Psychiatry PRN: Principles, Reality, Next Steps

Includes five practice papers, each covering 90 best of five questions, mirroring the format of the exam. This work features questions that reflect the balance of topics covered in the exam. It offers detailed explanations to various questions that help candidates to improve their understanding.

Single Best Answer Questions for the Final FFICM

The single best answer format of questions is invaluable in assessing a trainee's clinical skills and problem-solving abilities. It allows the trainee to demonstrate application of their knowledge to clinical practice. This book comprises six sets of practice papers. Each set contains 30 single best answer questions which cover topics including clinical anaesthesia, pain and intensive care. The questions are based on the recent changes introduced to the written part of the final FRCA examination. The best possible answer to a given clinical scenario is substantiated by a detailed explanation drawn from recent review articles and textbooks in clinical anaesthesia. These questions will enable candidates

Read Book Single Best Answer Questions In Cardiothoracic Surgery

to assess their clinical knowledge and skills in problem-solving, data interpretation and decision making. This book is essential study material for candidates sitting postgraduate examinations in anaesthesia and intensive care medicine. It is not only an essential guide for trainees but also an invaluable educational resource for all anaesthetists.

Obstetrics and Gynaecology for Finals, DRCOG and MRCOG

The second edition of Single Best Answers in Surgery, Second Edition continues to provide invaluable guidance to this widely used question format, written by authors who understand that detailed explanations accompanying each answer are the key to a successful revision aid. This book presents more than 500 SBA questions arranged into topic areas as well as a section of random questions for self-testing under examination conditions. A clear discussion of how the correct answer was reached and other options ruled out for every question is given at the end of each section, making this book an excellent learning aid for all stages of undergraduate surgical studies, and particularly during revision for final examinations.

Intensive Care Medicine MCQs

Passing the MRCOG Part 2 exam is essential to complete further training in O&G, both in the UK and for many doctors across the world. There are two annual sittings in the UK, plus the candidates sitting

in Bangladesh, Egypt, Hong Kong, India, Iraq, Jordan, Malaysia, Pakistan, Saudi Arabia, Sudan, UAE, West Indies and China. It is a notoriously difficult exam, with a pass rate of c. 20%. From March 2015 there will be a change to one of the two written papers for MRCOG Part 2. Single best answer questions (SBAs) a new format – worth 40% of the total Part 2 mark. This book consists of 200 questions in the new SBA exam format, and will present a question followed by a detailed answer and feedback.

Access to Surgery

This first edition of Single Best Answer Questions in Cardiothoracic Surgery provides a comprehensive revision aid to the candidates taking the specialty examination in Cardiothoracic Surgery world-wide. This new revision aid provides over 300 single best answer practice questions in Cardiothoracic Surgery and conforms to the recent changes in the format of specialty examinations in Cardiothoracic Surgery. Each question has been carefully formulated to cover an important topic in cardiothoracic surgery. The questions cover the complete specialty examination syllabus and a considerable number of these have been based on previous examination questions. This book contains a substantial number of patient-based questions or clinical vignettes that will enable prospective candidates to test their ability to integrate key basic science concepts with relevant clinical problems. In addition factual recall questions have also been included that probe for basic recall of facts. Detailed and comprehensive explanations,

Read Book Single Best Answer Questions In Cardiothoracic Surgery

rather than just brief answers, to questions have been provided so that the candidates do not have to consult textbooks for clarification as is the case with most other MCQs books currently available in the market. A list of relevant references is provided at the end of each answer to enable candidates to read the most up to date journal articles on the subject. The questions in this book can be used in a number of ways: (1) as a diagnostic tool (pretest), (2) as a guide and focus for further study, and (3) for self-assessment. The least effective use of these questions is to study them by reading them one at a time, and then looking at the correct response. These over 300 practice questions are intended to be an integral part of a well-planned review as well as an isolated resource. If used appropriately, these questions can provide self-assessment information beyond a numeric score. Furthermore, the questions have been planned in such a way that this book can be used as companion to any textbook of Cardiothoracic Surgery.

320 Single Best Answer Questions for Final Year Medical Students

Practice Single Best Answer Questions: MRCOG Part 2 is an ideal revision resource for the new SBA format MRCOG Part 2 exam. The book contains over 200 questions across eight topics, based on the RCOG (Royal College of Obstetrics and Gynaecology) and NICE (National Institute for Health and Care Excellence) guidelines. The first chapter covers antenatal care and labour complications in UK

Read Book Single Best Answer Questions In Cardiothoracic Surgery

practice, including physiology, pharmacology, and labour mechanism. Further chapters cover aspects of normal and abnormal labour, caesarean section, cardiotocography (measuring the heartbeat of an unborn baby), and foetal hypoxia. Also included are questions on endometriosis, menstrual disorders, pelvic pain, cervical intraepithelial neoplasia and cervical cancers, vulval intraepithelial neoplasia and vulval disorders. The chapter on fertility includes general questions on male and female subfertility, and the urogynaecology section features questions on general procedures and treatment in primary care. Chapter eight consists of a complete practice SBA paper of 50 questions, to be taken under examination conditions. All chapters provide references for further reading to help MRCOG candidates prepare for the Part 2 exam. Key Points Over 200 questions arranged into eight topics Questions based on RCOG and NICE guidelines Excellent practice for the new SBA format exam, including a complete practice paper Authored by the convenor for International MRCOG Part 1 courses and member of the assessment sub-committee of RCOG

This examination and revision guide comprehensively tests knowledge at all levels in obstetrics and gynaecology. The wide-ranging sample questions have detailed answers to provide proper explanation and aid understanding, and the variety of question formats prepares students for all possibilities in the examination. The best of five question format is ideal for DRCOG candidates, the EMQs prepare the MRCOG candidates, and the MCQs will test both DRCOG and MRCOG candidates. The book is also highly recommended for undergraduates preparing for their finals, who will welcome the sample best of fives and EMQs now that essays and short answer questions are becoming a thing of the past.

