Caribbean Basin Initiative

In this book, we'll walk you through our favorite tips for mobile photography: Learn the best way to capture bright sunsets, how to hold your device so it doesn't shake, and tips for taking quick shots. After that, we take an in-depth look at photography on each of the major smartphone operating systems: You'll learn how to take, edit, and share images whether you're using an iPhone, an Android phone, or a Windows Phone 8 device. Once you've gotten a handle on great mobile photography, we suggest some third-party apps to enhance the experience. And if you're a professional photographer, don't miss our section on using your iPad or Android tablet to improve your workflow. The only surefire way to become a better photographer is experience. Luckily, digital photography allows you to make as many mistakes, cost-free, as your memory card can hold. And as you combine technical knowledge and compositional awareness with lots of practice, you'll be able to capture moments of brilliance. We hope this book will help you along that journey.

In the Shadow of the Mongol Empire

Essays in Commemoration of the Golden Jubilee of the Fung Ping Shan Library, 1932-1982

Includes proceedings of the Illinois Library Association.

Proposed additions to the national park system and miscellaneous public land legislation

The National Union Catalog, Pre-1956 Imprints

Long Range Program

The Fortran 2003 Handbook is a definitive and comprehensive guide to Fortran 2003 and its use. Fortran 2003, the latest standard version of Fortran, has many excellent features that assist the programmer in writing efficient, portable and maintainable programs. This all-inclusive volume offers a reader-friendly, easy-to-follow and informal description of Fortran 2003, and has been developed to provide not only a readable explanation of features, but also some rationale for the inclusion of features and their use. This highly versatile handbook is intended for anyone who wants a comprehensive survey of Fortran 2003.

UNDOC, Current Index

Digest of Public General Bills and Resolutions

Memories of the Mongol Empire loomed large in fourteenth-century Eurasia. Robinson explores how Ming China exploited these memories for its own purposes.

Bibliographie Mensuelle

Official Manual, State of Missouri

Throughout history, royal dynasties have dominated countries and empires around the world. Kings, queens, emperors, chiefs, pharaohs, czars - whatever title they ruled by, monarchs have shaped institutions, rituals, and cultures in every time period and every corner of the globe. The concept of monarchy originated in prehistoric times and evolved over centuries right up to the present. Efforts to overthrow monarchies or evade their rule - such as the American, French, Chinese, and Russian revolutions - are considered turning points in world history. Even today, many countries retain their monarchies, although in vastly reduced form with little political power. One cannot understand human history and government without understanding monarchs and monarchies. This fully-illustrated encyclopedia provides the first complete survey of all the major rulers and ruling families of the world, past and present. No other reference work approaches the topic with the same sense of magnitude or connection to historical context. Arranged in A-Z format for ease of access, *World Monarchies and Dynasties* includes information on major monarchs and dynasties from ancient time to the present. This set: includes overviews of reigns and successions, genealogical charts, and dynastic timelines; addresses concepts, problems, and theories of monarchy; provides background and information for further research; highlights important places, structures, symbols, events, and legends related to particular monarchs and dynasties; includes a master bibliography and multiple indexes.

North Western Digest

Bibliographic Guide to Black Studies

One of the Best Books of the Year as chosen by The New York Times, The Washington Post, The Economist, Time, USA TODAY, Christian Science Monitor, and more. “A tale so gripping that one questions the need for fiction when real life is so plump with drama and intrigue” (Associated Press). Doris Kearns Goodwin’s *The Bully Pulpit* is a dynamic history of the first decade of the Progressive era, that tumultuous time when the nation was coming unseamed and reform was in the air. The story is told through the intense friendship of Theodore Roosevelt and William Howard Taft—a close relationship that strengthens both men before it ruptures in 1912, when they engage in a brutal fight for the presidential nomination that divides their wives, their children, and their closest friends, while crippling the progressive wing of the Republican Party, causing Democrat Woodrow Wilson to be elected, and changing the country’s history. *The Bully Pulpit* is also the story of the muckraking press, which arouses the spirit of reform that helps Roosevelt push the government to shed its laissez-faire attitude toward robber barons, corrupt politicians, and corporate exploiters of our natural resources. The muckrakers are portrayed through the greatest group of journalists ever assembled at one magazine—Ida Tarbell, Ray Stannard Baker, Lincoln Steffens, and William Allen White—teamed under the mercurial genius of publisher S.S. McClure. Goodwin’s narrative is founded upon a wealth of primary materials. The correspondence of more than four hundred letters between Roosevelt and Taft begins in their early thirties and ends only months before Roosevelt’s death. Edith Roosevelt and Nellie Taft kept diaries. The muckrakers wrote hundreds of letters to one another, kept journals, and wrote their memoirs. The letters of Captain Archie Butt, who served as a personal aide to both Roosevelt and Taft, provide an intimate view of both men. *The Bully Pulpit*, like Goodwin’s brilliant chronicles of the Civil War and World War II, exquisitely demonstrates her distinctive ability to combine scholarly rigor with accessibility. It is a major work of history—an examination of leadership in a rare moment of activism and reform that brought the country closer to its founding ideals.

Sessional Indexes to the Annals of Congress

Geoscience Documentation

A multidisciplinary index covering the journal literature of the arts and humanities. It fully covers 1,144 of the world's leading arts and humanities journals, and it indexes individually selected, relevant items from over 6,800 major science and social science journals.

The Bully Pulpit

'General Certificate English' is a comprehensive course book written for students taking a GCE'O' level examination in English language. The contents are based on the syllabuses and past papers of the University of Cambridge and the University of London (Edexcel).
