The Tin Box

Corporate giving currently accounts for nearly 10 percent of all charitable donations nationwide, and most experts agree that the flow of corporate resources earmarked for nonprofit programs is on the rise. Yet, many fund raisers are held back from tapping this gold mine by the fear they don't know how to "play the system" correctly. When it comes to soliciting corporate funds, even old hands at private fund raising find themselves stymied by the lack of clear-cut answers to such critical questions as: "How do I find out which companies give and how do I obtain information about them?" "Who are the funding decision makers, and how do I appeal to them and cultivate relationships with them?" "What hidden strings and pitfalls should I be aware of when soliciting corporate funds?" Successful Corporate Fund Raising provides in-depth answers to these and all your questions about finding and winning corporate funds. The distillation of Scott Sheldon's more than two decades of experience as a corporate fund raiser, it provides a complete blueprint for developing and maintaining successful corporate fund-raising programs at nonprofits of all sizes. The book begins with an in-depth exploration of the world of contemporary corporate giving. It explains the key differences between private funding and the "strategic philanthropy" practiced by many corporations. It describes the various forms corporate giving most commonly takes, including cash, in-kind, and volunteerism. And it clearly spells out the motivations, perceptions, expectations, and conditions driving most corporate funding. The lion's share of the book is devoted to schooling readers in effective low-cost strategies for locating, obtaining, and managing corporate resources. Organized around the five key components of a successful corporate funding initiative, it provides step-by-step guidance on how to research corporate funders, cultivate relationships with key personnel, solicit corporate resources, evaluate the efficacy of fund-raising initiatives, and manage funded programs. It also supplies a wealth of forms, questionnaires, sample letters and proposals, checklists, and other valuable tools that can easily be adapted for use in your organization.

Successful Corporate Fund Raising is an indispensable working resource for all nonprofit fund raisers, development managers, agency executives, and board members. An expert's guide to finding and winning corporate support for your nonprofit organization. This book shows fund raisers and executives at nonprofits of all sizes how to take advantage of the current corporate funding opportunities. K. Scott Sheldon provides a fresh, insider's look at contemporary corporate giving, and he develops a complete blueprint for developing a corporate fund-raising program. Step-by-step, he walks you through the entire corporate fund-raising process and:

- Describes proven fund-raising strategies and techniques that can be integrated into virtually any nonprofit organization
- Alerts you to the common pitfalls to corporate solicitation and shows you how to avoid them
- Explores the impact of new technologies on corporate fund raising
- Details solid strategies for taking advantage of resources other than cash, including in-kind donations and volunteers
- Illustrates key points with fascinating and instructive real-world case studies
- Arms you with an array of forms, checklists, sample documents, questionnaires, and other valuable tools

Summer Jobs Abroad 2007

Are you responsible for starting new teams, providing direction, allocating resources, removing roadblocks, and serving as an all-around champion for high-performance work teams? This practical, step-by-step guide is for you! Not only does this pocket reference emphasize the importance of turning slogans and talk into action, it tells how to do it. You'll get helpful guidelines for turning the principles of team management into day-to-day actions. Each chapter begins with a set of questions that the sponsor must ask before starting any team. The answers to these questions provide the keys to whether the project or activity actually warrants the effort that goes into a successful team. Once the need for the team has been clearly established, a checklist outlines the necessary actions the sponsor must take to successfully start and maintain the team. The remainder of each chapter provides the details and specific instructions for carrying out the activities on the checklist. Many of the steps include exercises, activities, or assignments to enhance the learning points. Covers the most common types of teams and team support elements.

