A brief profile of the Russian writer prefaces the texts of three plays characterized by their realistic portrayal of Russian life

Physical Chemistry for the Life Sciences Solutions Manual

"This story, if it is one, deserves the closure of a suicide, perhaps even the magisterial finality of what is usually called a novel, but the remnants of that faraway time offer nothing more than a taste of damp ashes, a feeling of indeterminacy, and the obdurate inconclusiveness of passing time." So writes the unnamed narrator of *Horse Crazy*, looking back on a season of madness and desire. The first novel from the brilliant, protean Gary Indiana, *Horse Crazy* tells the story of a thirty-five-year-old writer for a New York arts and culture magazine whose life melts into a fever dream when he falls in love with the handsome, charming, possibly heroin-addicted, and almost certainly insane Gregory Burgess. In the derelict brownstones of the Lower East Side in the late eighties, among the coked out restaurateurs and art world impresarios of the supposed "downtown scene," the narrator wanders through the fog of passion. Meanwhile, the AIDS epidemic is spreading through the city, and New York friendships sputter to an end. Here is a novel where the only moral is that thwarted passion is the truest passion, where love is a hallucination and the gravest illness is desire.

The Devil's Claim is a historical fiction set in seventeenth century Herefordshire, England, a time in which the first-born son inherits all. ?By the day's end, this innocent young man will sell his soul to the devil and be on the road to Hell and damnation. It's December 15, 1644, his fourteenth birthday. It will be a day that William Blinkingsop will never forget. ?William's father called him into the library to talk about his future. It was to be the worst day of his life—being the third son meant that he wouldn't inherit any of his father's land. ?Hugo the eldest will inherit, and Thomas the second son will manage the estate. The smug smile on his two brothers' faces as they came out of the library told him that they thought that Mommy's little favorite had been put into his place. ?Faced with only the church or the army as a career, William cursed his luck and his two brothers who stood between him and a life of ease. ?The devil doesn't come to you when you're strong; he comes to you when you're weak or upset. That night, the devil came to William and offered to arrange two accidents for his brothers, so he would become heir. William jumped at the chance. Two accidents later, he was heir to his father's land. ?However, when you let the devil into your life, he takes over. When William was seventeen, his father was taken ill, and a pillow across the sick man's face meant William inherited his father's money ?Life was good for William, and he denied himself nothing. All the pleasures of the flesh were his, and he crushed anyone who stood between him and profit. ?However, money and power meant nothing to him when three days before his forty-fifth birthday, the devil sent a demon to tell him he was claiming his prize. ?William, in fear, rushed to the church in the hope the priest might save him. At midnight on the twelfth of December 1689, the fight for his soul with the devil begins. Will it be Heaven or Hell that wins the day?

The Prop Builder's Molding & Casting Handbook & break;& break;This is the first book to contain, in one comprehensive volume, every molding and casting procedure of use to the theater props builder (no matter what his or her level or proficiency). The author demonstrates the techniques involved in using more than thirty different materials ranging from papier-mache to breakaway glass. & break;& break;While the use of some materials—plaster and polyester resins, for example—is covered to some extent in other publications, information on the selection and use of rubber materials (latex, neoprene, silicone, and the urethanes) and the procedure for making breakaway windows and bottles is available only in The Prop Builder's Molding & Casting Handbook. & break;& break;Written in an easy, conversational style, the book will be useful to anyone involved with theater properties, puppetry, and costuming (as professionals or amateurs). It will also serve admirably the needs of students taking classes in those subjects. & break;& break;Completing the book is a special section on designing and building a vacuum forming machine suitable for use in constructing theater props. More than 450 photographs illustrate the step-by-step procedures explained throughout the entire text.

A Boat of My Own

In sci-fi author Sam Landstrom's MetaGame, he creates a believable but disturbing world with fewer than six degrees of separation. In fact, every single person, product, pastime, and proclivity humans take part in is interconnected. Life is the Game -- and winners never die. In the Game, points amount to currency and top scorers are eligible for immortality. A

mysterious, unifying force, the OverSoul, calls the shots, and an individual player's health contract can be indefinitely extended -- and with the offer of a permanent twenty-year-old's body and health, it's with fanaticism that gamers play the Game. D_Light is one of the best players in his family and will do anything to win, even kill. When he's invited to a MetaGame -- an exclusive, high-stakes competition -- he jumps at the chance. But after the first quest, D_Light's overly ambitious ways brand him a renegade. With a warped sense of free will that is needed to prevail, D_Light must either kill someone he's grown to love -- or lose everything.

