Paperbound Books in Print

Welcome to the nation of sheep. It is a country both familiar and fantastical, where sheep can be political animals, but more often are fluffy, quirky and as cute as can be. Professional artist Conni Togel has become a shepherdess of sorts, painting her Sheep Incognito series has delighted audiences and art collectors around the world. Along with the paintings, Conni wool gathers, commenting on her work, her life and how she creates her flock of friends. Sheep Incognito is a moving account on the evolution of her sheep. It provides a glimpse into the artist's studio world and the sheep's rather peculiar minds, along with some never before seen drawings, sketches and more than 110 paintings of the Sheep Incognito series. A true treasure trove of Sheep Incognito.

Star Fleet Technical Manual

Once you master the use of handsaws, you'll be awed by the simple power of this humble tool. If you can see and follow a line - any line - you can cut the line. There's no need for crazy setups or jigs; just grab the right saw and start cutting - any angle, any shape. Complex joinery becomes no more than a series of lines to cut on your stock. Yet many woodworkers - both beginners and professionals - are intimidated by handsaws. Handsaw Essentials - compiled from more than a decade's worth of blog entries and magazine articles - will change that. Christopher Schwarz and the editors and contributors to Popular Woodworking help you choose the right saw for your budget and project, use it successfully and keep it cutting like new.

Hockey Tough-2nd Edition

The tiers are shifting. The omniverses are under attack. And only one man has the chromosomes to make things right. Or does he? Filthy Frank begins life as the harmless creator of extinction level radioactive weapons, but is taken far into the deepest recesses of the omniverses to learn how everything came to be and how

everything will be. If it were only that simple. He and his group of deviant disciples are chased from realm to realm by murderous chimpillas and treacherous peace lords, as he seeks to understand the dark secrets of the omniverses. An encounter with the Ultimate God might be his only chance, but Frank must first survive not only those who fight for evil but his own struggle for good as well. If only his chromosomes would stop multiplying

Heads You Win

Readers can watch Pinkalicious and Peterrific on the funtastic PBS Kids TV series Pinkalicious & Peterrific! Pinkalicious and her friends have a mermazing time in this Level One I Can Read adventure that celebrates the power of friendship. Pinkalicious likes her new friend Splash the merminnie, even though he is a show-off. When Splash's flashy tricks get him in trouble, it's up to Pinkalicious and her friends to save him! Handsaw Essentials

THE OFFICIAL PREQUEL TO THE MOST EAGERLY AWAITED GAME OF 2015 -- BATMAN: ARKHAM KNIGHT! The Joker's death has left a void in the Gotham City underworld--a void the Riddler seeks to fill in the deadliest way possible. Creating a path of death and destruction, the criminal mastermind places Batman and Robin in an unwinnable scenario, with the clock ticking down the moments to disaster. TM & (c) DC Comics. (s15)

Batman: Arkham Knight - The Riddler's Gambit

This volume addresses the persistent and frequently toxic associations between masculinity and games. It explores many of the critical issues in contemporary studies of masculinity—including issues of fatherhood, homoeroticism, eSports, fan cultures, and militarism—and their intersections with digital games, the contexts of their play, and the social futures associated with sustained involvement in gaming cultures. Unlike much of the research and public discourse that put the onus of “fixing” games and gaming cultures on those at its margins—women, LGBTQ, and people of color—this volume turns attention to men and masculinities, offering vital

and productive avenues for both practical and theoretical intervention.

The Alphabet of Manliness

One Fish Two Fish Red Fish Blue Fish

Heads You Win is international #1 bestseller Jeffrey Archer's most ambitious and creative work since Kane and Abel, with a final twist that will shock even his most ardent of fans. Leningrad, Russia, 1968: From an early age it is clear that Alexander Karpenko is destined to lead his countrymen. But when his father is assassinated by the KGB for defying the state, Alexander and his mother will have to escape Russia if they hope to survive. At the docks, they have an irreversible choice: board a container ship bound for America or one bound for Great Britain. Alexander leaves the choice to a toss of a coin In a single moment, a double twist decides Alexander's future. During an epic tale, spanning two continents and thirty years, we follow Alexander through triumph and defeat as he sets out on parallel lives as Alex in New York and Sasha in London. As this unique story unfolds, both come to realize that to find their destiny they must face the past they left behind as Alexander in Russia.

