Soon after the sexual misconduct allegations against film producer Harvey Weinstein became public in late 2017, the #MeToo movement went viral, opening up an explosive conversation about rape culture around the globe. In the US, someone is sexually assaulted every 98 seconds. More than 320,000 Americans over the age of twelve are sexually assaulted each year. Men are victims too. One in thirty-three American men will be sexually assaulted or raped in his lifetime. Yet only 3 percent of rapists ever serve time in jail. Learn about the patriarchal constructs that support rape culture and how to dismantle them: redefining healthy manhood and sexuality, believing victims, improving social and legal systems and workplace environments, evaluating media with a critical eye, and standing up to speak out. Case studies provide a well-rounded view of real people on all sides of the issues.

## **The Leavers (National Book Award Finalist)**

FINALIST FOR THE 2017 NATIONAL BOOK AWARD FOR FICTION Named a Best Book of 2017 by NPR, Entertainment Weekly, the Los Angeles Times, BuzzFeed, Bustle, and Electric Literature “There was a time I would have called Lisa Ko’s novel beautifully written, ambitious, and moving, and all of that is true, but it’s more than that now: if you want to understand a forgotten and essential part of the world we live in, *The Leavers* is required reading.” —Ann Patchett, author of *Commonwealth* Lisa Ko’s powerful debut, *The Leavers*, is the winner of the 2016 PEN/Bellwether Prize for Fiction, awarded by Barbara Kingsolver for a novel that addresses issues of social justice. One morning, Deming Guo’s mother, Polly, an undocumented Chinese immigrant, goes to her job at a nail salon—and never comes home. No one can find any trace of her. With his mother gone, eleven-year-old Deming is left mystified and bereft. Eventually adopted by a pair of well-meaning white professors, Deming is moved from the Bronx to a small town upstate and renamed Daniel Wilkinson. But far from all he’s ever known, Daniel struggles to reconcile his adoptive parents’ desire that he assimilate with his memories of his mother and the community he left behind. Told from the perspective of both Daniel—as he grows into a directionless young man—and Polly, Ko’s novel gives us one of fiction’s most singular mothers. Loving and selfish, determined and frightened, Polly is forced to make one heartwrenching choice after another. Set in New York and China, *The Leavers* is a vivid examination of borders and belonging. It’s a moving story of how a boy comes into his own when everything he loves is taken away, and how a mother learns to live with the mistakes of the past.

### **No Excuses**

Every seven minutes, someone in America commits a rape. And whether that's a football star, beloved celebrity, elected official, member of the clergy, or just an average Joe (or Joanna), there's probably a community eager to make excuses for that person. In *Asking for It*, Kate Harding combines in-depth research with an in-your-face voice to make the case that twenty-first-century America supports rapists more effectively than it supports victims. Drawing on real-world examples of what feminists call "rape culture"--from politicians' revealing gaffes to institutional failures in higher education and the military--Harding offers ideas and suggestions for how we, as a society, can take sexual violence much more seriously without compromising the rights of the accused.

Foreword by Kyle Whittingham! Eric Weddle has developed a reputation as one of the NFL's best defensive minds, a fundamentally sound tackling machine, and a reliable last line of defense in the secondary for the San Diego Chargers. Prior to the 2011 season, the Chargers made Eric one of the highest paid safeties in league history by signing him to a five-year, \$40 million contract. "Honestly, who would have ever thought I would be at where I am today?" Eric said. "I was a kid who loved sports, who struggled, who was benched, who was injured, but I didn't let the little things get me down. The little things don't affect who I am or what I'm about, but they drive me to do better. To get better today, you must demand more than you did yesterday. Winners pay the price to reach their goals." Weddle's story is about overcoming adversity and accomplishing impossible dreams. It's about an athlete who surprised his family and friends by joining the Mormon church, and about how his faith has continued to bless his life. It's a story about epic wins and devastating losses, confidence and character. It's a story of a man who values his family above all else. In short, it's a story about living each day with no excuses and no regrets. "Eric's story demonstrates that you don't have to be the biggest, the strongest or fastest to defy odds and achieve your goals." Adam Schefter, NFL Insider for ESPN "It's nice to read the stories of top draft picks that were supposed to be good. It's better to read about guys like Eric Weddle who through hard work and passion grew to dominate his position in the league." - Darren Rovell, ESPN sports business reporter "If you are as impressed as I am by Eric Weddle 'the player and leader', you will be even more so by the view of Eric Weddle 'the person and father' that you gain from *No Excuses, No Regrets*." - Alex Marvez, Senior NFL Writer, FOXSports.com "Eric Weddle has been a pillar of the NFL community, exemplary on the field and off. His story is one of dedication and perseverance and he rose to become one of

the dominant safeties in the game, silencing detractors and becoming one the cornerstones of the Chargers organization. Football fans everywhere will enjoy his tale." - Jason La Canfora, NFL Insider for CBS

