enormously popular New York Times bestseller, *One Day*, to a compellingly human, deftly funny new novel about what holds marriages and families together—and what happens, and what we learn about ourselves, when everything threatens to fall apart. Douglas Petersen may be mild-mannered, but behind his reserve lies a sense of humor that, against all odds, seduces beautiful Connie into a second date . . . and eventually into marriage. Now, almost three decades after their relationship first blossomed in London, they live more or less happily in the suburbs with their moody seventeen year-old son, Albie. Then Connie tells him she thinks she wants a divorce. The timing couldn't be worse. Hoping to encourage her son's artistic interests, Connie has planned a month-long tour of European capitals, a chance to experience the world's greatest works of art as a family, and she can't bring herself to cancel. And maybe going ahead with the original plan is for the best anyway? Douglas is privately convinced that this landmark trip will rekindle the romance in the marriage, and might even help him to bond with Albie. Narrated from Douglas's endearingly honest, slyly witty, and at times aching optimistic point of view, *Us* is the story of a man trying to rescue his relationship with the woman he loves, and learning how to get closer to a son who's always felt like a stranger. *Us* is a moving meditation on the demands of marriage and parenthood, the regrets of abandoning youth for middle age, and the intricate relationship between the heart and the head. And in David Nicholls's gifted hands, Douglas's odyssey brings Europe—from the streets of Amsterdam to the famed museums of Paris, from the cafés of Venice to

the beaches of Barcelona—to vivid life just as he experiences a powerful awakening of his own. Will this summer be his last as a husband, or the moment when he turns his marriage, and maybe even his whole life, around?

The Hating Game meets Nick and Norah’s Infinite Playlist by way of Morgan Matson in this unforgettable romantic comedy about two rival overachievers whose relationship completely transforms over the course of twenty-four hours. Today, she hates him. It’s the last day of senior year. Rowan Roth and Neil McNair have been bitter rivals for all of high school, clashing on test scores, student council elections, and even gym class pull-up contests. While Rowan, who secretly wants to write romance novels, is anxious about the future, she’d love to beat her infuriating nemesis one last time. Tonight, she puts up with him. When Neil is named valedictorian, Rowan has only one chance at victory: Howl, a senior class game that takes them all over Seattle, a farewell tour of the city she loves. But after learning a group of seniors is out to get them, she and Neil reluctantly decide to team up until they’re the last players left—and then they’ll destroy each other. As Rowan spends more time with Neil, she realizes he’s much more than the awkward linguistics nerd she’s sparred with for the past four years. And, perhaps, this boy she claims to despise might actually be the boy of her dreams. Tomorrow...maybe she’s already fallen for him.

When Rupert Murdoch enlisted Roger Ailes to launch a cable news network in 1996, American politics and media changed forever. Now, with a remarkable level of detail and insight, New York Magazine reporter Gabriel Sherman brings Roger Ailes to life, along with the outsized personalities-Megyn Kelly, Gretchen Carlson, the Murdochs, Sarah Palin, Karl Rove, Glenn Beck, Mike Huckabee, Bill O'Reilly, Sean Hannity, and others-who have helped Fox News play a defining role in the great social and political controversies of the past two decades. Drawing on hundreds of interviews with Fox News insiders past and present, *The Loudest Voice in the Room* is an extraordinary feat of reportage. Story Locale-New York, NY

“[An] insightful and eloquent account of our evolving understandings of migraine, from a condition of weak-nerved women, to a ‘real’...disease” (Elizabeth Mitchell Armstrong Princeton University). Pain. Vomiting. Hours and days spent lying in the dark. Migraine is an extraordinarily common, disabling, and painful disorder that affects over 36 million Americans and costs the US economy at least \$32 billion per year. Nevertheless, it is a frequently dismissed, ignored, and delegitimized condition. In *Not Tonight*, sociologist Joanna Kempner argues that this general dismissal of migraine can be traced back to the gendered social values embedded in the way we talk about, understand, and care for people in pain. The

symptoms that accompany headache disorders—like head pain, visual auras, and sensitivity to sound—lack objective markers of distress that can confirm their existence. Therefore, doctors must rely on the perceived moral character of their patients to gauge how serious their complaints are. Kempner shows how this subjective dimension of diagnosis has shaped the history of migraine. In the nineteenth-century, migraine was seen as a disorder of upper-class intellectual men and hysterical women. In the 1940s, the concept of “migraine personality” developed, in which women with migraine were described as uptight neurotics who withheld sex. Even today, we see depictions of people with highly sensitive “migraine brains.” Not Tonight casts new light on how cultural beliefs about gender, pain, and the distinction between mind and body influence not only whose suffering we legitimate, but which remedies are marketed, how medicine is practiced, and how knowledge about disease is produced.

