Uh-Oh Sick!

It's time for animals to take fate into their own paws! The Endangered is the first book in a thrilling new adventure series by world-renowned environmentalist and Emmy-nominated host of Xploration Awesome Planet Philippe Cousteau and award-winning TURBO Racers author Austin Aslan. Innocent animals are in trouble: temperatures are climbing, tides are rising, and nature is suffering. Someone needs to step in to rescue animals from extinction. Someone needs to turn this mess around, before it's too late. And that someone is . . . the Endangered, the unlikeliest heroes you'll ever meet—a superstrong polar bear, a pangolin with a genius for engineering, an extremely sarcastic narwhal, and an orangutan with a big dream. Together, these four daredevils are determined to save endangered species across the globe, no matter what the risk. Rappelling into an underground cavern to save the day? No problem. Looping video footage to sneak through buildings unnoticed? Got it covered. Opening a doorknob? Okay, pretty hard without thumbs. But don't worry. No matter what it takes, the Endangered will get the job done. But when two of their friends get kidnapped by a villain with a dastardly agenda, the team finds themselves up to their snouts in trouble. Can the Endangered save the day? Or will this villain put humans and animals alike on the extinction list? The A-Team meets the animal kingdom in the first book in the thrilling new adventure series from the host of Xploration Awesome Planet Philippe Cousteau and award-winning author Austin Aslan.

When a Dragon Moves In

And as streams of light fan out behind the darkened sun like the wings of a butterfly, I realize that I never saw real beauty until now. At Moon Shadow, an isolated campground, thousands have gathered to catch a glimpse of a rare and extraordinary total eclipse of the sun. It's also where three lives are about to be changed forever: Ally likes the simple things in life--labyrinths, star-gazing, and comet-hunting. Her home, the Moon Shadow campground, is a part of who she is, and she refuses to imagine it any other way. Popular and gorgeous (everybody says so), Bree is a future homecoming queen for sure. Bree wears her beauty like a suit of armor. But what is she trying to hide? Overweight and awkward, Jack is used to spending a lot of time alone. But when opportunity knocks, he finds himself in situations he never would have imagined and making friends in the most unexpected situations. Told from three distinct voices and perspectives, Wendy Mass weaves an intricate and compelling story about strangers coming together, unlikely friendships, and finding one's place in the universe.

The Battle for WondLa

This enhanced eBook features read-along narration. On a beautiful day at the beach, a young boy brings his bucket, shovel, and imagination, and builds a perfect sand castle. Right away, a dragon moves in. The boy decides to befriend his dragon and they spend time roaming the shore, flying a kite, braving the waves, defying bullies, and roasting marshmallows—all while Dad is busy sunbathing and Mom is engrossed in her book. Unfortunately, no one believes the boy when he tries to share the news of this magnificent creature. That's when the mischief begins, and the dragon becomes a force to be reckoned with. While adults will recognize the naughty antics as a ploy for attention, children will dissolve into giggles as the dragon devours every last sandwich, blows bubbles in the lemonade, and leaves claw prints in the brownies. Maybe the dragon really is running amok on the beach, or maybe it's a little boy's imagination that is running wild.

The Tooth Fairy Wars

There's more to me than most people see. Twelve-year-old Willow would rather blend in than stick out. But she still wants to be seen for who she is. She wants her parents to notice that she is growing up. She wants her best friend to like her better than she likes a certain boy. She wants, more than anything, to mush the dogs out to her grandparents' house, by herself, with Roxy in the lead. But sometimes when it's just you, one mistake can have frightening consequences . . . And when Willow stumbles, it takes a surprising group of friends to help her make things right again. Using diamond-shaped poems inspired by forms found in polished diamond willow sticks, Helen Frost tells the moving story of Willow and her family. Hidden messages within each diamond carry the reader further, into feelings Willow doesn't reveal even to herself. Diamond Willow is a 2009 Bank Street - Best Children's Book of the Year.