Toy Story

Just a Spoon Full of Laughter is a great read for anyone that's been to a doctors office and made it out alive. Written by an actual physician, it will keep you in stitches (no pun intended) from one story to the next. See for yourself what could be so funny about the physician office visit. Whether it's recalling his first sigmoidoscopy or performing an autopsy, you'll keep this riveting series of short humorous stories right there in the bathroom for pleasurable reading. You may even find yourself somewhere between the pages. From an author who will never be a New York Times Best Seller, it's a great book for young or old, male or female, professional or not. It's especially ideal for that person in your life who has everything except a sense of humor. It's ideal as a stocking stuffer, white elephant gift or for future yard sales. "The funniest book I ever read." Says Dr. Zhivago "Yes! Yes! Yes!" Says Dr. No

Café Racers

With its unique focus on video game engines, the data-driven architectures of game development and play, this innovative textbook examines the impact of software on everyday life and explores the rise of engine-driven culture. Through a series of case studies, Eric Freedman lays out a clear methodology for studying the game development pipeline, and uses the video game engine as a pathway for media scholars and practitioners to navigate the complex terrain of software practice. Examining several distinct software ecosystems that include the

proprietary efforts of Amazon, Apple, Capcom, Epic Games and Unity Technologies, and the unique ways that game engines are used in non-game industries, Freedman illustrates why engines matter. The studies bind together designers and players, speak to the labors of the game industry, value the work of both global and regional developers, and establish critical connection points between software and society. Freedman has crafted a much-needed entry point for students new to code, and a research resource for scholars and teachers working in media industries, game development and new media.

Call of Duty: Black Ops III Collector's Edition Guide

This textbook guides the reader towards various aspects of growth and international trade in a Diamond-type overlapping generations framework. Using the same model type throughout the book, timely topics such as growth with bubbles, debt reduction in rich countries and policies to mitigate climate change are explored. The first part starts from the “old” growth theory and bridges to the “new” growth theory (including R&D and human capital approaches). The second part presents an intertemporal equilibrium theory of inter and intra-sectoral trade and concludes by analyzing the debt mechanics inducing the huge imbalances among eurozone countries. The book is primarily addressed to graduate students wishing to proceed to the analytically more demanding journal literature.

Vintage Views Along the West Michigan Pike

A brilliant thriller from the author of the acclaimed Good Thief's Guide series asks, how can a beautiful woman simply vanish? When Rob Hale wakes up in a hospital after a motorcycle crash, his first thought is for the gorgeous blonde, Lena, who was on the back of his bike. The doctors and police, however, insist that he was alone at the scene. The shock of the accident must have made him imagine Lena, especially since his description of her resembles his late sister, Laura. Convinced that Lena is as real as he is, Rob teams up with Rebecca Lewis, a London-based PI who has a mysterious connection to Laura—and learns that even a close-knit community like the Isle of Man can hide dangerous secrets that will not stay safe forever. Chris Ewan's *Safe House* "is an exciting, well crafted thriller, with flashes of real humour and insight." (SJ Bolton).

Making Call of Duty Modern Warfare

Count and explore the zany world and words of Seuss in this classic picture book! From counting to opposites to Dr. Seuss's signature silly rhymes, this book has everything a beginning reader needs! Meet the bumpy Wump and the singing Ying, and even the winking Yink who drinks pink ink. The silly rhymes and colorful cast of characters will have every child giggling from morning to night. From near to far from here to there, funny things are everywhere. Originally created by Dr. Seuss himself, Beginner Books are fun, funny, and easy to read. These unjacketed hardcover early readers encourage children to read all on their own, using simple words and illustrations. Smaller than the classic large format Seuss picture books like *The Lorax* and *Oh, the Places You'll Go!*, these portable packages are perfect for practicing readers ages 3-7, and lucky parents too! "Pretty much all the stuff

