One for the keeper shelf! Rediscover the heart-stopping thrills of this classic romantic suspense, only from New York Times bestselling author Heather Graham. It was the most dangerous role of her career...and possibly the last. Playing a malicious diva on a popular daytime soap, actress Kelly Trent has garnered more than her fair share of hate mail. She doesn't believe anyone would really confuse her with her character, but when an accident on the set hits too close for the producers' comfort, Kelly is unceremoniously put on hiatus. At her agent's suggestion, she agrees to appear in a music video, thinking the time away filming in the Florida Keys might be just the thing to put her life in perspective. But with two left feet, Kelly only hopes dance instructor Doug O'Casey can work miracles. A former Miami cop, Doug still has a lawman's instinct for

trouble, and the continued threats made against Kelly tell him that she is in danger. Now, as a deranged fan closes in, Doug realizes that someone close to Kelly wants more than her character killed off the show—someone wants her stone-cold dead. Originally published in 2005

Leading Prophetic Voice Reveals New Insight on Defeating an Ancient Evil According to leading prophetic voice Jennifer LeClaire, the subversive Jezebel spirit continues to deceive many. She shows, with keen biblical insight, that Jezebel does much more than most believers thought--and that it's time to expose the deceit and defeat the spirit's insidious work. By pulling back the curtain on this seducing principality, LeClaire picks up where other books on Jezebel leave off. She demonstrates biblically not only that the Jezebel spirit uses control as a weapon but that it is a mastermind of immorality and outright idolatry. She also gives spiritual warriors the real-world strategies needed for defeating this dark spirit in the lives of God's people.

You've heard the holy call to prophetic ministry. Now what? In this book, leading prophetic voice Jennifer LeClaire guides readers along the journey of a prophet-- from the initial call all the way through to maturity. This "making" process is anything but easy. But LeClaire offers honest, accessible counsel to help you move into your prophetic call. Her spiritual insights will help you overcome the fear of man, identify and eliminate wrong motives and, above all, pursue intimacy with God. Many prophets are called . . . but not everyone endures the "making process" to his or her prophetic destiny. God is looking for people to entrust with the secrets of His heart. Embrace the journey toward your call with this comprehensive, practical guide, and experience the awesome process of being formed into a mouthpiece for the God of the universe. "A clean read filled with good information. LeClaire covers a wide range of issues that affect prophetic ministry, tackling them biblically and with practical wisdom."--R. Loren Sandford, senior pastor, New Song Church and Ministries "Written for this hour! Whether you just have some small inkling or have ministered a long time in the prophetic, there is much wisdom to be mined like treasure from its page. Destined to be a classic for generations to come."--Cindy Jacobs, Generals International; Dallas "Whatever the sacrifice, take The Making of a Prophet into your hands and into your heart. I can assure you it will not let you go until your questions are answered."--Steve Hill, evangelist; author, Spiritual Avalanche

This major two-volume handbook is an extensively revised, updated second edition of the highly praised Survey of Applicable Mathematics, first published in English in 1969. The thirty-seven chapters cover all the important mathematical

fields of use in applications: algebra, geometry, differential and integral calculus, infinite series, orthogonal systems of functions, Fourier series, special functions, ordinary differential equations, partial differential equations, integral equations, functions of one and several complex variables, conformal mapping, integral transforms, functional analysis, numerical methods in algebra and in algebra and in differential boundary value problems, probability, statistics, stochastic processes, calculus of variations, and linear programming. All proofs have been omitted. However, theorems are carefully formulated, and where considered useful, are commented with explanatory remarks. Many practical examples are given by way of illustration. Each of the two volumes contains an extensive bibliography and a comprehensive index. Together these two volumes represent a survey library of mathematics which is applicable in many fields of science, engineering, economics, etc. For researchers, students and teachers of mathematics and its applications.

REIMAGINING JAPAN: Contributors to this volume include some of the world's most brilliant thinkers from fields as diverse as business, politics, academia, science and technology, journalism and art and design. In the aftermath of the earthquake, tsunami and nuclear crisis of March 2011, Japan has become a bigger part of the world's consciousness than it has been for years. But Japan also is grappling with other problems that, over the long run, pose a much greater challenge to its national well-being than the devastation in Tohoku. How can the country compete with a rising China? Cope with a fast-aging society? Deal with its enormous debt? Rediscover its entrepreneurial verve? Regain its position as a leader in technology and innovation? In Reimagining Japan, McKinsey & Company, the world's top management consulting firm, asked more than

80 global leaders and experts to consider these questions. In essays brimming with insight, affection and occasional humor, the authors offer their assessments of Japan's past, present and --most important -- future. What sets Reimagining Japan apart is the breadth and diversity of its contributors. They range from Fortune 500 CEOs to acclaimed writers (including three Pulitzer Prize winners) to a star videogame creator, a soccer coach, a school principal and a manga artist. There has not been such a comprehensive book about Japan in the past generation - and perhaps ever. **NOTABLE CONTRIBUTORS** Bernard Arnault, Ian Buruma, Gerald Curtis, John Chambers, Steven Covey, John Dower, Bill Emmott, Victor Fung, Carlos Ghosn, Pico Iyer, Bob McDonald, Stephen Roach, Masahiro Sakane, Masayoshi Son, Howard Schultz, Klaus Schwab, Bobby Valentine, Steve Van Andel, Ezra Vogel, Robert Whiting, Tadashi Yanai and more than 50 others.

