Princess Leia Organa, Luke Skywalker and Chewbacca attempt to rescue Han Solo from the notorious bounty hunter Boba Fett, while the criminal Prince Xizor and Darth Vader make plans to control, or destroy, the leaders of the Rebel Alliance. Shadows of the Empire was a multimedia Star Wars event - a film-without-the-film - in which a major story was told across a series of novels, comic books, role-playing games, a video game, and trading cards. Shadows even had its own soundtrack. Included here is the complete comic series as well as two stories that followed in its wake: Mara Jade: By the Emperor's Hand, the story of the Imperial assassin who would one day wed the New Republic's greatest hero, Luke Skywalker; and Shadows of the Empire: Evolution, a direct sequel to Shadows of the Empire.

The Krytos Trap

Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years! KNIGHT OF RECKONING The Emperor's ruthless Order 66 has all but exterminated the Jedi. The few remaining who still wield the Force for good have been driven into exile or hiding. But not Jax Pavan, who's been steadily striking blows against the Empire—as a lone guerrilla fighter and a valued partner of Whiplash, a secret Coruscant-based resistance group. Now he's taking on his most critical mission: transporting a valued Whiplash leader, targeted for assassination, from Coruscant to safety on a distant world. It's

a risky move under any circumstances, but Jax and his trusted crew aboard the Far Ranger, including the irrepressible droid I-Five, are prepared to pit their combat skills and their vessel's firepower against all Imperial threats—except the one Jax fears most. Reports have raced across the galaxy that the dark lord of the Sith has fallen in a duel to the death with a Rebel freedom fighter. But Jax discovers the chilling truth when he reaches out with the Force . . . only to touch the dark, unmistakable, and malignantly alive presence that is Darth Vader. And Jax knows that Vader will stop at nothing until the last Jedi has fallen.

World of Warcraft: Vol'jin: Shadows of the Horde

“THAT’S NO MOON.” –Obi-Wan Kenobi The Death Star’s name says it all, with bone-chilling accuracy. It is a virtual world unto itself—equipped with uncanny power for a singularly brutal purpose: to obliterate entire planets in the blink of an eye. Its annihilation of the planet Alderaan, at the merciless command of Grand Moff Tarkin, lives in infamy. And its own ultimate destruction, at the hands of Luke Skywalker, is the stuff of legend. But what is the whole story, and who are the players, behind the creation of this world-killing satellite of doom? The near extermination of the Jedi order cleared the way for Palpatine—power-hungry Senator and Sith Lord—to seize control of the Republic, declare himself Emperor, and usher in a fearsome, totalitarian regime. But even with the dreaded Darth Vader enforcing Palpatine’s sinister will, the threat of rebellion still looms. And the

Emperor knows that only abject fear—and the ability to punish dissent with devastating consequences—can ensure his unchallenged control of the galaxy. Enter ambitious and ruthless government official Wilhuff Tarkin, architect of the Emperor’s terrifying dream come true. From inception to completion, construction of the unprecedented Death Star is awash in the intrigues, hidden agendas, unexpected revelations, and daring gambits of those involved on every level. The brightest minds and boldest egos, the most ambitious and corrupt, the desperate and the devious, all have a stake in the Death Star—and its potential to control the fate of the galaxy. Soldiers and slaves, loyalists and Rebels, spies and avengers, the innocent and the evil—all their paths and fates will cross and intertwine as the Death Star moves from its maiden voyage to its final showdown. And a shadowy chapter of Star Wars history is stunningly illuminated in a thrilling, unforgettable adventure. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

Star Wars - Darth Vader and the Cry of Shadows

Death Star

"It presents an entirely damning portrait of Pence. You've seen his colors before, but not so vividly and in this detail." —Frank Bruni, *The New York Times* "Producing a biography of a living, controversial politician is always difficult. D'Antonio and Eisner have succeeded in this well-documented, damning book. Cue the outrage from Sean Hannity et al." —Kirkus Reviews (starred review) In this well-rounded, deeply-investigated biography, the first full look at the vice president, two award-winning journalists unmask the real Mike Pence. Little-known outside his home state until Donald Trump made him his running mate, Mike Pence—who proclaims himself a Christian first, a conservative second, and a Republican third—has long worn a carefully-constructed mask of Midwestern nice. Behind his self-proclaimed humility and self-abasing deference, however, hides a man whose own presidential ambitions have blazed since high school. Pence's drive for power, perhaps inspired by his belief that God might have big plans for him, explains why he shocked his allies by lending Christian credibility to a scandal-plagued candidate like Trump. In this landmark biography, Pulitzer Prize-winner Michael D'Antonio and Emmy-nominated journalist Peter Eisner follow the path Pence followed from Catholic Democrat to conservative evangelical Republican. They reveal how he used his time as rightwing radio star to build connections with powerful donors; how he was a lackluster lawmaker in Congress but a prodigious fundraiser from the GOP's billionaire benefactors; and how, once he locked in his views on the issues—anti-