Get Through Primary FRCA: SBAs

Eranthi Samarakoon understands the difficulties faced by students ever since the single best answer (SBA) questions were introduced in medical curricula in many countries around the world. She realises that the successful preparation for a professional examination requires understanding the style of the questions asked and the process of the examination. With these goals in mind, she has produced this set of two books containing a large number of questions in obstetrics (214) and gynaecology (214) to help the students in facing the examination with confidence.

Get Through PLAB Part 1: 500 Single Best Answer Questions

This book comprises six sets of single best answer practice papers. Each set contains 30 single best answer questions on physiology, pharmacology, clinical measurement and physics. The scenarios are based on the application of a wide knowledge of basic sciences relevant to the clinical practice of anaesthesia. The best possible answer to a given question is substantiated by detailed explanation drawn from recent journal articles and textbooks of anaesthesia and basic sciences. These questions enable the candidates to assess their knowledge in basic sciences and their ability to apply it to clinical practice. Alongside the previously published book Single Best Answer MCQs in Anaesthesia (Volume I - Clinical Anaesthesia, ISBN 978-1-903378-75-5), this book is an ideal companion for candidates sitting postgraduate examinations in anaesthesia, intensive care medicine, and pain management. It will also be a valuable educational resource for all trainees and practising anaesthetists.

MCQs for Cardiology Knowledge Based

Assessment

Intensive care medicine is a dynamic and evolving specialty, requiring its practitioners to be part physician, physiologist and anaesthetist. This requires a firm foundation of knowledge and an ability to apply this to the clinical situation. This book contains 270 multiple-choice questions allowing self-assessment of the breadth of knowledge required of the modern intensivist. The book is divided into three papers each consisting of 60 multiple true false (MTF) and 30 single best answer (SBA) questions covering areas including resuscitation, diagnosis, disease management, organ support, and ethical and legal aspects of practice. The MTF questions test factual knowledge and understanding of the evidence base underpinning intensive care medicine, while the SBA questions test the ability of the candidate to prioritise, compete options and make the best decision for the patient. Each question is peer reviewed and accompanied by concise and detailed explanatory notes with references to guide further reading. All the authors are practising intensive care physicians with firsthand experience of professional examinations in the specialty. This book will appeal to intensive care physicians approaching professional examinations worldwide, including the European Diploma, American Board and Faculty of Intensive Care Medicine examinations. In addition, it will appeal to intensive care nurses and allied healthcare professionals wishing to update their knowledge as part of continuing professional development, and to physicians sitting professional examinations in related

Read Book Single Best Answer Questions In Cardiothoracic Surgery

specialties requiring knowledge of intensive care medicine such as general medicine, general surgery and anaesthesia. This new book will complement the existing international best-selling title 'Multiple Choice Questions in Intensive Care Medicine' (ISBN 978 1 903378 64 9), also written by Dr Steve Benington.

Single Best Answers in Surgery, Second Edition

The questions are divided into two sections - 100 scenario-based questions present clinical vignettes with questions to test students' knowledge within a specific context and 200 knowledge-based questions offering a wide mix and variety of questions encompassing all of the major medical and surgical specialties. Detailed answers and explanations will help to develop students' learning and understanding.

Preparing to Pass the Frca

Specifically designed to help candidates revise for the MRCS exam, this book features 350 Single Best Answer multiple choice questions, covering the whole syllabus. Containing everything candidates need to pass the MRCS Part A SBA section of the exam, it focuses intensively on the application of basic sciences (applied surgical anatomy, physiology, and pathology) to the management of surgical patients. The high level of detail included within the questions and their explanations allows effective self-assessment of knowledge and quick identification of key areas requiring further attention. Varying approaches to Single Best Answer multiple choice questions are used, giving effective exam practice and guidance through revision and exam technique. This includes clinical case questions, 'positively-worded' questions, requiring selection of the most appropriate of relatively correct answers; 'two-step' or 'double-jump' questions, requiring several cognitive steps to arrive at the correct answer; as well as 'factual recall' questions, prompting basic recall of facts.

SBA MCQs for the MRCS

Single Best Answers in Surgery offers a new approach to revising for surgical finals; by not only indicating the correct answer to each question, but explaining the full rationale used for finding the answer in each case. This means the book is invaluable not only for self-testing before an exam, but will have long-term value throughout a student's surgical studies, through to finals exams and beyond. The questions are arranged into topic areas, followed by a practice exam for true self-assessment. Single Best Answers in Surgery contains 450 questions and answers in the following areas: (1) Pre- and Postoperative Management, (2) Fluid Balance and Parenteral Nutrition, (3) Trauma, (4) Abdomen: Upper GI and Hepatobiliary Surgery, (5) Abdomen: Lower GI Surgery (6) Abdomen: The Acute Abdomen, (7) Breast Surgery, (8) Vascular Surgery, (9) Urology, (10) Orthopaedics, (11) Neurosurgery, (12) ENT Surgery, (13) Ophthalmic Surgery, (14) Lumps, Bumps, Skin and Hernias, (15) Practice exam Produced by an excellent team of authors and with an introduction by Editorial Advisor Professor Sir Ara Darzi KBE.
