart examination of one woman's life, lived entirely on her own terms.

Willy Wonka meets The Matrix.”—USA Today • “As one adventure leads expertly to the next, time simply evaporates.”—Entertainment Weekly A world at stake. A quest for the ultimate prize. Are you ready? In the year 2045, reality is an ugly place. The only time Wade Watts really feels alive is when he's jacked into the OASIS, a vast virtual world where most of humanity spends their days. When the eccentric creator of the OASIS dies, he leaves behind a series of fiendish puzzles, based on his obsession with the pop culture of decades past. Whoever is first to solve them will inherit his vast fortune—and control of the OASIS itself. Then Wade cracks the first clue. Suddenly he's beset by rivals who'll kill to take this prize. The race is on—and the only way to survive is to win. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Entertainment Weekly • San Francisco Chronicle • Village Voice • Chicago Sun-Times • iO9 • The AV Club “Delightful . . . the grown-up's Harry Potter.”—HuffPost “An addictive read . . . part intergalactic scavenger hunt, part romance, and all heart.”—CNN “A most excellent ride . . . Cline stuffs his novel with a cornucopia of pop culture, as if to

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

wink to the reader.”—Boston Globe “Ridiculously fun and large-hearted . . . Cline is that rare writer who can translate his own dorky enthusiasms into prose that’s both hilarious and compassionate.”—NPR “[A] fantastic page-turner . . . starts out like a simple bit of fun and winds up feeling like a rich and plausible picture of future friendships in a world not too distant from our own.”—iO9

Educating the Net Generation

Growing up on Facebook examines the role of Facebook, and other social media platforms that have emerged around Facebook, in mediating experiences of 'growing up' for young people.

Deconstructing Digital Natives

Describes the ways in which the children who are growing up and being educated in an environment heavily influenced by the Internet will set the political, economic, and cultural agenda as adults

All Grown Up

Discusses how an individual's medical records, credit reports, employment background, and consumer history can become easily accessible through computer technology, and suggests steps for protecting oneself against such practices

The Secret Art of Being a Grown-Up

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

There have been many attempts to define the generation of students who emerged with the Web and new digital technologies in the early 1990s. The term "digital native" refers to the generation born after 1980, which has grown up in a world where digital technologies and the internet are a normal part of everyday life. Young people belonging to this generation are therefore supposed to be "native" to the digital lifestyle, always connected to the internet and comfortable with a range of cutting-edge technologies. Deconstructing Digital Natives offers the most balanced, research-based view of this group to date. Existing studies of digital natives lack application to specific disciplines or conditions, ignoring the differences of educational fields and gender. How, and how much, are learners changing in the digital age? How can a more pluralistic understanding of these learners be developed? Contributors to this volume produce an international overview of developments in digital literacy among today's young learners, offering innovative ways to steer a productive path between traditional narratives that offer only complete acceptance or total dismissal of digital natives.

Grown-Up Pose

'Dark Emu injects a profound authenticity into the conversation about how we Australians understand our continent [It is] essential reading for anyone who wants to understand what Australia once was, or what it might yet be if we heed the lessons of long and sophisticated human occupation.' Judges for 2016

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

NSW Premier's Literary Awards Dark Emu puts forward an argument for a reconsideration of the hunter-gatherer tag for pre-colonial Aboriginal Australians. The evidence insists that Aboriginal people right across the continent were using domesticated plants, sowing, harvesting, irrigating, and storing — behaviours inconsistent with the hunter-gatherer tag. Gerritsen and Gammage in their latest books support this premise but Pascoe takes this further and challenges the hunter-gatherer tag as a convenient lie. Almost all the evidence in Dark Emu comes from the records and diaries of the Australian explorers, impeccable sources. Bruce's comments on his book compared to Gammage's: " My book is about food production, housing construction and clothing, whereas Gammage was interested in the appearance of the country at contact. [Gammage] doesn't contest hunter gatherer labels either, whereas that is at the centre of my argument."

