New York Times Bestseller It promises to be a busy week for Hannah Swensen. Not only is she whipping up treats for the chamber of commerce booth at the Tri-County fair, she's also judging the baking contest; acting as a magician's assistant for her business partner's husband; trying to coax Moishe, her previously rapacious feline, to end his hunger strike, and performing her own private carnival act by juggling the demands of her mother and sisters. With so much on her plate, it's no wonder Hannah finds herself on the midway only moments before the fair closes for the night. After hearing a suspicious thump, she goes snooping—only to discover Willa Sunquist, a student teacher and fellow bake contest judge, dead alongside an upended key lime pie. But who would want to kill Willa and why? Now Hannah needs to crank up the heat, hoping that Willa's killer will get rattled and make a mistake. If that happens she intends to be there, even if it means getting on a carnival ride that could very well be her last. . . . Preventing Nuclear War: The Medical and Humanitarian Case for the Prohibition of Nuclear Weapons provides a window into the work of the International Physicians for the Prevention of Nuclear War (IPPNW) health professionals, advocates and activists as they persuaded diplomats,

parliamentarians, the media, and the public to ban nuclear weapons. Why are doctors speaking out about nuclear weapons and nuclear war, an issue that seems to be the exclusive province of diplomats, politicians, and security experts? This volume offers an answer in the unique perspective of health professionals on the nature of nuclear weapons, their medical and humanitarian consequences, and the responsibility to prevent what cannot be treated. On 7 July 2017, the UN successfully concluded negotiations on the Treaty on the Prohibition of Nuclear Weapons. The "ban treaty," emerged from a "humanitarian initiative" that shifted the focus away from deterrence-based rationales used by the nuclear-armed states and toward an evidence-based understanding of the existential threat nuclear weapons pose to humanity. Since 1980, IPPNW has been the leading medical organization primarily dedicated to the abolition of nuclear weapons. With its civil society partners in ICAN—the International Campaign to Abolish Nuclear Weapons—IPPNW brought the scientific evidence about nuclear weapons and nuclear war into the treaty negotiations and into the language of the TPNW itself. The contributors to this volume show the dedication and diverse strategies that have together made up a unified and very significant contribution to ridding the world of nuclear weapons. Reflecting honestly on what has been learnt and have the potential to contribute to wider learning outside the anti-nuclear community, *Preventing Nuclear War: The Medical and Humanitarian Case for the Prohibition of Nuclear Weapons* will be of great use to medical and health professionals, humanitarian professionals, and anyone wanting to work towards a more peaceful and

equitable world. The chapters originally published as a special issue of *Medicine, Conflict and Survival*.

Little Black Crow

In *A Hidden Wholeness*, Parker Palmer reveals the same compassionate intelligence and informed heart that shaped his best-selling books *Let Your Life Speak* and *The Courage to Teach*. Here he speaks to our yearning to live undivided lives—lives that are congruent with our inner truth—in a world filled with the forces of fragmentation. Mapping an inner journey that we take in solitude and in the company of others, Palmer describes a form of community that fits the limits of our active lives. Defining a “circle of trust” as “a space between us that honors the soul,” he shows how people in settings ranging from friendship to organizational life can support each other on the journey toward living “divided no more.” This paperback edition includes two new and useful features. *Circles of Trust* is a DVD containing interviews with Parker J. Palmer and footage from retreats he facilitated for the Center for Courage & Renewal (www.CourageRenewal.org). *Bringing the Book to Life*, by Caryl Hurtig Casbon and Sally Z.

Hare, is a reader's and leader's guide to exploring the themes in *A Hidden Wholeness*. The DVD illuminates and illustrates the principles and practices behind circles of trust. The guide includes questions that connect the DVD to the book, offering "a conversation with the author" as well as an engagement with the text. Together, these features give readers new ways to internalize the themes of *A Hidden Wholeness* and share with others this approach to sustaining identity and integrity in all the venues of our lives. Inspired by Palmer's writing and speaking—and challenged by the conditions of twenty-first century life—people across the country, from many walks of life, have been coming together in circles of trust to reclaim their integrity and help foster wholeness in their workplaces and their world. For over a decade, the principles and practices in this book have been proven on the ground—by parents and educators, clergy and politicians, community organizers and corporate executives, physicians and attorneys, and many others who seek to rejoin soul and role in their private and public lives. *A Hidden Wholeness* weaves together four themes that its author has pursued for forty years: the shape of an integral life, the meaning of community, teaching and learning for transformation, and nonviolent social change. The hundreds of thousands of people who know Parker Palmer's books will be glad to find the journey continued

Rewire

It is an age of hurry and worry. Fortunes are quickly made and freely spent. Nearly all busy, hard-worked Americans have an intuitive sense of the need that exists for at least one period of rest and relaxation during each year, and all—or nearly all—are willing to pay liberally, too liberally in fact, for anything that conduces to rest, recreation and sport. I am sorry to say that we mostly get swindled. To the man of millions it makes little difference. I do not write for him, and can do him little good. But there are hundreds of thousands of practical, useful men, many of them far from being rich; mechanics, artists, writers, merchants, clerks, business men—workers, so to speak—who sorely need and well deserve a season of rest and relaxation at least once a year. To these, and for these, I write. (George Washington Sears, Chapter I)
