The Shorter Oxford English Dictionary on Historical Principles

In a heart-wrenching, candid autobiography, a human

rights activist offers a firsthand account of war from the perspective of a former child soldier, detailing the violent civil war that wracked his native Sierra Leone and the government forces that transformed a gentle young boy into a killer as a member of the army. 75,000 first printing.

The Times Index

"Euthyphro" by Plato (translated by Benjamin Jowett). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Family Herald

The approach to language and grammar that motivates this book is unabashedly functional; grammar is not just a system of empty rules, it is a means to an end, an instrument for constructing concise coherent communication. In grammar as in music, good expression rides on good form. Figuratively and literally, grammar like musical form must make sense. But for the instrument to serve its purpose, it must first exist; the rules must be real, they can be explicitly described and taught. This book

is intended for both students and teachers, at college level, for both native and nonnative speakers. With the guidance of a teacher this book will serve as a thorough introduction to the grammar of English. Volume II continues with syntactic and communicative complexity: embedded clauses □ verb complements, relative clauses; detransitive voice □ passive, anti-passive, impersonal and middle voice, reflexive and reciprocal constructions; focus and topic constructions; nondeclarative speech acts. It closes with interclausal connectivity: conjoined and subordinate clauses, the grammar of discourse coherence, clause chains and thematic paragraphs.

The Oxford English Dictionary

Plato's Thought

In *The Gospel of Thomas and Plato*, Ivan Miroshnikov offers the first systematic discussion of the Platonist impact on the Gospel of Thomas, arguing that Platonism is indispensable to making sense of those sayings that have long remained exegetical cruxes.

English Grammar

Works Translated Into English Under the Editorship of W. D. Ross

A fireman in charge of burning books meets a revolutionary school teacher who dares to read.

Depicts a future world in which all printed reading material is burned.

Aristotle

The Publishers' Circular and Booksellers' Record

Indexes the Times, Sunday times and magazine, Times literary supplement, Times educational supplement, and the Times higher education supplement.

English Mechanic and World of Science

During his life, Bradbury has created more than eight hundred different literary works, including several novels and novels, hundreds of short stories, dozens of plays, a number of articles, notes and poems.

Bradbury has traditionally been considered a classic of science fiction, although much of his work tends toward fantasy genre, parables or fairy tales. During his life, Bradbury has created more than eight hundred different literary works, including several novels and novels, hundreds of short stories, dozens of plays, a number of articles, notes and poems. Bradbury has traditionally been considered a classic of science fiction, although much of his work tends toward fantasy genre, parables or fairy tales.

Plato's Timaeus and the Latin Tradition

A Long Way Gone

Arranged alphabetically, this volume contains articles on various aspects of life in the Middle Ages, from A.D. 500 to 1500 and covering a geographic area including the Latin West, the Slavic world, Asia Minor, the lands of the caliphate in the East, and the Muslim-Christian areas of North Africa.

Cumulative Book Index

Should editing the human genome be allowed? What are the ethical implications of social restrictions during a pandemic? Is it ethical to use animals in clinical research? Is prioritizing COVID-19 treatment increasing deaths from other causes? Bioethics is a dynamic field of inquiry that draws on interdisciplinary expertise and methodology to address normative issues in healthcare, medicine, biomedical research,

biotechnology, public health, and the environment. This *This Is Bioethics* is an ideal introductory textbook for students new to the field, exploring the fundamental questions, concepts, and issues within this rapidly evolving area of study. Assuming no prior knowledge of the subject, this accessible volume helps students consider both traditional and cutting-edge questions, develop informed and defensible answers, and evaluate the strengths and weaknesses of a diverse range of ethical positions in medicine. The authors avoid complex technical terms and jargon in favor of an easy-to-follow, informal writing style with engaging chapters designed to stimulate student interest and encourage class discussion. The book also features a deep dive into the realm of global public health ethics, including the response to the COVID-19 pandemic. It considers topics like triage decision-making, the proportionality of society's response to COVID-19, whether doctors have a professional obligation to treat COVID-19 patients, and whether vaccines for this virus should be mandatory. A timely addition to the acclaimed *This Is Philosophy* series, *This Is Bioethics* is the ideal primary textbook for undergraduate bioethics and practical ethics courses, and is a must-have reference for students in philosophy, biology, biochemistry, and medicine.

This Is Bioethics

Gathers more than eleven thousand quotations

arranged by more than fifteen hundred subjects from ability, banality, and candor to war, youth, and zoos

English Mechanics and the World of Science

The Photographic News

The book explores the development of Platonic philosophy by Roman writers between the first century BCE and the early fifth century CE. Discusses the interpretation of Plato's Timaeus by Cicero, Apuleius, Calcidius, and Augustine, and examines how they contributed to the construction of the complex and multifaceted genre of Roman Platonism.

Dictionary of the Middle Ages

The Gospel According to Mark

Webster's New International Dictionary of the English Language

The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

A Treatise on the Social Compact, Or, The Principles of Political Law

Though the revised edition of A Theory of Justice, published in 1999, is the definitive statement of Rawls's view, so much of the extensive literature on Rawls's theory refers to the first edition. This reissue makes the first edition once again available for scholars and serious students of Rawls's work.
