When the Ku Klux Klan's unwelcome reappearance rattles Stella's segregated southern town, bravery battles prejudice in this New York Times bestselling

Online Library Tears Of A Tiger Hazelwood High 1 Sharon M Draper

Depression-era “novel that soars” (The New York Times Book Review) that School Library Journal called “storytelling at its finest” in a starred review. Stella lives in the segregated South—in Bumblebee, North Carolina, to be exact about it. Some stores she can go into. Some stores she can’t. Some folks are right pleasant. Others are a lot less so. To Stella, it sort of evens out, and heck, the Klan hasn’t bothered them for years. But one late night, later than she should ever be up, much less wandering around outside, Stella and her little brother see something they’re never supposed to see, something that is the first flicker of change to come, unwelcome change by any stretch of the imagination. As Stella’s community—her world—is upended, she decides to fight fire with fire. And she learns that ashes don’t necessarily signify an end.

Copper Sun

A number of developments spanning a multitude of techniques makes this an exciting time for research in serotonin receptors. A comprehensive review of the subject from a multidisciplinary perspective, *Serotonin Receptors in Neurobiology* is among the first books to include information on serotonin receptor knockout studies. With contributions from leading experts in their fields, the book explores serotonin receptors from a broad-based, multidisciplinary approach. The approaches described vary from molecular biological techniques to fluorescence microscopy and imaging, to genetic manipulation in animal models, providing a

wide range of tools to study serotonergic phenomena. While each of these approaches has its own advantages and limitations, the synthesis of information and knowledge achieved from studies using multiple approaches will result in a comprehensive understanding of the underlying complex phenomena involved in serotonergic signaling and its implications in health and disease. The book provides an overall understanding of these receptors based on currently used methodologies and techniques. It describes specific experimental procedures that will be of use to researchers interested in addressing similar problems involving other G-protein-coupled receptor signaling systems.

Tears of a Tiger

“A page-turner that combines genuine intrigue with heartbreak and desire.”
—Holly Goldberg Sloan, New York Times bestselling author of *Counting by 7s* Part mystery, part love story, and part coming-of-age tale in the vein of *Thirteen Reasons Why*, *The Perks of Being a Wallflower*, and *The Spectacular Now*, Michelle Falkoff’s debut is an honest and gut-wrenching novel about loss, rage, what it feels like to outgrow a friendship that’s always defined you—and the struggle to redefine yourself. There was a party. There was a fight. The next morning, Sam’s best friend, Hayden, was dead. And all he left Sam was a playlist of songs and a suicide

note: For Sam—listen and you'll understand. To figure out what happened, Sam has to rely on the playlist and his own memory. But the more he listens, the more he realizes that his memory isn't as reliable as he thought. And it might only be by taking out his earbuds and opening his eyes to the people around him that he'll finally be able to piece together his best friend's story. And maybe have a chance to change his own. "An absorbing and sensitive read." —Bulletin of the Center for Children's Books "Falkoff lightens the substantial topics of grief, bullying, and suicide with Sam's engaging investigation." —ALA Booklist "Realistic and well-written. The strong characters, dialogue and the use of the playlist to structure the book make this a good pick for struggling readers." —School Library Journal "Falkoff treats a difficult topic with delicacy and care." —Publishers Weekly "Truly powerful moments." —Kirkus Reviews

Eleven-year-old Isabella's blended family is more divided than ever in this thoughtful story about divorce and racial identity from the award-winning and New York Times bestselling author of *Out of My Mind*, Sharon M. Draper. Eleven-year-old Isabella's parents are divorced, so she has to switch lives every week: One week she's Isabella with her dad, his girlfriend Anastasia, and her son Darren living in a fancy house where they are one of the only black families in the neighborhood. The next week she's Izzy with her mom and her boyfriend John-Mark in a small, not-so-fancy house that she loves. Because of this, Isabella has always felt pulled between two worlds. And now that her parents are divorced, it seems their fights are even worse, and they're always about HER. Isabella feels even more stuck in the middle, split and divided between them than ever. And she's beginning to realize that being split between Mom and Dad is more than switching houses, switching nicknames, switching backpacks: it's also about switching identities. Her dad is black, her mom is white, and strangers are always commenting: "You're so exotic!" "You look so unusual." "But what are you really?" She knows what they're really saying: "You don't look like your parents." "You're different." "What race are you really?" And when her parents, who both get engaged at the same time, get in

their biggest fight ever, Isabella doesn't just feel divided, she feels ripped in two. What does it mean to be half white or half black? To belong to half mom and half dad? Isabella and Darren are stopped by the police. A cell phone is mistaken for a gun. And shots are fired.

Far away it stays as reaching turns out to be a perceptual myopia. The words that one wants to shed, scream and write with blood writes she as calm and silent as a feather's resilience. Heartaches are mere words, departures are sheer feelings that she portrays on a page when one fails to find ease but finds anyway, reading Iman Hamid. The Poetess who paints the misery and joy as arrival and departure in airports, who said, "I shall write about everything I remember, in case our goodbye is permanent." I never knew the language of hurt before reading her, a kind that guides one to have a reason more to feel alive in it. "Nights are longer for those minds that work like a boomerang" said she, meaning actions will happen a thousand times that has appeared earlier. Iman Hamid with her poetry collection named Tears and Tea would make you taste every drop from your eyes sweet and your tongue to crave tea even more. As it does to me. Sahil Bhambri - Author of All That Is Unseen Iman Hamid's writing gives us fascinating insights into love and life, written mainly in the first person we feel the authors pain, pleasure and hopes, and fears. Her remarkable gift is stirring the reader's emotions to tears, questions and deep thought through parable verses. Iman Hamid leads us to believe there is a yearning for something, something bigger than self, for God or for ethereal love. Reading her compositions we can enter a place of bliss and escapism, a perfect tea cocktail for true talking and therapeutic words. A substantial debut collection of poetry ranging from aubade genre to elegy captures a fragment of her prolific mind. Amanda Epe - Award-winning author

"A novel of the first rank, the kind of monumental work Italo Calvino called 'encyclopedic' in the way it sweeps up history into a comprehensible and deeply textured pattern." — The New York Times Book Review Fearing a death sentence, Octavian and his tutor, Dr. Trefusis, escape through rising tides and pouring rain to find shelter in British-occupied Boston. Sundered from all he knows — the College of Lucidity, the rebel cause — Octavian hopes to find safe harbor. Instead, he is soon to learn of Lord Dunmore's proclamation offering freedom to slaves who join the counterrevolutionary forces. In Volume II of his unparalleled masterwork, M. T. Anderson recounts Octavian's experiences as the Revolutionary War explodes around him, thrusting him into intense battles and tantalizing him with elusive visions of liberty. Ultimately, this astonishing narrative escalates to a startling, deeply satisfying climax, while reexamining our national origins in a singularly provocative light.
