Cumulative Book Index

General Catalogue of Printed Books

The Cumulative Book Index

Cars of Eastern Europe tells the story of the cars and vans made in Latvia, Poland, the former Yugoslavia, the Czech Republic and Slovakia, Hungary, Romania, Bulgaria and East Germany. In a region that stretches from the Black Sea to the Baltic, the vehicles were as varied as the nations themselves. Now that eastern Europe has come in from the cold, this book offers a unique and timely survey of the motor industry in this often overlooked part of the continent.
