The Secret Of Cambraige Castle

The Duke's Arms is an undistinguished little inn in the tiny village of Hopewell-on-Lyft. But one Christmas season sees both inn and village seething with adventure, intrigue, rabbits, and, above all, love as four couples find Yuletide happiness. A Knight Before Christmas by Grace Burrowes With her year of mourning at an end, Penelope Carrington must remarry in haste, or her portion of her late husband's estate won't be enough to dower her younger sisters. Shy, handsome man of business Sir Leviticus Sparrow longs to give Penelope a marriage proposal for Christmas—and his heart—but Sir Levi must first foil the other bachelors scheming to meet Penelope under the mistletoe in his place. In The Duke's Arms by Carolyn Jewel What's a Duke to do when he's made an awful impression on the love of his life? The Duke of Oxthorpe lost his intensely guarded heart to Miss Edith Clay when Edith's rich cousin sought to attach the duke's marital interest. So smitten is Oxthorpe with the former poor relation that he's gone through intermediaries to sell Edith a property adjoining the ducal seat. Edith doesn't much care for the haughty duke, but as Christmas approaches, Oxthorpe reveals himself to be reserved rather than arrogant, considerate, and—blame the mistletoe!—an accomplished kisser. Will Edith hold Oxthorpe's earlier behavior against him, or will she learn that the best holiday gifts can be the most unexpected? Licensed to Wed by Miranda Neville If Lord Carbury could learn to take no for an answer, his marriage proposal might earn him a yes! Wyatt, Viscount Carbury is much too busy to court a bride, but when his childhood neighbor, Robina Weston, is left orphaned and penniless, Wyatt dutifully adds marrying Robina to his list of responsibilities. Wyatt is dismayed to learn that for Robina, poverty and pride are preferable to sharing life with an arrogant, infuriating man who always thinks he knows best. When Wyatt and Robina must endure Christmas in the country together, antipathy turns to interest, and then to unexpected attraction. Will they fight their feelings, or yield to the surprising gifts the holidays offer? The Spy Beneath the Mistletoe by Shana Galen Fledgling spy Pierce Moneyponce seeks a highwayman and the key to Eliza's heart. When weapons designer Eliza Qwillen

(Q) and clerk to the mysterious M, Pierce Moneyence, arrive in the English countryside, they're unprepared for the dangers that await. The operatives are intent upon capturing the highwayman styling himself as the New Sherriff of Nottingham. Secret rendezvous, mistaken identities, and cat-and-mouse games challenge these fledgling agents, but rediscovering their passion for each other is the most rewarding mission of all.

The Imperfect in the Disaster

Books Out Loud

This book tells the dramatic story of the recruitment and training of a group of German communist exiles by the London office of the Office of Strategic Services for key spy missions into Nazi Germany during the final months of World War II. The book chronicles their stand against the rise of Hitler in 1930s that caused them to flee Germany for Czechoslovakia and then England where they resettled and awaited an opportunity to get back into the war against the Nazis. That chance would arrive in late 1944 when the OSS recruited them for these important missions which became part of the historic German Penetration Campaign. Some of the German exiles carried out successful missions that provided key military intelligence to the Allied armies advancing into Germany while others suffered untimely deaths immediately upon the dispatch of their missions that still raise troubling issues. And based on declassified East German government files, this book also reveals that notwithstanding the US military alliance with the Soviet Union, a few of the German communist exiles betrayed the trust that the OSS had placed in them by working with a secret spy network in England that enabled its agents to receive top secret mission related information and OSS sources and methods. That spy network was run by the GRU, the Red Army military intelligence service. This is the same intelligence service that has just been cited by US law enforcement officers as having hacked into computers run by the Democratic National Committee and launched a social media campaign in order to influence the outcome of the 2016 U.S. presidential election. While the dual loyalties of the German exiles later became known to the United States military, such knowledge did not prevent it from posthumously awarding military decorations to the men who led these missions. Until that day, no German national had ever been presented with such medals for their service to the Allied armies in World War II.