gay, pro-gun, anti-abortion, pro big-business—he became laser-focused on his own pursuit of power. As THE SHADOW PRESIDENT reveals, Mike Pence is the most important and powerful Christian Right politician America has ever seen. Driven as much by theology as personal ambition, Pence is now positioned to seize the big prize—the presidency—and use it to fashion a nation more pleasing to his god and corporate sponsors.

Shadow Hunter: Star Wars Legends (Darth Maul)

The rip-roaring space adventure sequel to the book that NYT bestselling author Lindsey Cummings heralded as "an explosive debut" has arrived. Full of action and romance, as if Star Wars was done in the vein of Joss Whedon's Firefly. His throne. Her rebellion. Their war. Qole is the youngest starship captain in living memory on her homeworld of Alaxak and has spent her life hunting a dangerous energy source called Shadow. Alaxans distrust and evade the galaxy's royalty as a rule, but Qole is now harboring the exiled Prince Nevarian Dracorte, along with some very conflicting feelings about it--and him. Nev's feelings are just as complicated, but not towards her. When it comes to Qole, he knows one thing: he'd do anything to stay with her. But when Alaxak is attacked and Nev finds himself framed for murder, he realizes the only way to help Qole and her people is to fight for the throne that should be his. To become the royal she might hate. As for Qole, she would never have imagined herself as the leader of a rebellion. Despite that, she

soon realizes that hiding from her power is no longer an option. It's time to answer the call, even if it kills her.

Shadows Over Baker Street

From two of the greatest imaginations of our time comes a magnificent novel of adventure and magic SHADOW MOON: First in the Chronicles of the Shadow War. The genius of Star Wars(r) creator George Lucas and the vision of Chris Claremont, the author of the phenomenally bestselling The Uncanny X-Men adventures, merge in what must be the fantasy event of the year. In Shadow Moon, war and chaos have gripped the land of Tir Asleen. An ancient prophecy reveals one hope: a savior princess who will ascend to the throne when the time is right. But first, a Nelwyn wanderer must face forces of unimaginable malevolence and dangerous, forbidden rites of necromancy that could bring back a powerful warrior from soulless sleep. George Lucas reshaped filmmaking in the '70s and '80s with his Star Wars and Indiana Jones films. When Bantam Books asked Lucas if he had any stories he would like to develop as novels rather than as films, Lucas turned to his 1988 fantasy film, Willow. "When I wrote the story for Willow, I began with the pre-story," Lucas said, "but the full story was yet to be told." Now, Lucas's vision is being fulfilled with the talented help of Chris Claremont. Having previously taken the reins of what was for a decade the bestselling comic in the western hemisphere (The Uncanny X-Men) Claremont assumes the responsibility of foster parent to Lucas's creation. On sale in hardcover now, and available on BDD Audio

Cassette as well, SHADOW MOON is a momentous new adventure for readers looking to spend part of this summer in a fantastic world. SHADOW MOON is one of Bantam Spectra's most exciting publishing events in 1995, the year we celebrate our 10th Anniversary as the premiere publishing imprint of books of speculative fiction.

She needs bodyguards to protect her during her tour along the Corellian Run; Dash needs credits. It's a perfect match until things begin to go wrong--seriously and dangerously wrong. By the time Dash realizes that the threat to Javul is not what it seems, he's in up to his neck in a conspiracy that goes much deeper than anything he would have signed up for. Even with the help of his hated rival--Han Solo--will Dash be able to protect this spoiled entertainer, all the while being reminded that he couldn't protect his own family?