I'm Dacian, a tattoo magician, and my life went from my biggest concern being finding a pretty guy to fall into bed with at the end of the week to everything falling apart around me. There are two problems in my life. Number one - I'm an ink magician, the thing of myths. A lot of very powerful people would love to get their hands on me, and I have no intention of letting that happen. Number two - A tattoo thief came to my city, and the magical community has decided that I'm the guy to stop them. Somehow, I have to catch the thief without letting my secret out of the bag, and that's even harder than it sounds.

The Devil's Claim

Though he was born and died in England, Harold Bindloss spent much of his youth traveling the world, and he was particularly enamored of the forests of Canada, where he would later set many of his Western novels. In Alton of Somasco, small-time logger Harry Alton has big plans for his land -- and the ambitions and smarts to make his dream a reality. But when a conniving British businessman shows up with some startling news, Alton's livelihood is suddenly at risk.

What's Age Got to Do with It?

This book takes a very critical look at management fads and fashions and shows that many do not stand up to scrutiny. It is believed for example that coaching is successful. What is the evidence for this? Selection procedures at interviews result in the right candidate being selected. Again what is the evidence? The author shows that many fads and fashions in management are short lived and based upon flimsy evidence, yet enjoy a period of support. His book will be an important tool for managers who want to understand the substance and rigour or lack of it associated with modern management ideas and concepts.

The Lower Depths, and Other Plays

“The thing to remember about a ‘stray’ vampire is that there is probably a good reason he is friendless, alone, and wounded. Approach with caution.” Iris Scanlon, Half-Moon Hollow’s only daytime vampire concierge, knows more about the undead than she’d like. Running their daylight errands—from letting in the plumber to picking up some chilled Faux Type O—gives her a look at the not-so-glamorous side of vamps. Her rules are strict; relationships are purely business, not friendship—and certainly not anything more. Then she finds her newest client, Cal, poisoned on his kitchen floor, and her quiet life turns upside down. Cal—who would be devastatingly sexy, if Iris thought vampires were sexy—offers Iris a hefty fee for hiding him at her place. And even though he’s imperious, unfriendly, and doesn’t seem to understand the difference between “employee” and “servant,” she agrees. But as they search for who wants him permanently dead, Iris is breaking more and more of her own rules . . . particularly those about nudity. Could it be that what she really needs is some intrigue and romance—and her very own stray vampire?

Professor Danilo Zolo has written an account of Otto Neurath's epistemology which deserves careful reading by all who have studied the development of 20th century philosophy of science. Here we see the philosophical Neurath in his mature states of mind, the vigorous critic, the scientific Utopian, the pragmatic realist, the sociologist of physics and of language, the unifier and encyclopedist, always the empiricist and always the conscience of the Vienna Circle. Zolo has caught the

message of Neurath's ship-at-sea in the reflexivity of language, and he has sensibly explicated the persisting threat posed by consistent conventionalism. And then Zolo beautifully articulates of the 'epistemological priority of sociology'. the provocative theme Was Neurath correct? Did he have his finger on the pulse of empiricism in the time of a genuine unity of the sciences? His friends and colleagues were unable to follow all the way with him, but Danilo Zolo has done so in this stimulating investigation of what he tellingly calls Otto Neurath's 'philosophical legacy' . Horse Crazy

The world of the Old Testament can seem hard to understand, especially for people living in times and places so far removed from the ancient Middle East. It's not just that we wear different clothes and hold different jobs--people in the West just don't have the same history, the same culture, or the same way of thinking as Old Testament characters like Abraham and David. And this disconnect can make studying the Old Testament an arduous and confusing process. A Popular Survey of the Old Testament is designed to help regular Christians enrich their understanding of Old Testament people and events. Illustrated throughout with color photos, charts, and maps, and written in an easy, informal style, this survey is accessible and enjoyable to Christians of all backgrounds.
