Black Gangster

This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, Angels

and Demons in Art will delight readers with an interest in art or religious symbolism.

The plan is so complex, the target so well protected that the three snipers have to rehearse the killing in the seclusion of the Arizona desert. Cole Howard of the FBI knows he has only days to prevent the audacious assassination. But he doesn't know who the target is. Or where the crack marksmen will strike. Former SAS sergeant Mike Cramer is also on the trail, infiltrating the Irish community in New York as he tracks down Mary Hennessy, the ruthless killer who tore his life apart. Unless Cramer and Howard agree to co-operate, the world will witness the most spectacular terrorist coup of all time . . .

St. Maximus the Confessor

"John D'Agata is an alchemist who changes trash into purest gold." —Guy Davenport, Harper's John D'Agata journeys the endless corridors of America's myriad halls of fame and faithfully reports on what he finds there. In a voice all his own, he brilliantly maps his terrain in lists, collage, and ludic narratives. With topics ranging from Martha Graham to the Flat Earth Society, from the brightest light in Vegas to the artist Henry Darger, who died in obscurity, Halls of Fame hovers on the brink between prose and poetry, deep seriousness and high comedy, the subject and the self.

Behind the Veil

The words came from his mouth, 'Don't say anything about this to your mum. She won't believe you.' At the age of eleven, a beautiful happy girl found herself thrust into a nightmare of abuse and violation that ripped her world apart. At the mercy of three men, she endured a four-year ordeal of sexual exploitation and degradation before eventually finding the strength to say 'no more'. Confusion and shame made her keep her secret for sixteen years. This is her remarkable story. Sarah has endured what no child should. Subjected to extreme abuse from a family 'friend', she turned to her father only to experience the same treatment

from him. Utterly devastated, Sarah even started to wonder if she was somehow to blame for this most unforgivable of betrayals and was driven to attempted suicide - a life was nearly destroyed by the selfishness of three deeply troubled and wicked men. A survivor who has somehow found salvation, Sarah's experiences bear testament to the enduring strength of the human spirit in the most unthinkable of situations. "Sarah's Story" is a story of how love and courage eventually enabled an astonishing individual triumph over a childhood stolen by the evil of others. This is not just another story of triumph over a difficult past. Sarah's story is as harrowing and moving as "A Child Called It" and will appeal to a similar audience.
