Evaluation of the New York City Police Department Firearm Training and Firearm-discharge Review Process

Principles of Leadership and Management in Law Enforcement

Press Summary - Illinois Information Service

This book helps the Los Angeles Police Department (LAPD) achieve its recruiting and diversity goals by offering ways to improve productivity and efficiency in the recruiting process. It identifies potential untapped recruiting markets, provides a model of viable candidates to target recruitment and prioritize applicants while still reaching diversity hiring goals, and recommends ways to improve background-investigation processes.

Western City Magazine

The Police Manager

In January 2007, New York City Police Commissioner Raymond Kelly asked the

RAND Corporation to assess whether his department was doing everything it could to minimize the unnecessary discharge of firearms. In particular, he asked RAND to examine the quality and completeness of the New York City Police Department firearm-training program and identify potential improvements in the design and delivery of the curriculum, the technology used, the frequency and duration of training sessions, the tactics and procedures on which the training is based, and the Department's firearm-discharge-review process. This monograph reports the observations, findings, and recommendations of that study.

Master the Police Officer Exam: Police Officer Exam Review

Western City

The Police Manager gives practical, field-tested guidance to students and professionals who aspire to leadership roles in law enforcement, providing a comprehensive explanation of issues and challenges that they will face as police supervisors. The book is divided into four parts, covering historical and philosophical underpinnings, behavioral aspects of police management, functional aspects of police management, and major issues in modern police work.

The Voice of California Justice

The growing concern over the number of accidental firearm shootings, especially those involving children, prompted passage of the initial handgun safety law which went into effect in 1994. The stated intent of the California Legislature in enacting the current FSC law is for persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms. The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. Prior to taking delivery of a firearm from a licensed firearms dealer, the purchaser/recipient must also successfully perform a safe handling demonstration with that firearm..

Employment Practices Decisions

FROM THE BESTSELLING AUTHOR OF THE CARTEL. When Jack Wade is called in to examine a suspicious arson claim, he follows the evidence into the crime infested inferno of the California underworld. Jack Wade was the rising star of the Orange County Sheriffs Department's arson unit, but a minor scandal cost him everything, except his encyclopedic knowledge of fire. Now working as an insurance claims investigator, Jack is called in to examine a suspicious claim: within hours of a disastrous blaze tearing through a wing of real estate mogul Nicky Vale's house—causing the horrific death of his young wife—he filed a 3 million-dollar insurance claim. The tracks of the fire tell Jack that something's wrong, and as he follows the evidence the case grows to involve the Russian mob, Vietnamese gangs, real estate scams, counterfeiting and corporate corruption. Things get so hot and deadly that Jack might not make it out alive . . . that is until he decides to fight fire with fire.

Lets go for a ride partner. I will walk you through the arduous process, guide you in the right direction, and at times will even hold your hands. Written by a cop.

Daily Labor Report

The last days of colonialism taught America's revolutionaries that soldiers in the streets bring conflict and tyranny. As a result, our country has generally worked to keep the military out of law enforcement. But according to investigative reporter

Radley Balko, over the last several decades, America's cops have increasingly come to resemble ground troops. The consequences have been dire: the home is no longer a place of sanctuary, the Fourth Amendment has been gutted, and police today have been conditioned to see the citizens they serve as an other—an enemy. Today's armored-up policemen are a far cry from the constables of early America. The unrest of the 1960s brought about the invention of the SWAT unit—which in turn led to the debut of military tactics in the ranks of police officers. Nixon's War on Drugs, Reagan's War on Poverty, Clinton's COPS program, the post-9/11 security state under Bush and Obama: by degrees, each of these innovations expanded and empowered police forces, always at the expense of civil liberties. And these are just four among a slew of reckless programs. In *Rise of the Warrior Cop*, Balko shows how politicians' ill-considered policies and relentless declarations of war against vague enemies like crime, drugs, and terror have blurred the distinction between cop and soldier. His fascinating, frightening narrative shows how over a generation, a creeping battlefield mentality has isolated and alienated American police officers and put them on a collision course with the values of a free society.