you need to know is in Dr. Seuss.” –President Barack Obama

Masculinities in Play

The Coming Race is a science fiction novel by Edward Bulwer-Lytton. The novel centers on a young, independently wealthy traveler who accidentally finds his way into a subterranean world occupied by beings who seem to resemble angels and call themselves Vril-ya. The hero soon discovers that the Vril-ya are descendants of an antediluvian civilization who live in networks of subterranean caverns linked by tunnels. It is a technologically supported Utopia, chief among their tools being the "all-permeating fluid" called "Vril", a latent source of energy which his spiritually elevated hosts are able to master through training of their will, to a degree which depends upon their hereditary constitution, giving them access to an extraordinary force that can be controlled at will. The powers of the will include the ability to heal, change, and destroy beings and things. The Vril-ya will run out of habitable spaces underground and start claiming the surface of the Earth, destroying mankind in the process if necessary.

Blue Ice

After the tragic death of her fiance, Grace McConnell turns to the only remaining constant in her life, her work. So when she's offered the lead position for an international restoration project, she jumps at the chance to get away from her small town, full of John's memories. Drew Tensley has always been a hard worker. Dedicated to his family and community, he put aside his own London career to take over the family business after his mother's terminal diagnosis. Five years later, he's ready to start living for himself when he literally runs into his hometown's newest architect. Grace quickly discovers that traveling halfway across the world was the best decision she's ever made. Until she meets Drew, a man whose personality and lifestyle are the exact opposite of John's, but whose face is the spitting image. Struggling with her own motivations and feelings, research uncovers secrets she isn't ready for; secrets that could ruin her second chance for true love."

The Coming Race

User passwords are the keys to the network kingdom, yet most users choose overly simplistic passwords (like password) that anyone could guess, while system administrators demand impossible to remember passwords littered with obscure characters and random numerals. Every computer user must face the problems of password security. According to a recent British study, passwords are usually obvious: around 50 percent of computer users select passwords based on names of a family member, spouse, partner, or a pet. Many users face the problem of selecting strong passwords that meet corporate security requirements. Too often, systems reject user-selected passwords because they are not long enough or otherwise do not meet complexity requirements. This book teaches users how to select passwords that always meet complexity requirements. A typical computer user must remember dozens of passwords and they are told to make them all unique and never write them down. For most users, the solution is easy passwords that follow simple patterns. This book teaches users how to select strong passwords they can easily remember. * Examines the password problem from the perspective of the administrator trying to secure their network * Author Mark Burnett has accumulated and analyzed over 1,000,000 user passwords and through his research has discovered what works, what doesn't work, and how many people probably have dogs named Spot * Throughout the book, Burnett sprinkles interesting and humorous password ranging from the Top 20 dog names to the number of references to the King James Bible in passwords

Royal Sailors

Enchanting illustrations. Giggle-inducing text. Unique and loveable characters. Join Pugtato and his cute and quirky pack of pals in this heartwarming picture book that celebrates the power of friendship, compassion, and believing in your own unique gifts. The Hunger and the Howling of Killian Lone

Use mental-training strategies to become a complete player and embrace a team-first mindset. Self-assessments identify player strengths and weaknesses and personalize the book's content to individual game preparation and play. Includes insights from the game's top players and coaches on winning the mental game.

Pugtato Finds a Thing

Oblivion Song

Part sinister fairy tale, part gothic horror novel, this unique debut pulls back the curtain on the celebrity chef's kitchen, revealing a disturbing world of ambition and brutality. Killian Lone comes from a long line of gifted cooks, stretching back to the seventeenth century, and yearns to become a famous chef himself. When he starts an apprenticeship under Max Mann, the most famous chef in London, he looks set to continue the family tradition. But the reality of kitchen life is brutal. Even his fellow apprentice, Kathryn, who shows Killian uncharacteristic kindness, can't stop his being sucked into the vicious, debauched world of 1980s fine dining, and gradually he is forced to surrender his dream. Then he discovers a dark family secret—the legacy of an ancestor who was burnt as a witch for creating food so delicious it was said to turn all who tasted it mad. Killian knows he can use this secret to achieve his ambitions and maybe, finally, to win Kathryn's affections. But is he willing to pay the price? This is Killian's confession—a strange tragedy about love, ambition andincredible food . . .
