John Carter of Mars:

The John Carter Trilogy of Edgar Rice Burroughs

Read about John Carter's adventures on Mars!! From a cave in Arizona, former confederate soldier John Carter mysteriously transports to the surface of Mars. After a few successful trials with the local Martian population called Tharks, a nomadic green-skinned race with six limbs, he finds himself as a new, and respected, member of the tribe These stories were written over 100 years ago and have become American Classics. The Trilogy includes the following books. A Princess of Mars Gods of Mars Warlords of Mars A Princess of Mars A Princess of Mars is a science fantasy novel by American writer Edgar Rice Burroughs, the first of his Barsoom series. It was first serialized in the pulp magazine All-Story Magazine

from February–July, 1912. Full of swordplay and daring feats, the novel is considered a classic example of 20th-century pulp fiction. It is also a seminal instance of the planetary romance, a subgenre of science fantasy that became highly popular in the decades following its publication. Its early chapters also contain elements of the Western. The story is set on Mars, imagined as a dying planet with a harsh desert environment. This vision of Mars was based on the work of the astronomer Percival Lowell, whose ideas were widely popularized in the late 19th and early 20th centuries. The Barsoom series inspired a number of well-known 20th-century science fiction writers, including Jack Vance, Ray Bradbury, Arthur C. Clarke, Robert A. Heinlein, and John Norman. The series was also inspirational for many scientists in the fields of space exploration and the search for extraterrestrial life, including Carl Sagan, who read *A Princess of Mars* when he was a child. The Gods of Mars

The Gods of Mars is a science fantasy novel by American writer Edgar Rice Burroughs and the second of Burroughs' Barsoom series. It features the characters of John Carter and Carter's wife Dejah Thoris. It was first published in *The All-Story* as a five-part serial in the issues for January–May 1913.[1] It was later published as a complete novel by A. C. McClurg in September, 1918 and in many editions subsequently. The Warlords of Mars

The Warlord of Mars is a science fantasy novel by American writer Edgar Rice Burroughs, the third of his Barsoom series. Burroughs began writing it in June, 1913, going through five working titles; *Yellow Men of Barsoom*, *The Fighting Prince of Mars*, *Across Savage Mars*, *The Prince of Helium*, and *The War Lord*

of Mars. The finished story was first published in All-Story Magazine as a four-part serial in the issues for December, 1913-March, 1914.[1] It was later published as a complete novel by A. C. McClurg in September, 1919.

Swords of Mars

The Moon Maid is a fantasy novel by American writer Edgar Rice Burroughs, belonging to the Lost World sub-genre. It was written in three parts, Part 1 was begun in June 1922 under the title The Moon Maid, Part 2 was begun in 1919 under the title Under the Red Flag, later retitled The Moon Men, Part 3 was titled The Red Hawk. As evident from its name, Under the Red Flag was originally set in contemporary Soviet Russia, with the Bolsheviks as villains; as this was not popular with the publishers, Burroughs transferred it to a science-fictional setting, with the evil Communist-like "Kalkars" taking over the Moon (in the first part) and then the Earth (in the second part, with the help of a renegade Earthman) and being finally overthrown in the third part. (Also the Thorists, villains of Pirates of Venus, are clearly modeled on the Russian Communists.)

A Guide to Barsoom

In the shadows of the forest that flanks the crimson plain by the side of the Lost Sea of Korus in the Valley Dor, beneath the hurtling moons of Mars, speeding their meteoric way close above the bosom of the dying planet, I crept stealthily along the trail of a shadowy form that hugged the darker places with a persistency that proclaimed the sinister nature of its errand. For six long Martian months I had haunted the vicinity of the hateful Temple of the Sun, within whose slow-revolving shaft, far beneath the surface of Mars, my princess lay entombed-but whether alive or dead I knew not. Had Phaidor's slim blade found that beloved heart? Time only would reveal the truth. Six hundred and eighty-seven Martian days must come and go before the cell's door would again come opposite the tunnel's end where last I had seen my ever-beautiful Dejah Thoris. Half of them had passed, or would on the morrow, yet vivid in my memory, obliterating every event that had come before or after, there remained the last scene before the gust of smoke blinded my eyes and the narrow slit that had given me sight of the interior of her cell closed between me and the Princess of Helium for a long Martian year.

Llana of Gathol

When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

The Martian Chronicles

This adaptation will not only give readers an amazing novelization of the upcoming John Carter film, but also the original text of *A Princess of Mars*, by Edgar Rice Burroughs. *A Princess of Mars* was the first book to feature John Carter, led to an eleven-book series featuring his adventures, and was also the basis for the 2012 movie! The movie *John Carter* tells the story of a war-weary former military captain during the Civil War, who is inexplicably transported to Mars. He quickly (and reluctantly) becomes embroiled in a conflict of epic proportions amongst the inhabitants of the planet. The adaptation, written by Stuart Moore, wonderfully brings the movie's otherworldly action and adventure to the page, while keeping the themes of family, planetary survival, and loyalty at heart.

The book *Llana of Gathol* first appeared as four separate stories, published in the pulp magazine *Amazing Stories*, comprising *The City of Mummies*, *Black Pirates of Barsoom*, *Yellow Men of Mars*, and *Invisible Men of Mars*. We present the original texts as they first appeared in print, including the mistakes made by Ray Palmer, editor of *Amazing Stories*, in his editing of *Invisible Men of Mars*, where he added text and dialogue to match the cover painting, but then forgot about the initial changes and failed to keep the storyline constant (dealing with the helmet worn by Mortus, not found in the original story but needed because of the cover painting).

A Fighting Man of Mars

The Gods of Mars is an Edgar Rice Burroughs science fiction novel, the second of his famous Barsoom series. It can be said that the novel set the tone for much science fiction to come. Its influence can clearly be seen in franchises such as Star Trek and Farscape. While Burroughs no doubt borrowed liberally from the pulp fiction of his day, particularly westerns and swashbuckling tales, the pacing and themes set the tone for the soft science fiction genre. The protagonist, John Carter, with his proficiency in hand-to-hand combat and flirtations with beautiful alien women, could be said to have set the mold for later influential icons like Captain James T. Kirk and James Bond.

John Carter: The Movie Novelization

Combining other worldly, adventures with elements of classical myth and fast-paced plots with cliffhanging tension, Edgar Rice Burroughs' The Martian Tales Trilogy helped define a new literary genre emerging in the early twentieth century: science fiction. In the first installment of The Martian Tales Trilogy, hero John Carter wins the affections of the princess of Mars and the respect of the Martian warlords whom he befriends. The excitement continues in The Gods of Mars, when Carter engages the Black Pirates in airborne combat above the dead seas of Mars and leads a revolt to free the Martian races from a religion that thrives on living sacrifices.
