Peterson's Master the Police Officer Exam: Police Officer Exam Review offers comprehensive review material covering the three types of questions that appear on the written police examination: practice judgment, reading-based, and observation and memory. Readers can find instructions about question topics and also practical suggestions about how to answer these questions. The guide also includes indispensable appendixes that give a comprehensive outline of what to expect once trainees are accepted into the police academy, along with a sample physical fitness course. Peterson's Master the Police Officer Exam helps readers navigate the police application and screening process. For more information see Peterson's Master the Police Officer Exam.

"A fascinating new book [Dr. Jennifer Eberhardt is] a genius."--Trevor Noah, The Daily Show with Trevor Noah "Poignant, important and illuminating."--The New York Times Book Review "Groundbreaking."--Bryan Stevenson, New York Times bestselling author of Just Mercy From one of the world's leading experts on unconscious racial bias come stories, science, and strategies to address one of the central controversies of our time How do we talk about bias? How do we address racial disparities and inequities? What role do our institutions play in creating, maintaining, and magnifying those inequities? What role do we play? With a perspective that is at once scientific, investigative, and informed by personal experience, Dr. Jennifer Eberhardt offers us the language and courage we need to face one of the biggest and most troubling issues of our time. She exposes racial bias at all levels of society--in our neighborhoods, schools, workplaces, and criminal justice system. Yet she also offers us tools to address it. Eberhardt shows us how we can be vulnerable to bias but not doomed to live under its grip. Racial bias is a problem that we all have a role to play in solving.

### **Barron's Police Officer Exam Flash Cards**

On May 26, 1999, the U.S. Commission on Civil Rights conducted a hearing in New York City to examine current police practices & their impact on civil rights in the community at large. The Commission had a strong interest in studying the methods used by the city to balance crime fighting with the exercise of appropriate restraint, particularly following the highly publicized tragedies involving Abner Louima & Amadou Diallo. This report is intended to offer insights into some of the tensions that exist between the New York Police Dept. & the communities that it serves. Chapters: recruitment, selection, & training; police-community relations; & civilian complaints.

### **Supervision of Police Personnel**

Known as the source for police supervision, this book offers complete coverage of leadership training of supervisors in law enforcement and allied fields. From proven leadership strategies to methods for maintaining high morale, this book discusses individual and group management techniques and how to carry out the various responsibilities of the supervisor. A variety of issues are explored, from hiring and training, to discipline and evaluation. This edition features the latest on leadership and decision making, more on handling critical incidents, contemporary personnel issues.

### **Master the Civil Service Exams**

The promise of public education is excellence for all. But that promise has seldom been kept for low-income children of color in America. In *How the Other Half Learns*, teacher and education journalist Robert Pondiscio focuses on Success Academy, the network of controversial charter schools in New York City founded by Eva Moskowitz, who has created something unprecedented in American education: a way for large numbers of engaged and ambitious low-income families of colour to get an education for their children that equals and even exceeds what wealthy families take for granted. Her results are astonishing, her methods

## Read Book Nypd Study Guide For Exam

unorthodox. Decades of well-intended efforts to improve our schools and close the 'achievement gap' have set equity and excellence at war with each other: If you are wealthy, with the means to pay private school tuition or move to an affluent community, you can get your child into an excellent school. But if you are poor and black or brown, you have to settle for 'equity a

### **NYC Police Communications Technician Study Guide**

Updated to reflect recent exams, this manual provides solid test preparation for applicants taking federal, state, and local court officer exams. The authors present study tips, a diagnostic test, and four model exams typical of those currently administered. The exams come with answers to questions and self-diagnostic procedures. New in this edition is a chapter that takes into account the current trend in court systems to rely on oral interviews in the process of selecting court officers. The authors advise on ways to obtain the best score in such an interview.

### **Proactive Policing**

## Read Book Nypd Study Guide For Exam

In January 2007, New York City Police Commissioner Raymond Kelly asked the RAND Corporation to assess whether his department was doing everything it could to minimize the unnecessary discharge of firearms. In particular, he asked RAND to examine the quality and completeness of the New York City Police Department firearm-training program and identify potential improvements in the design and delivery of the curriculum, the technology used, the frequency and duration of training sessions, the tactics and procedures on which the training is based, and the Department's firearm-discharge-review process. This monograph reports the observations, findings, and recommendations of that study.

### **Police Management Examinations Preparation Guide**

The Police Officer, Port Authority Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: vocabulary; filling out standard forms; police procedures and information; wanted posters; accident diagrams; exercising judgment; problem sensitivity; scanning area maps; identifying themes and ideas; and more.

### **How the Other Half Learns**

## Read Book Nypd Study Guide For Exam

Proactive policing, as a strategic approach used by police agencies to prevent crime, is a relatively new phenomenon in the United States. It developed from a crisis in confidence in policing that began to emerge in the 1960s because of social unrest, rising crime rates, and growing skepticism regarding the effectiveness of standard approaches to policing. In response, beginning in the 1980s and 1990s, innovative police practices and policies that took a more proactive approach began to develop. This report uses the term "proactive policing" to refer to all policing strategies that have as one of their goals the prevention or reduction of crime and disorder and that are not reactive in terms of focusing primarily on uncovering ongoing crime or on investigating or responding to crimes once they have occurred. Proactive policing is distinguished from the everyday decisions of police officers to be proactive in specific situations and instead refers to a strategic decision by police agencies to use proactive police responses in a programmatic way to reduce crime. Today, proactive policing strategies are used widely in the United States. They are not isolated programs used by a select group of agencies but rather a set of ideas that have spread across the landscape of policing. Proactive Policing reviews the evidence and discusses the data and methodological gaps on: (1) the effects of different forms of proactive policing on crime; (2) whether they are applied in a discriminatory manner; (3) whether they are being used in a legal fashion; and (4) community reaction. This report offers a comprehensive evaluation of proactive policing that includes not only its crime

prevention impacts but also its broader implications for justice and U.S. communities.

### **Collapse of Burning Buildings, 2nd Edition**

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing

homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

### **Police Sergeant Examination**

Drugs, bribes, falsifying evidence, unjustified force and kickbacks: there are many opportunities for cops to act like criminals. *Jammed Up* is the definitive study of the nature and causes of police misconduct. While police departments are notoriously protective of their own—especially personnel and disciplinary information—Michael White and Robert Kane gained unprecedented, complete access to the confidential files of NYPD officers who committed serious offenses, examining the cases of more than 1,500 NYPD officers over a twenty year period that includes a fairly complete cycle of scandal and reform, in the largest, most visible police department in the United States. They explore both the factors that predict officer misconduct, and the police department's responses to that misconduct, providing a comprehensive framework for understanding the issues. The conclusions they draw are important not just for what they can tell us about the NYPD but for how we are to understand the very nature of police misconduct. **ACTUAL MISCONDUCT CASES** »» An off-duty officer driving his private vehicle stops at a convenience store on Long Island, after having just worked a 10 hour shift in Brooklyn, to steal a six pack of beer at gun point. Is this police misconduct? »» A police officer is disciplined no less than six times in three years for failing to comply with administrative standards and is finally dismissed from employment for losing his