CCM Certification Made Easy provides a comprehensive yet concise review of the core material needed to pass the CCM exam, and is provided in a well organized, easy to read format, to help you make the most efficient use of your study time. No filler or fluff, just the facts.

### **Hebden : Chemistry 11, a Workbook for Students**

This book helps in Achieving food safety success which requires going beyond traditional training, testing, and inspectional approaches to managing risks. It requires a better understanding of the human dimensions of food safety. In the field of food safety today, much is documented about specific microbes, time/temperature processes, post-process contamination, and HACCP--things often called the hard sciences. There is not much published or discussed related to human behavior--often referred to as the "soft stuff." However, looking at foodborne disease trends over the past few decades and published regulatory out-of-compliance rates of food safety risk factors, it's clear that the soft stuff is still the hard stuff. Despite the fact that thousands of employees have been trained in food safety around the world, millions have been spent

globally on food safety research, and countless inspections and tests have been performed at home and abroad, food safety remains a significant public health challenge. Why is that? Because to improve food safety, we must realize that it's more than just food science; it's the behavioral sciences, too. In fact, simply put, food safety equals behavior. This is the fundamental principle of this book. If you are trying to improve the food safety performance of a retail or food service establishment, an organization with thousands of employees, or a local community, what you are really trying to do is change people's behavior. The ability to influence human behavior is well documented in the behavioral and social sciences. However, significant contributions to the scientific literature in the field of food safety are noticeably absent. This book will help advance the science by being the first significant collection of 50 proven behavioral science techniques, and be the first to show how these techniques can be applied to enhance employee compliance with desired food safety behaviors and make food safety the social norm in any organization.

## **The Making of a Prophet**

You're on your guard for the Jezebel spirit. But did you know that it doesn't work alone? Just as the holy Trinity works together to deliver, redeem and then guide us day by day, an unholy trinity is doing everything possible to put us in bondage, strip us of our God-given identity and derail our Kingdom purpose. Satan's abominable threesome--the spirits of Jezebel, religion and witchcraft--is coordinating its attack. Are you? Veteran spiritual warrior Jennifer LeClaire pulls back the curtain on the calculated and systematic strategies of the enemy while offering practical biblical tactics to combat this deadly trio. Her Spirit-anointed discernment will help you understand the hidden schemes of these spirits and, with God's help, to resist them. Here is the plan of attack that will allow you to take back your Kingdom purpose, claim freedom from Satan's deadly trio and live in victory. "Few people connect the dots between these three with the insight Jennifer LeClaire offers in this book. She equips mature believers to combat and overcome darkness through the power of God."--Marcus Yoars, former editor, Charisma magazine "Jennifer clearly exposes the root of pride, self-righteousness and legalism that desires to manipulate and control. The candor and directness by which she unpacks the message in this book is commendable."--Doug Stringer, Turning Point Ministries International; Somebody Cares International "I could hear the bells of freedom ringing as I read every page."--Ron Phillips, senior pastor, Abba's House; author; television and radio host

Your Holy Spirit Handbook to Surviving Last Days Deception. On that day many will say to me, "Lord, Lord, did we not prophesy in your name, and cast out demons in your name, and do many mighty works in your name?" - Matthew 7:22 Are

they prophesying by the Holy Spirit or ministering under a demonic influence? Jennifer LeClaire received a startling prophetic word that a showdown was coming to the body of Christ—where both true and false prophets will be exposed. In this book she presents a confrontational yet constructive word of warning to the contemporary Spirit-empowered movement. More than ever, there is a great need in the modern prophetic community to be discerning of what is true and what is false. This powerful book features intriguing chapters that provide Bible answers, supernatural clarity and timely spiritual solutions, including: Identify what real prophets look and sound like. Discover the signs of false prophets. Discern the difference between false prophets and false prophecy. Avoid “Prophetic Con Artists” who sell prophecies and engage in spiritual scams. Beware of “Charismatic Witchcraft.” Recognize the counterfeit Rise of “Christian Witches” and Psychics. Resist those offering deliverance and impartation who are empowered by divination. When you learn to recognize and resist satan’s counterfeits, you will build your life upon unshakeable Truth and thrive in victory during days of darkness and compromise.

The Nutz family will never be confused with the Waltons, the Partridges, or the Bradys. But you might confuse them with another family: your own. Soup To Nutz: The First Course is the first collection of comic strips featuring the off-kilter Nutz family, where the battle for the last chicken leg rivals the Battle of Bull Run and sibling "rivalry" is putting it mildly. The battling brood includes brothers Roy-boy and Andrews, their sister and middle child Babs, parents Roy and Pat, and their faithful dog Rosco. These six Nutz make up a family that is every bit as funny and screwball as their name implies. Roy-boy teases his younger brother by telling him that he became part of the family when they found him in the woods and adopted him. But his sister is quick to set the record straight: "Don't be silly, Andrew, you weren't adopted . . . Dad made you out of wood and a cricket turned you into a real boy." The irreverent humor of Nutz flows from the pencil of creator Rick Stromoski, whose research includes growing up the seventh member of a family of 12 children. That experience no doubt helped shape the humor behind what is one of the funniest up-and-coming strips on the funny pages today.