Top of the News

The human rights of men and boys in the United Kingdom have been increasingly assaulted by the state's actions and inactions for over 30 years, as they have across much of the developed world. Justice for men & boys (and the women who love them) is the only political party in the English-speaking world campaigning for the human rights of men and boys, including the right of all children to enjoy good access to both parents following family breakdowns, and the restoration of fatherhood and strong families. The British state has become ever more hostile towards men and boys, although the state is largely funded by men, through income tax receipts. Men collectively pay 72%, and women 28%, of the income taxes collected by the state. In 2011/12 British men paid £68 billion - £68,000,000,000 - more income tax than women, yet the state disadvantages men and boys in many areas, usually to advantage women and girls. There are no areas in which the state disadvantages women and girls. A state which is hostile towards half its citizens also affects women who are mothers of boys, or who are men's partners, relatives, colleagues, friends or acquaintances. In the case of abortion, foetal alcohol syndrome, and fatherlessness, girls (including those yet unborn) are also assaulted by the actions and inactions of the state. The result is both inevitable and predictable - an ever more dysfunctional society, with increasing alienation of the sexes. In this manifesto we provide details of the state's disadvantaging of men and boys in 20 areas, and we make proposals in each of them. The areas are presented in a broadly chronological order: Abortion Foetal alcohol syndrome Genital mutilation Fatherlessness, restoring strong families Education Employment Access to children after family breakdowns Domestic violence Sexual abuse Armed Forces veterans' mental health issues Homelessness Suicide Criminal justice system Paternity fraud Anonymity for suspected sexual offenders Divorce Health Political representation State interference in company director appointments Expectation of retirement years The social engineering programmes which seek equality of gender outcomes are having an increasingly damaging impact on British society, and the Conservative-led coalition is no less keen on driving those programmes than the preceding Labour administrations. We have a vision of Britain as a nation that doesn't disadvantage half its citizens. A society in which men and women have equal opportunities but are able to make their own choices in life, without state intervention to advantage one sex over the other. It's said that under the 'first past the post' system, votes for parties other than the major parties are wasted, but voting is the only mechanism democracy affords citizens to seriously challenge politicians who embrace the all-pervading anti-male ideology which has dictated the state's policy directions for over 30 years. The major parties are institutionally committed to advantaging women and girls at the expense of men and boys, regardless of the consequences, as we recognized after engaging in parliamentary inquiries which demonstrated that the government simply doesn't respond to rational arguments against anti-male policy directions. The only choice for citizens concerned about the state's assaults on the human rights of

men and boys is to vote - and to vote for J4MB. In the short to medium term, our challenge is to improve public understanding about the state's assaults on the human rights of men and boys. We do that in various ways, including the use of social media. Our television and radio appearances may be found on our YouTube channel. Our longer term strategy, however, is to develop our party to the point that we can field many candidates in general elections, in marginal constituencies, where the major parties are vulnerable. They will then have no choice but to take heed of the voices we represent, engage with us, and seek to appease them by modifying their policies, and their direction of travel. At the 2015 general election we'll be fielding three candidates in adjacent constituencies near Nottingham where, in 2010, MPs were elected with very slim majorities: - I'll be standing in Ashfield, where Gloria De Piero retained the seat for Labour with 192 more votes than a Liberal Democrat candidate. She's the Shadow Minister for Women & Equalities. - Ian Young, formerly a victim of domestic violence, will be standing against a Conservative, Mark Spencer, in Sherwood. Ian lives in the constituency, in Hucknall. - Ray Barry, leader of the campaign group Real Fathers for Justice, will be standing against another Conservative, Anna Soubry, in Broxtowe. I should like to take this opportunity to thank all the men and women who have supported J4MB since its launch in February 2013, including those who have contributed to this manifesto. We've gone to considerable lengths to ensure that all the information we present is factually correct. If you should find any mistakes, or you believe any of the content to be misleading, please draw this to our attention. If you feel able to support J4MB in any way, please contact us. I invite you to make a donation, which will support our campaigning. Nobody associated with J4MB has ever drawn any personal income from donations, and we don't expect that to change in the foreseeable future, if ever. Thank you for your support, and for seeking justice for men and boys (and the women who love them).

Courage of the Heart

Idiot Genius: Willa Snap and the Clockwerk Boy is the first book in a new sci-fi polypunk series by Richard Due, author of the award-winning Moon Realm series. What's it about? Here's Willa (she's eleven): Ever wonder why some crazy scientist hasn't blown up the world? I used to wonder about it all the time. Actually, I was pretty sure my mom would be the one to do it. But now I know better. It turns out there's a force working hard to keep the world from going KABLOOEY. Who are these people? Wait for it: Idiots. Yep, you heard me right. How do I know? Well, apparently, I'm an Idiot. At least, according to the Geniuses I am. Confused? I'm not surprised. You're probably an Idiot too. It all began on a Thursday at precisely 8 a.m. I was standing in the family room of our lovely two-story house, directly across the street from Squirrel Brand Park in Cambridge, Massachusetts. The same family room that, in a few minutes, I would never ever, ever see again ever.

Courage of the Heart shows us that sometimes love is the only cure for the very deepest of emotional wounds. Adam Sherman has remained quiet about his scandalous past and is comfortable with his reputation as a womanizing and dedicated bachelor. He is an expert in the field of computers including programming, networking and hacking. At twenty-five years old, he is content with his management job at a local Internet Provider. Davie Prescott is twenty years old and a college student who is working part-time at the same Internet Provider where Adam is employed. She was raised in a very close knit family of aunts, uncles and cousins. She and her widowed father are very close. Adam is attracted to Davie, but he shies away from her innocence because he feels his shameful past is too harsh for her existence. Adam finally shares his darkest secret with Davie and is amazed to find that she doesn't turn away from him. When Adam's past catches up to him, he soon learns that there's a lot more at stake than just his nightmares. Adam is prepared to give Davie up if need be in order to protect her until he learns that she's got a secret of her own. With Davie's help, Adam learns a courage that is

born of love, courage of the heart. The story of the two lovers takes a series of unexpected and fast paced turns where lives, sanity and love are put in jeopardy. Their commitment to one another results in a spirit that binds them together and helps them to overcome physical and emotional dangers.