Growing Up With Technology

This cheeky seek and find features illustrated scenes from the life of a modern gal—from brunch with friends to shopping for succulents—with clever and funny challenges on every page. How to Be a Grown-Up

SELECTED AS A 2008 BEST BUSINESS BOOK OF THE YEAR BY THE ECONOMIST The Net Generation Has Arrived. Are you ready for it? Chances are you know a person between the ages of 11 and 30. You've seen

Online Library Grown Up Digital How The Net Generation Is Changing Your World Don Tapscott

them doing five things at once: texting friends, downloading music, uploading videos, watching a movie on a two-inch screen, and doing who-knows-what on Facebook or MySpace. They're the first generation to have literally grown up digital--and they're part of a global cultural phenomenon that's here to stay. The bottom line is this: If you understand the Net Generation, you will understand the future. If you're a Baby Boomer or Gen-Xer: This is your field guide. A fascinating inside look at the Net Generation, Grown Up Digital is inspired by a \$4 million private research study. New York Times bestselling author Don Tapscott has surveyed more than 11,000 young people. Instead of a bunch of spoiled "screenagers" with short attention spans and zero social skills, he discovered a remarkably bright community which has developed revolutionary new ways of thinking, interacting, working, and socializing. Grown Up Digital reveals: How the brain of the Net Generation processes information Seven ways to attract and engage young talent in the workforce Seven guidelines for educators to tap the Net Gen potential Parenting 2.0: There's no place like the new home Citizen Net: How young people and the Internet are transforming democracy Today's young people are using technology in ways you could never imagine. Instead of passively watching television, the "Net Geners" are actively participating in the distribution of entertainment and information. For the first time in history, youth are the authorities on something really important. And they're changing every aspect of our society--from the workplace to the marketplace, from the classroom to the living room, from the voting booth to the Oval Office. The Digital Age is here. The

Net Generation has arrived. Meet the future.

The Grownup

Hello, grown-ups of all ages! Eclectic, bite-sized bursts of advice meet quirky illustrations in this playful guide to feeling like the grown-up we all wanted to be as a kid. From thoughts on the best way to open a champagne bottle to a short list of the kitchen tools you actually need, these tips and tricks reveal secrets that are attainable, not intimidating. Anyone can make a life upgrade using these insights alongside the traits they already have—their wits, creativity, and enthusiasm. This engaging guide is the perfect gift for recent grads, first-apartment dwellers, and anyone who's ready to grow up, one step at a time.

Alice's Adventures in Wonderland

Meet Summer Jackson. Summer is fairly certain she's ready to be a grown-up—right now. She wants to wear a blazer, read the morning paper, and boss around a few second graders. Grown-ups have it so easy! But wait, do grown-ups play on swings? Teresa E. Harris and AG Ford's hilarious story shows that being a kid might not be so bad after all.

Growing Up on Facebook

A delightfully modern look at what happens for a young woman when tradition, dating, and independence collide, from acclaimed author Sonya Lalli. Adulting shouldn't be this hard. Especially in

your thirties. Having been pressured by her tight-knit community to get married at a young age to her first serious boyfriend, Anu Desai is now on her own again and feels like she is starting from the beginning. But Anu doesn't have time to start over. Telling her parents that she was separating from her husband was the hardest thing she's ever done—and she's still dealing with the fallout. She has her young daughter to support and when she invests all of her savings into running her own yoga studio, the feelings of irresponsibility send Anu reeling. She'll be forced to look inside herself to learn what she truly wants.

Coronavirus: A Book for Children

Being a parent is usually all about giving of yourself to foster your child's growth and development. But what happens when this isn't the case? Some parents dismiss the needs of their children, asserting their own instead, demanding attention and reassurance from even very young children. This may especially be the case when a parent has narcissistic tendencies or narcissistic personality disorder. From the author of *Working with the Self-Absorbed* and *Loving the Self-Absorbed*, this major revision of a self-help classic offers a step-by-step approach to resolving conflict and building a meaningful relationship with a narcissistic parent. *Children of the Self-Absorbed* offers clear definitions of narcissism and narcissistic personality disorder to help you identify the extent of your parent's problem. You'll learn the different types of destructive narcissism and how to recognize their effects on relationships. With the aid of proven
