Typically entrenched and systemic, healthcare problems require the sort of comprehensive solutions that can only be addressed by a change in culture and a shift in thinking. Applying Lean in Healthcare: A Collection of International Case Studies demonstrates how honest appraisal, intelligent planning, and vigilant follow-up have led to dramatic improvements in a variety of healthcare settings across the world. It teaches us how innovative organizations can find sustainable solutions to seemingly intractable problems by following a path guided by Lean Thinking. Lean methods may not solve every healthcare problem, but as these cases prove, changing a culture rather than personnel results in more effective sustainable change.

Part of the most critically acclaimed, best-selling, all-new line of volume one graphic novels, DC Universe Rebirth! His name is Barry Allen, and he's the Fastest Man Alive. But he's also so much more. As he learns more about the Speed Force that fuels his incredible powers, the Flash is also discovering secrets about his past beyond anything he'd ever dreamed-how he created a Flashpoint that changed history and helped create a new world, watched over by forces unknown. And when the same Speed Force that flows through him is unleashed all over Central City, striking cops, criminals and ordinary civilians alike, it's up to the Flash to train this new wave of speedsters to use their amazing abilities wisely. But while some may become his partners in crime-fighting-forming a true "Speed Force"-others will use their godlike powers for a more sinister purpose. And the Flash is about to learn that there's some evil even he can't outrun... The race is on as writer Joshua Williamson (DEATHSTROKE) and artist Carmine di Giandomenico (All New X-Factor)
