Official Gazette of the United States Patent and Trademark Office

\$GML--the Billion Dollar Secret

A resource for information executives, the online version of CIO offers executive programs, research centers, general discussion forums, online information technology links, and reports on information technology issues.

Intranets and Groupware

A guide to major U.S. businesses, organizations, agencies, institutions, and other information resources on the World Wide Web.

The Industry Standard

Describes sources of jobs in hospitals, universities, government, and other New

Jersey based industries.

D & B Consultants Directory

Microcomputer Market Place

Official United States E-mail & Fax Directory

D and B Million Dollar Directory

Indexes are arranged by geographic area, activities, personal name, and consulting firm name.

CIO.

This brand new Sixth Edition has been extensively updated and broadly expanded to offer direct access to over 2,800 Domestic and International Venture Capital Firms, including address, phone & fax numbers, e-mail addresses and web sites for

Where To Download Logical Design Solutions Inc

both primary and branch locations. Entries include details on the firm's Mission Statement, Industry Group Preferences, Geographic Preferences, Average and Minimum Investments and Investment Criteria. You'll also find details that are available nowhere else, including the Firm's Portfolio Companies and extensive information on each of the firm's Managing Partners, such as Education, Professional Background and Directorships held, along with the Partner's E-mail Address. The Directory of Venture Capital Firms offers five important indexes: Geographic Index, Executive Name Index, Portfolio Company Index, Industry Preference Index and College & University Index. With its comprehensive coverage and detailed, extensive information on each company, The Directory of Venture Capital Firms is an important addition to any finance collection.

LexisNexis Corporate Affiliations

Law & Business Directory of Corporate Counsel

Indexes are arranged by geographic area, activities, personal name, and consulting firm name.

Ward's Business Directory of U.S. Private and Public

Companies

Using a rigorous, technical approach, it is written by a leader in the field who has developed his own object-oriented design techniques. Covers object-oriented design of software from requirements analysis to design, principles that can be applied for all types of software ranging from large to extremely complex to real time systems. The methods discussed can be used with either object-oriented or object-based language. Contains a copious amount of practical examples.

Open Systems for Better Business

Written from an objective viewpoint, this book presents case studies of the open-systems experiences of several significant, well-known organizations. The book presents a framework for understanding vendor strategies and tactics. In addition, the open systems strategies of several major technology vendors are described in detail, along with a description of the vendor's major products.

Who Audits America

Human Resource Executive

CHI Conference Proceedings

The encyclopedia of the newspaper industry.

The JobBank Guide to Computer & High-tech Companies

HR Focus

\$GML: The Billion Dollar Secret shows you exactly how SGML can help you take control over your documents - and more importantly, take control of the information in those documents. Through case studies, you'll learn how other world-class companies evaluated their existing document production systems, identifying costs that SGML could eliminate - and discovering business opportunities it could make possible. You will learn how those companies managed their migration to SGML - for example, how they incorporated their existing word processing software into their SGML applications, or how they chose the appropriate SGML systems.
