Julius Caesar (100-44 B.C.) is one of the most famous men in history, and his name was used to denote the status of emperor throughout European countries like Italy, Germany, and Russia nearly 2,000 years after his famous assassination. Before he won the civil war against Pompey the Great and ended the Roman Republic permanently, Caesar became a man of power and fame in modern day France,

leading armies in the Gallic campaign. Moreover, Caesar wrote extensively about the campaign, giving readers a fantastic primary account of the history of the times. It was after the Gallic campaign that Caesar would eventually lead his legions across the Rubicon and into Italy, starting the civil war that he would ultimately win.