Chronicle of the Horse

Meet Jerry Parr. In 1981, he was the agent standing next to Ronald Reagan when John Hinckley, Jr., stepped out of the crowd, intent on killing the president. In the Secret Service is an adrenaline-filled ride through the life of the agent who saved Ronald Reagan's life. Jerry spent much of his life as a silent eyewitness to history, with a gun at his fingertips. What motivates a man who is ready at a moment's notice to step into the path of a bullet? In In the Secret Service, you'll also follow Jerry's inner journey. That journey led him from the halls of the powerful to the streets of the poor in Washington, D.C., to the mountain passes of war-torn El Salvador to help orphans. You won't want to miss this insider's perspective on the Secret Service and a look into the heart of a man who was—and is—ready to sacrifice himself for another. At times heart-pounding, at times heartrending, this richly textured memoir of a Secret Service Agent will first move you to the edge of your seat, then to the depths of your soul.

Detective Amanda Steele stops just inside the doorway, recognizing the victim's face instantly. He seems so vulnerable in death; soft, human, even harmless. But she can never forget the evil he has inflicted. Her heart is hammering as she remembers her precious daughter, with her red curls and infectious laugh, and how she was lowered into that little grave... It's been five years since Detective Amanda Steele's life was derailed in the path of an oncoming drunk driver. The small community of Dumfries, Virginia, may have moved on from the tragic deaths of her husband and daughter, but Amanda cannot. When the driver who killed her family is found murdered in a motel room, she can't keep away from the case. Fighting her sergeant to be allowed to work an investigation with such a personal connection to her, Amanda is in a race to prove that she can uncover the truth. But the more she digs into the past of the man who destroyed her future, the more shocking discoveries she makes. And when Amanda finds the link between a silver bracelet in his possession and the brutal unsolved murder of a young exotic dancer, she realizes she's caught up in something darker than she ever imagined and suspects that more girls could be in danger. But as Amanda edges toward the truth, she gets closer to a secret as personal as it is deadly. Amanda has stumbled upon a dangerous killer, and she must face some terrible truths in order to catch this killer - and save his next victim as she couldn't save her own daughter... A gripping, page-turning thriller full of mystery and suspense. Perfect for fans of Rachel Caine, Lisa Regan and Robert Dugoni. A new mind-bending novel from Canada's leading futurist On the eve of a secret military operation, an assassin's bullet strikes U.S. President Seth Jerrison. He is rushed to hospital, where surgeons struggle to save his life. At the same hospital, Canadian researcher Dr. Ranjip Singh is experimenting with a device that can erase traumatic memories. Then a terrorist bomb detonates. In the operating room, the president suffers cardiac arrest. He has a near-death experience-but the memories that flash through Jerrison's mind are not his memories. It quickly becomes clear that the electromagnetic pulse generated by the bomb amplified and scrambled Dr. Singh's equipment, allowing a random group of people to access one another's minds. And now one of those people has access to the president's memories-including classified information regarding an upcoming military mission, which, if revealed, could cost countless lives. But the task of determining who has switched memories with whom is a daunting one, particularly when some of the people involved have reasons to lie

2015 General Election Manifesto

A bitter dose of one's own medicine was never more callously concocted. The King's Heart is a tale of treachery and shifting alliances much like Ken Follett's Pillars of the Earth that only the Anarchic period of English history could produce. A steward's single act of vengeance delivers his domineering, cruel mistress into the ruthless hands of Worthington, an imperious, power-hungry young lord. Unwittingly, the servant's betrayal of his lady sets in motion a battle of wills, which forever entangles the fates of the noble Houses of Tuttleberry and Worthington. Given free rein by her husband, the selfish and spiteful Lady of Tuttleberry grows wild and unpredictable in her treatment of their people and knows no bit of restraint- for no one has ever dared to bridle her tongue or stay her hand. She rules through fear of the whip until she wakes one day with the tables turned. Suddenly, it is she who is at the mercy of a master, a harsh, unforgiving trainer who has it in mind to tame her, to bring her to his will- a will as stubborn as her own. However, what Charles does not intend is to grow fond of his

new pet, so he hides her away just as she is broken, finally yielding to him, a spirit wounded. It seems she has learned to obey her master too late. Fate intervenes once again, and it is in this solitude that Cornella is reborn a wiser, stronger version of her former self and with her, a secret emerges that will bind the two of them together for the rest of their lives. A story of remorse, gut-wrenching introspection, and poetic justice, the breathtaking twists and turns of The King's Heart will keep the reader guessing until the bitter end.