The New York Times bestselling novel about a young man practicing magic in the real world, now an original series on SYFY “The Magicians is to Harry Potter as a shot of Irish whiskey is to a glass of weak tea. . . . Hogwarts was never like this.” —George R.R. Martin “Sad, hilarious, beautiful, and essential to anyone who cares about modern fantasy.” —Joe Hill “A very knowing and wonderful take on the wizard school genre.” —John Green “The Magicians may just be the most subversive, gripping and enchanting

fantasy novel I've read this century." —Cory Doctorow
"This gripping novel draws on the conventions of contemporary and classic fantasy novels in order to upend them . . . an unexpectedly moving coming-of-age story." —The New Yorker "The best urban fantasy in years." —A.V. Club Quentin Coldwater is brilliant but miserable. A high school math genius, he's secretly fascinated with a series of children's fantasy novels set in a magical land called Fillory, and real life is disappointing by comparison. When Quentin is unexpectedly admitted to an elite, secret college of magic, it looks like his wildest dreams have come true. But his newfound powers lead him down a rabbit hole of hedonism and disillusionment, and ultimately to the dark secret behind the story of Fillory. The land of his childhood fantasies turns out to be much darker and more dangerous than he ever could have imagined. . . . The prequel to the New York Times bestselling book *The Magician King* and the #1 bestseller *The Magician's Land*, *The Magicians* is one of the most daring and inventive works of literary fantasy in years. No one who has escaped into the worlds of Narnia and Harry Potter should miss this breathtaking return to the landscape of the imagination.

true story of the elusive serial rapist turned murderer who terrorized California during the 70s and 80s, and of the gifted journalist who died tragically while investigating the case—which was solved in April 2018. The haunting true story of the elusive serial rapist turned murderer who terrorized California during the 70s and 80s, and of the gifted journalist who died tragically while investigating the case—which was solved in April 2018. Introduction by Gillian Flynn • Afterword by Patton Oswalt “A brilliant genre-buster. Propulsive, can’t-stop-now reading.” —Stephen King For more than ten years, a mysterious and violent predator committed fifty sexual assaults in Northern California before moving south, where he perpetrated ten sadistic murders. Then he disappeared, eluding capture by multiple police forces and some of the best detectives in the area. Three decades later, Michelle McNamara, a true crime journalist who created the popular website TrueCrimeDiary.com, was determined to find the violent psychopath she called “the Golden State Killer.” Michelle pored over police reports, interviewed victims, and embedded herself in the online communities that were as obsessed with the case as she was. *I’ll Be Gone in the Dark*—the masterpiece McNamara was writing at the time of her sudden death—offers an atmospheric snapshot of a moment in American history and a chilling account of a criminal mastermind and the wreckage he left behind. It is also a portrait of a woman’s obsession and her unflagging pursuit of the truth. Utterly original and compelling, it has been hailed as a modern true crime classic—one which fulfilled Michelle's dream: helping unmask the Golden State Killer.

Broken Up

The bestselling, Man Booker Prize-winning novel hailed as "a true achievement. Catton has built a lively parody of a 19th-century novel, and in so doing created a novel for the 21st, something utterly new. The pages fly." -- New York Times Book Review It is 1866, and Walter Moody has come to stake his claim in New Zealand's booming gold rush. On the stormy night of his arrival, he stumbles across a tense gathering of 12 local men who have met in secret to discuss a series of unexplained events: a wealthy man has vanished, a prostitute has tried to end her life, and an enormous cache of gold has been discovered in the home of a luckless drunk. Moody is soon drawn into a network of fates and fortunes that is as complex and exquisitely ornate as the night sky. Richly evoking a mid-nineteenth-century world of shipping, banking, and gold rush boom and bust, *The Luminaries* is at once a fiendishly clever ghost story, a gripping page-turner, and a thrilling novelistic achievement. It richly confirms that Eleanor Catton is one of the brightest stars in the international literary firmament.

—Angie Thomas, New York Times bestselling author of *The Hate U Give* An NAACP Image Award Nominee, *I'm Not Dying with You Tonight* follows two teen girls—one black, one white—who have to confront their own assumptions about racial inequality as they rely on each other to get through the violent race riot that has set their city on fire with civil unrest. Lena has her killer style, her awesome boyfriend, and a plan. She knows she's going to make it big. Campbell, on the other hand, is just trying to keep her head down and get through the year at her new school. When both girls attend the Friday-night football game, what neither expects is for everything to descend into sudden mass chaos. Chaos born from violence and hate. Chaos that unexpectedly throws them together. They aren't friends. They hardly understand the other's point of view. But none of that matters when the city is up in flames, and they only have each other to rely on if they're going to survive the night. This book is perfect for: Sparking conversations about prejudice and the racial tension that exists in America Parents and educators looking for multicultural and African American books for teens Fans of Nic Stone, Angie Thomas, and Jason Reynolds Additional Praise for *I'm Not Dying with You Tonight*: "A vital addition to the YA race relations canon." —Nic Stone, New York Times bestselling author of *Dear Martin* "An astounding achievement. The Path Made Clear

