Rod set out to create a new kind of owner's workshop manual--friendly, easy to understand, yet more detailed than any other manual: this book is the result, Rod stripped down an MX-5 ('Miata' USA/'Eunos' Japan) in a domestic garage using ordinary tools and, in the process, took over 1500 step-by-step photographs. The result is a superbly detailed text which passes on to the reader every detail of important jobs, including how problems can be overcome without resorting to special tools.