Star Wars: The Last Jedi (Legends)

Soon to be a Major PBS Documentary Event The Shadow World is the harrowing behind-the-scenes tale of the global arms trade, revealing the deadly collusion that all too often exists among senior politicians, weapons manufacturers, felonious arms dealers, and the military—a situation that compromises our security and undermines our democracy. Pulling back the curtain on this secretive world, Andrew Feinstein reveals the corruption and the cover-ups behind a range of weapons deals, from the largest in history—between the British and Saudi governments—to the guns-for-diamonds deals in Africa and the imminent \$60 billion U.S. weapons contract with Saudi Arabia. He exposes in forensic detail both the formal government-to-government trade in arms and the shadow world of illicit weapons dealing, and lays bare the shockingly frequent links between the two. Drawing on his experience as a member of the African National Congress who resigned when the ANC refused to launch a corruption investigation into a major South African arms deal, Feinstein illuminates the impact this network has not only on conflicts around the world but also on the democratic institutions of the United States and the United Kingdom. Based on pathbreaking reporting and unprecedented access to top-secret information and major players in this clandestine realm, The Shadow World places us in the midst of the arms trade's

dramatic wheeling and dealing—from corporate boardrooms to seedy out-of-the-way hotels—and reveals the profound danger and enormous financial cost this network represents to all of us.

Over the hills and far away, a man suddenly finds after being struck by lightning that he is no longer walking in the Cumbrian Fells but is somewhere else entirely. Where that is, however, he does not know. The hills and mountains, lush green forests and the sea pounding at the shore are all unfamiliar and seem to beckon to him, drawing him from the paths and into the land itself. Yet he has little time to familiarise himself with these tantalising new sights and sounds that call to him

It all started with the mysterious woman: the red-headed girl who would arrive at his place of work unannounced and ask to be fed. Yet she is more than she looks, for he cannot seem to either shake her from his thoughts, but neither can he find her. She seems to have vanished into thin air. Or has she? But there are others in this land that are waiting for him: mysterious spheres of light that seem to follow his every move, spying on him. There are servants of darkness that seem to be showing an unhealthy interest in him too, for forces are abroad that are seeking him out for purposes known only to themselves, and soon he will find himself embroiled in a war, his part in which is to prove to be the adventure - and journey - of a lifetime. The Last Jedi: Star Wars Legends

On April 22, 2004, Lieutenant David Uthlaut received orders from Khost, Afghanistan, that his platoon was to leave the town of Magarah and "have boots on the ground before dark" in Manah, a small village on the border of Pakistan. It was an order the young lieutenant protested vehemently, but the commanders at the Tactical Command Center disregarded his objections. Uthlaut split his platoon into two serials, with serial one traveling northwest to Manah and serial two towing a broken Humvee north toward the Khost highway. By nightfall, Uthlaut and his radio operator were seriously wounded, and an Afghan militia soldier and a U.S. soldier were dead. The American soldier was Pat Tillman. The Tillman family was originally informed that Pat, who had given up a professional football career to serve his country, had been shot in the head while getting out of a vehicle. At his memorial service twelve days later, they were told that he was killed while running up a hill in pursuit of the enemy. He was awarded a Silver Star for his courageous actions. A month and two days after his death, the family learned that Pat had been shot three times in the head by his own troops in a "friendly fire" incident. Seven months after Pat's death, the Tillmans requested an investigation. *Boots on the Ground by Dusk* is a chronicle of their efforts to ascertain the true circumstances of Pat's death and the reasons why the Army gave the family and the public a false

story. Woven into the account are valuable and respectful memories of Pat Tillman as a son, brother, husband, friend, and teammate, in the hope that the reader will better comprehend what is really lost when our sons and daughters are killed or maimed in war. In the course of three and a half years, there have been six investigations, several inquiries, and two Congressional hearings. The Tillmans are still awaiting an outcome.

Battle Surgeons: Star Wars Legends (Medstar, Book I)

Michael A. Stackpole, New York Times bestselling author and master of epic fantasy, continues his unforgettable chronicle of a world divided by war, betrayal, desire, and two rival magicks. . . . As her merciless armies sweep from the north, the tyrant Chytrine pursues her quest to become empress of the world in a brutal campaign of unspeakable bloodshed and unholy sorcery. While cities and kingdoms topple, her agents, both living and dead, search for fragments of the shattered DragonCrown—which, when reassembled, will make her unstoppable.

Opposing Chytrine is the beautiful and determined Alexia, Princess of Okrannel. As she struggles to save the life of Kedyn's Crow, a mysterious human warrior accused of treachery, she gathers around her an alliance of unlikely heroes, including Resolute, an exiled Vorquelf out for vengeance; Kerrigan Reese, a mage with uncertain potential; and last but not least, young Will, an orphan thief from the slums of Yslin, who may be the fulfillment of an ancient prophecy—or its innocent victim. Alexia and her friends will need all their courage and magick, their only advantage the secret possession of a vital fragment of the DragonCrown. But when Chytrine's terrifying horde of cruel warriors, voracious minions, and remorseless undead slaves join the battle against them, even courage and magick may not be enough to stem the tide of ultimate darkness.
