Bestselling author Jane Feather brings to life the glamour, sophistication, and intrigue of Regency-era London in this captivating novel of unexpected passions and dangerous secrets. Pooling their meager resources, Lady Cornelia Dagenham, her sister-in-law Aurelia, and their friend Liv Lacey arrive in London's

Cavendish Square to spend a month at the home Liv has just inherited. But why anyone would show a fervent interest in purchasing the rundown property -- particularly the arrogant Viscount Bonham, who clearly could afford the finest of homes -- is a puzzle to Cornelia. His charms are undeniable, though -- and Cornelia finds her resistance to this mysterious stranger falling away as a sparking passion clouds her view. But their affair may place her and her friends in danger as Harry Bonham sweeps her into the sparkling whirl of high society. Leading a double life as a code breaker for the Crown, Harry is a man of many secrets. Is it Cornelia whom he truly desires, or something hidden in the house on Cavendish Square?

The Dolphin People is an entirely gripping adventure yarn in the grand tradition of Robinson Crusoe, The Swiss Family Robinson and Lord of the Flies. An unputdownable novel from Torsten Krol, master storyteller. In 1946 a young German widow and her two sons arrive in Venezuela to begin a new life. Helga will marry her brother-in-law, Klaus, a doctor, and her boys, Erich and Zeppi, will accept him as their stepfather. Together the family fly out to a distant jungle outpost where Klaus is to be the new medical officer, but en route their plane flies into a fierce tropical storm and crashes into a river in a remote region of Amazonas. They are rescued by the Yayomi, a tribe of stone-age Indians, who assume they are terrestrial incarnations of magical dolphins and accept the family into their tribe. They are not alone among the natives: Gerhard Wentzler is an anthropologist who has been studying the Yayomi for years, too long to be able to leave. At first all goes well, the boys in particular adapting readily to Yayomi ways, but slowly and painfully Erich begins to realize that Klaus may not be the noble figure he thought he was

The war that has riven Bosnia-Herzegovina is the most ferocious carnage to blight Europe since the fall of the Third Reich. It has shocked, challenged, but ultimately baffled the world. This account of the war

boils down the labyrinth of violence to a horribly simple story: the humiliation, decimation and betrayal of the Bosnian Muslims by two rival Balkan powers, and then by the international community.

The Lenz Papers

Twilight is the story of a fashionable lady who is banished from Versailles by the king. She tries to make the best of living on her country estate, but although she entertains lovers and friends from Paris, she comes to find it intolerable. Life at court, for all its essential emptiness, was the only thing that gave her existence meaning, and she moves inexorably towards suicide. In Moonbeam Alley, a traveller delayed in a French port explores the sailors' quarter. Enticed by a voice singing an aria, to a bar near the harbour, he learns the story of those who run it and frequent it: a tale of violence, unrequited passion, and a marriage that is no true marriage.

Blood in the Eyes-is a title that stops you in your tracks. It should, because this is Rifet Bahtijaragic's story of a man who survived the history of his native people and native land. Rifet's own people are Bosniak Muslims and Bosnian Christians. He was born into an ethnic/religious divide in a land which was called Yugoslavia for most of the 20th century. Before that well, before that it was The Balkans. Now Yugoslavia has again been balkanized. This vital corner of Europe has for centuries been a crosshatched misery of ethnic/religious divides that have been used by the Greater Powers of any particular time as pawns pitted against one another in bloody wars fomented by individuals who forever have blood in their eyes. In Blood in the Eyes, he traces the generational inability of the Balkan peoples

to escape the tyranny of internecine warfare. It is his very personal story, told in hope of an eventual end to all killing.-George PAYERLE, Canadian writer

The Art of Transitional Justice examines the relationship between transitional justice and the practices of art associated with it. Art, which includes theater, literature, photography, and film, has been integral to the understanding of the issues faced in situations of transitional justice as well as other issues arising out of conflict and mass atrocity. The chapters in this volume take up this understanding and its demands of transitional justice in situations in several countries: Afghanistan, Serbia, Srebrenica, Rwanda, Northern Ireland, Cambodia, as well as the experiences of resulting diasporic communities. In doing so, it brings to bear the insights from scholars, civil society groups, and art practitioners, as well as interdisciplinary collaborations.

Ludwig Wittgenstein is generally considered as the greatest philosopher since Immanuel Kant, and his

personal life, work, and his historical moment intertwined in a fascinating, complex web. Noted scholar Edward Kanterian explores these intersections in *Ludwig Wittgenstein*, the newest title in the acclaimed *Critical Lives* series. Wittgenstein's works—from *Tractatus Logico-Philosophicus* to the posthumously published *Philosophical Investigations*—are notoriously dense, and Kanterian carefully distills them here, proposing thought-provoking new interpretations. Yet the philosopher's passions were not solely confined to theoretical musings, and the book explores Wittgenstein's immersion in art and music and his social position as a member of the sophisticated Viennese upper class at the turn of the century. His personal and professional relationships also offer insights into his thoughts, as he was friends with the greatest thinkers of the twentieth century, including John Maynard Keynes, George Edward Moore, Bertrand Russell, and Gilbert Royle. The philosopher was also deeply tormented by ethical and religious questions, and his internal turmoil, Kanterian argues, gives us a deeper understanding of the important conflicts and tensions of his age. Ultimately, the author contends, Wittgenstein's life reveals insights into the ethical quandaries of our own time. A readable and concise account, *Ludwig Wittgenstein* is an informative, accessible introduction to the one of the greatest thinkers of our age.

I'm never coming back to my home town. A major Italian author's tale of growing up with Italy's most brutal criminal enterprise, the Camorra. This striking novella is based on first-hand research of the Camorra, an Italian organized crime network more powerful and violent than the Mafia. It's the brutal organization that was recently exposed by Roberto Saviano, both in his brilliant non-fiction account and the film adaptation. Saviano, as it turns out, first interviewed Camorra members while working as a research assistant to Nanni Balestrini, collecting the stories that would become Sandokan. Though fiction, Sandokan is horribly, devastatingly real. The narrator is a resigned victim of the Camorra. The Camorra members are his neighbors, and he presents an uncompromising description of a world under savage occupation, the true combination of backwardness, violence, and ambition that locks small-town southern Italy under the control of organized crime. It is one of the most meaningful and riveting books to have been produced by Italian literature of recent years, by one of Italy's most significant authors. The Contemporary Art of the Novella series is designed to highlight work by major authors from around the world. In most instances, as with Imre Kertész, it showcases work never before published; in others, books are reprised that should never have gone out of print. It is

intended that the series feature many well-known authors and some exciting new discoveries. And as with the original series, *The Art of the Novella*, each book is a beautifully packaged and inexpensive volume meant to celebrate the form and its practitioners.