The late Rev. Robert Lewis Gilbert was the first African American graduate of Baylor University, graduating with a B.A. degree in 1967. He was referred to as "Little Giant" by family members due to his small stature yet enormous heart and passion for justice. He was the first black teacher assigned to a formerly all-white public school in Waco. A well-known civil rights leader in Central Texas, Gilbert served as pastor at Carver Baptist Church--a congregation that grew over 500% under his leadership. In 1980, he was named Citizen of Texas and in 1992 he received Waco's Outstanding Humanitarian Award. No Excuses Accepted highlights Gilbert's journey as a courageous spiritual leader. Having struggled with a severe case of rheumatoid arthritis since the age of 14, Gilbert was known as a fighter. As he states in No Excuses Accepted, "God says, You can! God says you can do anything. There is nothing on this earth strong enough to hold you backmy life has tested the limits of God's strength and power."

Yolanda Alvarez was born to this world like us all - ignorant of the world's harshness and joys. No one at that time could have known the things she was to accomplish or the profound effect she would have on those she would meet. I can say this because I am one of those people. From the first day I met her, Yolanda was a force of nature. She has seen the best and the worst that people have to offer. Yet, she has never censored herself in the things she does or in the ways she communicates with others. She is conscious of individual perception yet refuses to accept the world as it is. When someone is discovered as being in need, Yolanda makes it a point to be available to lend a helping hand or ear even to a stranger.

Her strength of character has always moved people to be better than they are or what they think themselves to be. Watching her move through life's obstacles is proof that even when you think you have nothing left to give and you think the world is about to swallow you whole, you can come out from under it the better. Those who think they can quiet or censor her are in for a rude awakening. I have learned so much from her in the years I have known her and I know I will continue to do so as Yolanda is just getting started.

Black and Hispanic students are not learning enough in our public schools. Their typically poor performance is the most important source of ongoing racial inequality in America today. Thus, say Abigail and Stephan Thernstrom, the racial gap in school achievement is the nation's most critical civil rights issue and an educational crisis. It's no wonder that "No Child Left Behind," the 2001 revision of the Elementary and Secondary Education Act, made closing the racial gap in education its central goal. An employer hiring the typical black high school graduate or the college that admits the average black student is choosing a youngster who has only an eighth-grade education. In most subjects, the majority of twelfth-grade black students do not have even a "partial mastery" of the skills and knowledge that the authoritative National Assessment of Educational Progress calls "fundamental for proficient work" at their grade. No Excuses marshals facts to examine the depth of the problem, the inadequacy of conventional explanations, and the limited impact of Title I, Head Start, and other familiar reforms. Its message, however, is one of hope: Scattered across the country are excellent schools getting terrific results with high-needs kids. These rare schools share a distinctive vision of what great schooling looks like and are free of many of the constraints that compromise education in traditional public schools. In a society that espouses equal opportunity we still have a racially identifiable group of educational have-nots -- young African Americans and Latinos whose opportunities in life will almost inevitably be limited by their inadequate education. When students leave high school without high school skills, their futures -- and that of the nation -- are in jeopardy. With successful schools already showing the way, no decent society can continue to turn a blind eye to such racial and ethnic inequality.

He was named by The Atlantic Monthly as "the most sought-after strategist in the Democratic party." He was targeted by National Review as the Democratic Party's "poet goon." From his unique perspective, Robert Shrum gives us an epic and personal story of the struggle for power in America during the past four decades. With wit and humor, rare candor, and a wealth of detail, he vividly recounts the real personalities and real forces that shaped the outcome of the closest and most important elections of our time. We are there with Shrum in the back rooms, on the planes, and in the motorcades with Ted Kennedy, Al Gore, John Kerry, John Edwards, and Bill and Hillary Clinton. Shrum reveals the manipulations and limitations of old and new forms of political persuasion, from the historic and sometimes controversial speeches he wrote to the negative ads he created for national and statewide candidates, from prepping presidential nominees for critical debates to the deployment of the new political weapon, the Internet. He lifts the curtain on decisive moments. Did John Kerry and John Edwards actually believe in the Iraq war they voted for? What was the real reason the Kerry campaign didn't respond faster to the Swift Boat attacks? Why didn't Al Gore let Bill Clinton campaign all-out in 2000? How did Clinton get through the first perilous week of the Lewinsky scandal? This is a provocative journey through recent history: George McGovern's antiwar campaign of 1972, the improbable rise of Jimmy Carter, Senate campaigns that made historic breakthroughs and shaped the presidential contests of the future, the gifts that made Bill Clinton a great politician -- and the circumstances and calculations that kept him from being a great president. As strategist, adviser, and often friend to the leaders he enlisted with, Shrum shows them as they are, with their strengths and human weaknesses -- as well as his own. Assailed as a populist who pushed the Democratic Party, in a phrase he coined, "to stand for the people, not the powerful," Shrum argues that unlike Republicans from Reagan on, Democrats fall short, politically or in office, when they trim their convictions and walk away from fundamental issues -- like universal health coverage. This is one of the most fascinating books ever written about the victories and defeats, the causes and candidates, the "flawed heroes" that drive the high drama of American politics.

