Civics

The Washington Journey is a 7th grade history textbook. The outline for this book is based on Washington's NEW Essential Academic Learning Requirements for social studies and teaches civics, history, geography, and economics. The student edition places the state's historical events in the larger context of our nation's history and has many features such as local images, primary sources, Washington Portraits, timelines, and skill pages based on the EARLs. Table of Contents Unit 1: Setting the Stage Chapter 1 The Far Corner: Washington's Geography and Geology Chapter 2 Early Encounters: Two Worlds Meet Chapter 3 Settlement of the Northwest Unit 2: Washington Takes Shape Chapter 4 From Treaties to Statehood Chapter 5 A State of Growth Chapter 6 An Era of Reform Unit 3: Challenging Times Chapter 7 The Great Depression and World War II Chapter 8 Washington Comes of Age Unit 4: Modern Washington Chapter 9 Our Government in Action Chapter 10 Our State Economy

Understanding by Design

Presents a multifaceted model of understanding, which is based on the premise that people can demonstrate understanding in a variety of ways.

History Alive!

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also

provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

The Monroe Doctrine

Presents an illustrated version of the preamble to the Constitution of the United States.

September 11, 2001.

The Watsons Go to Birmingham, 1963 by Christopher Paul Curtis

Every major measure of students' historical understanding since 1917 has demonstrated that students do not retain, understand, or enjoy their school experiences with history. Bruce Lesh believes that this is due to the way we teach history -- lecture and memorization. Over the last fifteen years, Bruce has refined a method of teaching history that mirrors the process used by historians, where students are taught to ask questions of evidence and develop historical explanations. --from publisher description.

The American Crisis

Bring Learning Alive!

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass*

The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

History Alive!

Text of the speeches from "Political debates between Lincoln and Douglas," Columbus, Ohio, 1860, with connecting narrative by the editor, and much illustrative material from contemporary newspapers, etc.

We the Kids

WINNER OF THE THURBER PRIZE The compelling, inspiring, (often comic) coming-of-age story of Trevor Noah, set during the twilight of apartheid and the tumultuous days of freedom that followed. One of the comedy world's brightest new voices, Trevor Noah is a light-footed but sharp-minded observer of the absurdities of politics, race and identity, sharing jokes and insights drawn from the wealth of experience acquired in his relatively young life. As host of the US hit show The Daily Show with Trevor Noah, he provides viewers around the globe with their nightly dose of biting satire, but here Noah turns his focus inward, giving readers a deeply personal, heartfelt and humorous look at the world that shaped him. Noah was born a crime, son of a white Swiss father and a black Xhosa mother, at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the first years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, take him away. A collection of eighteen personal stories, Born a Crime tells the story of a mischievous young boy growing into a restless young man as he struggles to find his place in a world where he was never supposed to exist. Born a Crime is equally the story of that young man's fearless, rebellious and fervently religious mother - a woman determined to save her son from the cycle of poverty, violence and abuse that ultimately threatens her own life. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Noah illuminates his curious world with an incisive wit and an unflinching honesty. His stories weave together to form a personal portrait of an unlikely childhood in a dangerous time, as moving and unforgettable as the very best memoirs and as funny as Noah's own hilarious stand-up. Born a Crime is a must read.

The Lincoln-Douglas Debates of 1858

Fritz presents the biography of King George III, ruler who was determined to be a good king but who had the not uncommon royal viewpoint that whoever disagreed with him was 'a traitor or a scoundrel.'--Bulletin of the Center for Children's Books.

Reading Like a Historian

Visit www.heinemann.com/ReadingNonfiction for special previews, videos, and more. "When students recognize that

nonfiction ought to challenge us, ought to slow us down and make us think, then they're more likely to become close readers." That means we need to help them question texts, authors, and, ultimately, their own thinking. No matter the content area, with Reading Nonfiction's classroom-tested suggestions, you'll lead kids toward skillful and responsible disciplinary literacy. Picking up where their smash hit Notice & Note left off, Kylene Beers and Bob Probst write: "Fiction invites us into the writer's imagined world; nonfiction intrudes into ours and purports to tell us something about it." This crucial difference increases the responsibility of the nonfiction reader, so Kylene and Bob have developed interlocking scaffolds that every student can use to go beyond a superficial reading: 3 essential questions that set students up for closer, more attentive readings of nonfiction texts 5 Notice & Note nonfiction signposts that cue kids to apply the skills and processes that sophisticated readers use instinctively 7 proven strategies readers can use to clear up confusions when the text gets tough. We all know the value of helping students define nonfiction and understand its text structures. Reading Nonfiction goes the next crucial step-helping kids challenge the claims of nonfiction authors, be challenged by them, and skillfully and rigorously make up their mind about purported truths.