Kenly Alister is a Grownup. Unlike those who sail through life taking what they want regardless of how their actions affect others, Kenly cleans up other people's messes, picks up the pieces, and is the one who others turn to for solace. As the child of an alcoholic, she weathered abuse and sadness and emerged from childhood determined to bring comfort and happiness to those she loves. While in college she fell for Ross Lowen. Ross wasn't looking for someone to take care of him--he wanted a lover, a friend, and a partner. In Kenly he found not only all that but a woman whose capacity for love and kindness bowled him over. The last fifteen years have been good to them and Kenly basks in the glow of a wonderful

marriage. An as an extral bonus she revels in their son who, even in his most arrogant, adolescent moments, still has the ability to take Kenly's breath away. This happy life is threatened when her dearest childhood friend dies and Kenly receives an old battered tin box, a relic of her childhood. Inside are the remnants of Kenly's past and a secret she has sheltered for decades. To reveal the secret means the destruction of her happy family--but can she continue to shoulder the weight of years of silence? The Tin Box is an achingly beautiful novel of one woman's desire to save all that she loves while honoring the past that made her into the woman she is. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Twelve-year-old Hari tries to make sense of his tumultuous and complex world in 1980's India. His experiment at eating fish leads to the accidental death of his grandmother; his preference for Hindi over his mother tongue Tamil leads to slanderous graffiti against his family in Madras; and his friendship with the family maid lands him in trouble with a militant Tamil film fan and political functionary called Vishu. Matters come to a head when MGR, a film star turned politician dies and his supporters led by Vishu declare a railway strike, trapping Hari and his mother in a train bound for Madras "Anand Mahadevan engages all the reader's senses with writing that is vivid and exotic, very often erotic, and touched throughout with gentle humour." - Gail Anderson-Dargatz

The New Review

Hassan Township

As project management has evolved and matured, so has the executive's role in project management. To ensure the success of individual projects and the organization as a whole, today's executives are increasingly involved in activities such as capacity planning, portfolio management, prioritization, and strategic planning specifically for project management. In fact, more and more executives are becoming certified Project Management Professionals (PMPs). What Executives Need to Know About Project Management offers executives a guide to project management, focusing on what they need to know and what they need to do. It provides step-by-step guidance to help executives get effective, well-resourced project management teams in place and ensure the success of any individual project. The book begins with basic principles, including a detailed discussion of the three best practices that enable executives to ensure effective project management: Developing an environment where project management is viewed as a profession Securing key personnel for project management positions Creating

opportunities for rewards and advancement through successful project management Next, the book explores how executives serve as executive sponsors in project management teams, setting forth solutions to the many problems and challenges they face in this role, including managing disagreements, delegating authority, and accelerating projects. The authors explain how the role of the executive sponsor changes depending upon the life-cycle phase of the project. For example, during the project initiation and planning phases, the sponsor may take on a very active role, ensuring that proper objectives are established and that the project plan satisfies the needs of the business as well as the needs of the client. During the execution phase, the sponsor may take on a less active role; however, the book shows how executive sponsors need to become involved when roadblocks appear, crises occur, and conflicts arise over priorities among projects. Throughout the book, helpful illustrations clarify complex concepts and processes.

House of Commons Debates

Removing his icy gaze from Irene and Karl, the soldier began looking over their paperwork. They both sat, barely breathing, trying to quell the fear that was fighting its way to the surface. The soldier suddenly beckoned Irene and Karl to follow him. Karl Berger and his family have survived Hitler's Reich only to again be devastated by Soviet rule. His parents decide young Karl must have a better future than the one offered him in East Germany. With his mother at his side, Karl sets out to make a daring escape across the border. He is desperate to leave his life under communism and start a new life in America, but will he make it? Join Karl on a thrilling glimpse of life Beyond the Wall.

Was life really that bad under the Saddam Hussein regime? Look Beyond the Fire: Daily Struggles Under Saddam's Regime is Mona K. Oshana's heart-rending account of the struggle to live and ultimately escape the cruel totalitarian rule of

Saddam Hussein. Oshana vividly captures the thoughts and suppressed way of life of the forgotten, misunderstood people of Iraq and how decades of oppression have affected their state of mind. Drawing on her own life experiences, she illustrates the anguish and the suffering of her people that is rarely seen or covered by the media. Look Beyond the Fire offers a true glimpse inside Iraq beyond the controversy, beyond the politics and beyond the line of fire to the heart of the country the people.