The controversial chronicle of a motel owner who secretly studied the sex lives of his guests by the renowned journalist and author of *Thy Neighbor's Wife*. On January 7, 1980, in the run-up to the publication of his landmark bestseller *Thy Neighbor's Wife*, Gay Talese received an anonymous letter from a man in Colorado. "Since learning of your long-awaited study of coast-to-coast sex in America," the letter began, "I feel I have important information that I could contribute to its contents or to contents of a future book." The man—Gerald Foos—then divulged an astonishing secret: he had bought a motel outside Denver for the express purpose of satisfying his voyeuristic desires. Underneath its peaked roof, he had built an "observation platform" through which he could peer down on his unwitting guests. Over the years, Foos sent Talese hundreds of pages of notes on his guests, work that Foos believed made him a pioneering researcher into American society and sexuality. Through his *Voyeur's* motel, he witnessed and recorded the harsh effects of the war in Vietnam, the upheaval in gender roles, the decline of segregation, and much more. In *The Voyeur's Motel*. "the reader observes Talese observing Foos observing his guests." An extraordinary work of narrative journalism, it is at once an examination of one unsettling man and a portrait of the secret life of the American heartland over the latter half of the twentieth century (Daily Mail, UK). "This is a weird book about weird people doing weird things, and I wouldn't have put it down if the house were on fire."  
—John Greenya, Washington Times

## **Asking for It**

An invaluable guidebook, which contends that the most vexing problems facing women today isn't that doors of opportunity aren't open but that not enough women are walking through them. Feminist icon Gloria Feldt pulls no punches in this new book, which argues that the most confounding problem facing women today isn't that doors of opportunity aren't open, but that not enough women are walking through them. From the boardroom to the bedroom, public office to personal relationships, she asserts that nobody is keeping women from parity-except themselves. Feldt puts women's power into an historical context, showing the ways in which women have made huge leaps forward in the past, only to pull back right when they were at the threshold. Feldt argues that there's no excuse-whether it's the way women are socialized, or pressure to conform, or work/life balance issues-for women today not to own their power. Women are still facing unequal pay, being passed over for promotions, entering public office at a much lesser rate than men, and oftentimes still struggling with traditional power dynamics in their interpersonal relationships. Feldt's solution to all these places where women face inequality is the same: we need to shift the way we think to achieve true parity with our male counterparts. No Excuses is divided into nine chapters that organized around how women can change the way they think, and therefore the way they act. These include: Know Your History and You Can Create the Future of Your Choice; Define the Terms-First; Embrace Controversy; Employ Every Medium; and other helpful ideas for using the tools and resources women already have to create the changes they want to see. No Excuses is a timely and invaluable book to help women equalize gender power in politics, work, and love.

The controversial journalistic analysis of the mentality that fostered the Holocaust, from the author of The Origins of Totalitarianism Sparking a flurry of heated debate, Hannah Arendt's authoritative and stunning report on the trial of German Nazi leader Adolf Eichmann first appeared as a series of articles in The New Yorker in 1963. ### **A Beautiful Life with No Excuses**

At the age of 25, Bill Polacek took over his father's home-based welding business in Johnstown, Pennsylvania, located in the family's detached two-car garage, on April 1, 1987. Bill has created a conglomerate which currently employs approximately 600 workers, utilizes one million square feet of manufacturing space, and operates seven subsidiary companies in Johnstown, Pennsylvania, Baltimore, Maryland and a Texas operation with combined sales as high as \$125 million. Combining his early career, plus years as the CEO of JWF Industries and JWF Defense Systems, Bill has amassed over 40 years experience in the metals manufacturing industry. This is Bill's true story, complete with the pain of his grassroots rebellion, humble beginnings, sibling rivalries, heartaches, sacrifices and disappointments, business successes and failures, character lessons, public accolades, and civic contributions. This book is about faith and ethics in business. It's about family values. And it's a book about a hunt by one man to find his way out of a depressing and dying steel city, and then to come back to invent his own job, provide work for hundreds of families, and help save the lives of thousands of U.S. servicemen by building innovative protective armor for military vehicles (Humvees). Bill coined an endearing term for his employees -- The Work Fighters Supporting the War Fighters® -- because of their combined abilities to design and build specialized armor for the U.S. military, and support the men and women who find themselves in peacekeeping roles as well as combat. The message is so critical to the philosophy of Bill's company that JWF Defense Systems registered the slogan. This is NOT a book that explores in detail all the nuts and bolts of building a business. It IS a book about an immigrant family, and one man with an almost-magical drive and motivation to help his employees succeed. If you're genuinely interested, you'll

A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That’s what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That’s where Will’s now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother’s gun. He gets on the elevator, seventh floor, stoked. He knows who he’s after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that’s when Will sees that one bullet is missing. And the only one who could have fired Shawn’s gun was Shawn. Huh. Will didn’t know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck’s in the elevator? Just as Will’s trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck’s cigarette. Will doesn’t know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.
