Review and Herald

"The education and training of the youth is an important and solemn work. The great object to be secured should be the proper development of character, that the individual may be fitted to rightly discharge the duties of the present life, and to enter at last upon the future, immortal life. Eternity will reveal the manner in which the work has been performed." The book is not only for teachers, but also for parents, who should be prepared to direct intelligently the education of their children. The whole subject of Christian education is treated from the broadest standpoint, with valuable principles and suggestions applicable to every stage of child development. This little work will prove a blessing, both in a richer personal experience and in an increased ability for service, to every one who will read it thoughtfully.

Systematic Giving

Papua New Guinea is experiencing changes that grow in significance and accelerate in pace. Although the majority of its population are still subsistence farmers, the postmodern world is fast making an impact. That means that, at the same time, they are strongly influenced by firmly ingrained tradition where animism is binding and a pervasive element as well as Western media with its consumerism and worldview. The most impacted are youth who are caught between the traditional and postmodern culture. In a country that is Christian by constitution, pastors are looked upon with high esteem. They need to find a way to bridge the gap, to make sense of the world youth are living in, and find a meaningful way forward. Although this book is aimed at pastors and youth workers in PNG, other sectors can benefit from the research--politicians, educators, health workers, clergy--especially if they are coming from a different culture, be that from PNG or another country.

Medical Ministry

Beginning with the destruction of Jerusalem and continuing through the persecutions of Christians in the Roman Empire, the apostasy of the Dark Ages, the shining light of the Reformation, and the worldwide religious awakening of the nineteenth century, this volume traces the conflict into the future, to the Second Coming of Jesus and the glories of the earth made new. In this concluding volume, the author powerfully points out the principles involved in the impending conflict and how each person can stand firmly for God and His truth.

It's My Choice

Seventh-Day Adventists Answer Questions on Doctrine

Christ In His Sanctuary

This completely new typeset of the monumental 1957 classic contains an extensive historical and theological introduction and detailed notations by George R. Knight, professor of church history at Andrews University.; Originally produced by the Ministerial Association of the General Conference of SDAs, Questions on Doctrine was widely acclaimed and heavily distributed in the late 1950s and early 1960s as a forthright answer to questions from evangelicals about key elements of Adventist doctrine. Controversy regarding the book's position on the nature of Christ and the atonement soon stopped its circulation.; Intended as a complete reference on the book itself, this new edition faithfully reproduces the original text of Questions on Doctrine, with in-text indicators of the original pagings. It includes later important documents that bring the work up to date. The original bibliography is followed by an updated selected bibliography. Commentary on various historical or bibliographic topics is included in new footnotes throughout the text, all while preserving the reading integrity of the original edition.; George Knight's introductory essays provide the background for how the book came about and describe the interaction of the principal players involved in the dispute about a small section of content that shelved this classic work for more than a generation.; This new edition of Question on Doctrine beautifully preserves this outstanding and winsome work of Adventist apologetics to future generations of scholars, laypersons, and critics. It is an essential element of every Adventist library.

Pathfinders

The completely revised second edition further explores one of the most successful of America's indigenous religious groups. Despite this, the Adventist church has remained largely invisible. Seeking a Sanctuary casts light on this marginal religion through its socio-historical context and discusses several Adventist figures that shaped the perception of this Christian sect.

The Colporteur Ministry

In this classic work, Answers to Prayer, Muller shows how powerful prayer and God's provision can be when it is fully relied on.

Minister's Bible

This book has been around a while. Since it was first published, a lot of other books about health have come and gone. Some of them have been bigger than this one, but none of them have ever been better. Perhaps you have noticed the explosion in diet and exercise publications. Today it is obvious that the pursuit of health and fitness is more than just a quick fad. Looking and feeling good isn't optional, for many people these days, it's a high lifestyle priority. "The Ministry of Healing" is a book that crusades for total fitness, not just physical fitness because we are human beings and are more than just bodies. This book speaks to the needs of the whole person, body, mind and spirit. For a whole lot less than one visit to the Doctor, this classic on health will tell you how to manage stress, get well and prevent disease while feeling vibrantly alive. - The True Medical Missionary.