History Alive!

History Alive! Pursuing American Ideals centers on the five founding ideals from the Declaration of Independence: equality, rights, liberty, opportunity, and democracy. Each generation has struggled with these ideals. Some have made little progress toward achieving them. Others have made great progress. This book invites students to become engaged in this struggle, from establishing an American republic to the making of modern America. --Website.

U.S. History

A 2019 Coretta Scott King Illustrator Honor Book * A School Library Journal Best Book of the Year * A Booklist Editors' Choice * A Kirkus Reviews Best Children's Book * Booklist Top 10 Diverse Books for Middle Grade or Older Readers * A Chicago Public Library Best of the Best Books "(A) history that everyone should know: required and inspired." - Kirkus Reviews, starred review This historical fiction picture book presents the story of nine-year-old Lorraine Jackson, who in 1968 witnessed the Memphis sanitation strike--Dr. Martin Luther King Jr.'s final stand for justice before his assassination--when her father, a sanitation worker, participated in the protest. In February 1968, two African American sanitation workers were killed by unsafe equipment in Memphis, Tennessee. Outraged at the city's refusal to recognize a labor union that would fight for higher pay and safer working conditions, sanitation workers went on strike. The strike lasted two months, during which Dr. Martin Luther King Jr. was called to help with the protests. While his presence was greatly inspiring to the community, this unfortunately would be his last stand for justice. He was assassinated in his Memphis hotel the day after delivering his "I've Been to the Mountaintop" sermon in Mason Temple Church. Inspired by the memories of a teacher who participated in the strike as a child, author Alice Faye Duncan reveals the story of the Memphis sanitation strike from the perspective of a young girl with a riveting combination of poetry and prose.

The American Yawp

The Washington Journey

Helping students succeed in three main parts: class involvement activities, reading this book, and writing about your learning in an interactive notebook.

Glencoe World History

The exciting field of biblical archaeology has revolutionized our understanding of the Bible -- and no one has done more to popularise this vast store of knowledge than Israel Finkelstein and Neil Silberman, who revealed what we now know about when and why the Bible was first written in *The Bible Unearthed*. Now, with David and Solomon, they do nothing less than help us to understand the sacred kings and founding fathers of western civilization. David and his son Solomon are famous in the Bible for their warrior prowess, legendary loves, wisdom, poetry, conquests, and ambitious building programmes. Yet thanks to archaeology's astonishing finds, we now know that most of these stories are myths. Finkelstein and Silberman show us that the historical David was a bandit leader in a tiny back-water called Jerusalem, and how -- through wars, conquests and epic tragedies like the exile of the Jews in the centuries before Christ and the later Roman conquest -- David and his successor were reshaped into mighty kings and even messiahs, symbols of hope to Jews and Christians alike in

times of strife and despair and models for the great kings of Europe. A landmark work of research and lucid scholarship by two brilliant luminaries, David and Solomon recasts the very genesis of western history in a whole new light.

World History and Geography

This book focuses on the root causes of the generation gap in voter turnout—changes in media consumption habits over time. It lays out an argument as to why young people have been tuning out politics in recent years, both in the United States and in other established democracies.

Reading Nonfiction

This practical resource shows you how to apply Sam Wineburg's highly acclaimed approach to teaching, "Reading Like a Historian," in your middle and high school classroom to increase academic literacy and spark students' curiosity. Chapters cover key moments in American history, beginning with exploration and colonization and ending with the Cuban Missile Crisis.

American Government

A bestselling modern classic—both poignant and funny—about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America's best-loved novels by PBS's The Great American Read, Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.

History Alive!

Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.

American Government

Addressed to the Inhabitants of America, on the Following Interesting Subjects, viz.: I. Of the Origin and Design of Government in General, with Concise Remarks on the English Constitution. II. Of Monarchy and Hereditary Succession. III. Thoughts on the Present State of American Affairs. IV. Of the Present Ability of America, with some Miscellaneous Reflections

If You Lived in Colonial Times

The American Crisis was a series of pamphlets published from 1776 to 1783 during the American Revolution by eighteenth

century Enlightenment philosopher and author Thomas Paine. The first volume begins with the famous words "These are the times that try men's souls." There were sixteen pamphlets in total together often known as "The American Crisis" or simply "The Crisis." Thirteen numbered pamphlets were published between 1776-1777 with three additional pamphlets released between 1777-1783. The writings were contemporaneous with the early parts of the American Revolution, during the times that colonists needed inspiring. They were written in a language the common man could manage and are indicative of Paine's liberal philosophies. Paine signed them with one of his many pseudonyms "Common Sense." The writings bolstered the morale of the American colonists, appealed to the English people's consideration of the war with America, clarified the issues at stake in the war and denounced the advocates of a negotiated peace. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.
