"International Financial Reporting Standards (IFRSs) are being increasingly used by companies throughout the world. All entities listed in the EU have been required to issue financial statements under IFRS since 2005, and more and more other countries are making the change to IFRS including the US and Canada. The Manual is packed full of clear, practical guidance on how to prepare financial statements in accordance with IFRS. It includes hundreds of practical worked examples and extracts from company reports as well as model IFRS financial statements that help to illustrate the explanations and show exactly how even the most complex calculations and disclosures should be made."--Cover.
