Accounting, Chapters 14-26

Lo/Fisher is praised for its readability and conversational writing style that helps students better understand difficult concepts in Accounting. Lo/Fisher presents the how and why of reporting accounting information from within an easily-understood theoretical framework. Lo/Fisher has a clean layout that engages the reader with a clear writing style using plain English. This text is built on the current International Financial Reporting Standards (IFRS) and incorporates Accounting Standards for Private Enterprise (ASPE) where appropriate. Our philosophy is that when students understand the current standards, they will be able to analyze and interpret changes in the future. Intermediate Accounting: Reporting and Analysis

This book contains the solutions to the exercises in the Intermediate Financial Accounting Volume 1 textbook.

Company Accounting

Our top selling introductory accounting product Accounting Principles helps students succeed with its proven pedagogical framework, technical currency and an unparalleled robust suite of study and practice resources. It has been praised for its outstanding visual design, excellent writing style and clarity of presentation. The new eighth edition provides more opportunities to use technology and new features that empower students to apply what they have learned in the classroom to the world outside the classroom.

The British National Bibliography

Due to the emergence of IFRS as the required convention for reporting to stock exchanges in the European Union and other important markets, accountants must gain a strong understanding of these standards. Intermediate Accounting integrates this new information throughout the chapters so they'll learn how to apply the new global accounting standards. Global examples are presented to clearly show how the information is utilised in the field. The use of various currencies is also explored, which is critical for accountants to know in today's global businesses environment.

Intermediate Accounting

The approach used by Hoyle, Schaefer, and Douplik in the new edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 11e introduces them to the field's many aspects, it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the ten previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 11th edition includes an increase integration of IFRS as well as the updated accounting standards.

Intermediate Accounting, Volume 2

Company Accounting, 11th Edition (Leo et al.) has been updated to reflect the various and ongoing reforms as a result of

Australia's adoption of the International Financial Reporting Standards (IFRS). The text provides students with a comprehensive overview of the practice and principles of company accounting and helps them develop the practical grounding to reinforce their understanding. The 11th edition presents essential 'must know' information on accounting for a corporate entity and the requirements for externally disclosing the financial position of the entity.

Intermediate Accounting: Reporting and Analysis, 2017 Update

Now readers can get all the accuracy and authority of the best-selling intermediate accounting book in the new second edition of this brief, streamlined version! Fundamentals of Intermediate Accounting presents a balanced discussion of concepts and applications, explaining the rationale behind business transactions before addressing the accounting and reporting for those activities. Readers will gain a solid foundation in such areas as the standard-setting process, the three major financial statements, revenue recognition, income taxes, reporting disclosure issues, and much more.

changes in accounting reporting and standards and many proposed changes that may affect financial reporting in the future. Each chapter is followed by self-tests with solutions, study questions, and problems. A glossary of key terms is also provided.

Intermediate Accounting

Intermediate Accounting, 3e, by Spiceland/Sepe/Tomassini will gain support in traditional and technology-driven accounting departments, especially those looking for a more concise, decision-making text that reinforces challenging concepts via CD-ROM. The revision of this text is based around a "Learning System." The revision of this "Learning System" was built on improving the clarity of the chapters, emphasizing more decision-making in order to prepare students for the changes taking place on the CPA exam, acknowledging the diversity of students and their learning styles by creating supplemental materials to assure the success of every student, and creating a consistent text and supplemental package for both students and instructor's giving us the best possible intermediate text on the market. Returning to the Third edition is the award winning "Coach" CD-ROM. The Coach CD-ROM is a multimedia product integrating audio and video clips, animated illustrations, cases, and alternative reading material that helps students comprehend some of the more difficult topics associated with intermediate accounting. Designed specifically for the Spiceland text, instructors and students will find these learning tools placed strategically throughout the text. This is the most comprehensive Learning System in Intermediate Accounting. At only 1120 pages (300 pages less than the average intermediate accounting text), Spiceland/S/T has not sacrificed content for pages. Instead, the authors have created a very flexible text with a student friendly writing style that focuses on explaining not just how to apply a procedure, but why it's applied.