Before the advent of cable and its hundreds of channels, before iPods and the Internet, three

television networks ruled America's evenings. And for twenty-three years, Ed Sullivan, the Broadway gossip columnist turned awkward emcee, ruled Sunday nights. It was Sullivan's genius to take a worn-out stage genre-vaudeville-and transform it into the TV variety show, a format that was to dominate for decades. *Right Here on Our Stage Tonight!* tells the complete saga of *The Ed Sullivan Show* and, through the voices of some 60 stars interviewed for the book, brings to life the most beloved, diverse, multi-cultural, and influential variety hour ever to air. Gerald Nachman takes us through those years, from the earliest dog acts and jugglers to Elvis Presley, the Beatles, and beyond. Sullivan was the first TV impresario to feature black performers on a regular basis-including Nat King Cole, Pearl Bailey, James Brown, and Richard Pryor-challenging his conservative audience and his own traditional tastes, and changing the face of American popular culture along the way. No other TV show ever cut such a broad swath through our national life or cast such a long shadow, nor has there ever been another show like it. Nachman's compulsively readable history, illustrated with classic photographs and chocked with colorful anecdotes, reanimates *The Ed Sullivan Show* for a new generation.

This Just Speaks to Me

#1 NEW YORK TIMES BESTSELLER • From the National Book Award-winning author of *Stamped from the Beginning* comes a “groundbreaking” (Time) approach to understanding and uprooting racism and inequality in our society—and in ourselves. “The most courageous book to date on the problem of race in the Western mind.”—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Time • NPR • The Washington Post • Shelf Awareness • Library Journal • Publishers Weekly • Kirkus Reviews Antiracism is a transformative concept that reorients and reenergizes the conversation about racism—and, even more fundamentally, points us toward liberating new ways

of thinking about ourselves and each other. At its core, racism is a powerful system that creates false hierarchies of human value; its warped logic extends beyond race, from the way we regard people of different ethnicities or skin colors to the way we treat people of different sexes, gender identities, and body types. Racism intersects with class and culture and geography and even changes the way we see and value ourselves. In *How to Be an Antiracist*, Kendi takes readers through a widening circle of antiracist ideas—from the most basic concepts to visionary possibilities—that will help readers see all forms of racism clearly, understand their poisonous consequences, and work to oppose them in our systems and in ourselves. Kendi weaves an electrifying combination of ethics, history, law, and science with his own personal story of awakening to antiracism. This is an essential work for anyone who wants to go beyond the awareness of racism to the next step: contributing to the formation of a just and equitable society. Praise for *How to Be an Antiracist*

Everyone has a purpose. And, according to Oprah Winfrey, “Your real job in life is to figure out as soon as possible what that is, who you are meant to be, and begin to honor your calling in the best way possible.” That journey starts right here. In her latest book, *The Path Made Clear*, Oprah shares what she sees as a guide for activating your deepest vision of yourself, offering the framework for creating not just a life of success, but one of significance. The book’s ten chapters are organized to help you recognize the important milestones along the road to self-discovery, laying out what you really need in order to achieve personal contentment, and what life’s detours are there to teach us. Oprah opens each chapter by sharing her own key lessons and the personal stories that helped set the course for her best life. She then brings together wisdom and insights from luminaries in a wide array of fields, inspiring readers to consider what they’re meant to do in the world and how to

pursue it with passion and focus. Renowned figures such as Eckhart Tolle, Brene Brown, Lin-Manuel Miranda, Elizabeth Gilbert, Jay-Z, and Ellen DeGeneres share the greatest lessons from their own journeys toward a life filled with purpose. Paired with over 100 awe-inspiring photographs to help illuminate the wisdom of these messages, *The Path Made Clear* provides readers with a beautiful resource for achieving a life lived in service of your calling - whatever it may be.

"Saturday Night Live head writer and Weekend Update co-anchor, Colin Jost, has six sets of stitches on his face alone. He's been punched in at least four different sketches on Saturday Night Live, including once by his boss, Lorne Michaels. But if there's one trait that makes someone well suited to comedy, it's being able to take a punch-metaphorically and, occasionally, physically. From growing up as an overweight kid in a family of firefighters on Staten Island to commuting three hours a day to high school and "seeing the sights" (like watching a Russian woman throw a stroller off the back of a ferry) to attending Harvard while Facebook was created (and choosing comedy instead!), Colin shares how he has navigated the world like a "slightly smarter Forrest Gump." You'll also discover things about Colin that will surprise and confuse you. You'll go behind the scenes at SNL (where he's written some of the most iconic sketches and characters of the past fifteen years) and Weekend Update (where's he's been "the
