Black Enterprise

The Backpacker's Photography Handbook

Point of View

Life

The third edition of Clinical Otolology is the complete reference for basic scientific information on the functioning of the ear and current techniques for the diagnosis, management, and rehabilitation of patients with common otologic disorders. The authors address important topics such as the genetic diagnosis of hereditary hearing loss, management of superior canal dehiscence, evidence-based management of otitis media with effusion, middle ear and brainstem implantable hearing devices, new applications of transtympanic therapy, and more. The book features the exquisite color photographs of world-class otologic photographer Eiji Yanagisawa, M.D.
