Phthor

Alek Khederian should have guessed something was wrong when his parents took him to a restaurant. Everyone knows that Armenians never eat out. Why bother, when their home cooking is far superior to anything "these Americans" could come up with? Between bouts of interrogating the waitress and criticizing the menu, Alek's parents announce that he'll be attending summer school in order to bring up his grades. Alek is sure this experience will be the perfect hellish end to his hellish

freshmen year of high school. He never could've predicted that he'd meet someone like Ethan. Ethan is everything Alek wishes he were: confident, free-spirited, and irreverent. When Ethan gets Alek to cut school and go to a Rufus Wainwright concert in New York City's Central Park, Alek embarks on his first adventure outside the confines of his suburban New Jersey existence. He can't believe a guy this cool wants to be his friend. And before long, it seems like Ethan wants to be more than friends. Alek has never thought about having a boyfriend—he's barely ever had a girlfriend—but maybe it's time to think again. Michael Barakiva's *One Man Guy* is a romantic, moving, laugh-out-loud-funny story about what happens when one person cracks open your world and helps you see everything—and, most of all, yourself--like you never have before.

How Precious Was That While

Implanted with a synthetic memory, a man begins to recall long-submerged thoughts and actions, finds that he has been living a sham, and becomes the target of the evil being who rules Mars

A Spell for Chameleon (The Parallel Edition Simplified)

Science fiction series, sequel to *Politician*'.

Climate of Change

In this brilliant continuation of the epic adventure that began in *Split Infinity*, Piers Anthony again proves himself a master of both fantasy and science fiction. For Stile, life was a matter of shuttling madly between two worlds, with the problems growing greater on each. On the science world of Proton, he was a serf, trying to prove his right to exist by competing in the Great Games. On Phaze, where only magic worked, he was the Blue Adept, trying to master the powers of sorcery. And on both worlds, someone was trying to assassinate him. Aside from winning increasingly difficult contests with no time to prepare, all he had to do was win the love of the Lady Blue, fight a dragon, discover the ultimate weapon—and, of course, seek the paranoid Adept or the all-powerful Citizen who was trying to kill him! And now, just when things were growing impossible, he had to fight a mortal duel with the unicorn Herd Leader, against whom his magic powers were useless!

Total Recall

While investigating a case of insurance fraud perpetrated on a poor family from Chicago's South Side, private detective V. I. Washawski is called in to assist her dear friend and mentor, Dr. Lotty Hershel, who is faced with the appearance of a mysterious man who may have a terrifying link to Lotty's past and dangerous

implications for her present. Reprint.

Alien

Piers Anthony's bestselling Xanth series is one of the cornerstones of fantasy, a lively and whimsical interpretation of a genre often criticized for taking itself too seriously. Anthony's first Xanth novel, *A Spell for Chameleon*, was initially edited to target a more traditional audience. Now, in an eBook exclusive, *A Spell for Chameleon* has been reworked line by line—its language matching the simpler, playful way with words that made Piers Anthony an enduring fan favorite. Xanth is an enchanted land where magic rules, a land of centaurs and dragons and basilisks where every citizen has a unique spell to call their own. For Bink of North Village, however, Xanth is no fairy tale. He alone has no magic. And unless he gets some—and fast!—he will be exiled. Forever. But the Good Magician Humfrey is convinced that Bink does indeed have magic. In fact, both Beauregard the genie and the magic wall chart insist that Bink has magic as powerful as any possessed by the King, the Good Magician Humfrey, or even the Evil Magician Trent. Be that as it may, no one can fathom the nature of Bink's very special magic. This is even worse than having no magic at all . . . and he still faces exile!

Films Into Books

Eigentlich ist der brave Douglas Quaid ganz zufrieden mit seinem Leben. Er verdient genug Geld, hat eine nette Wohnung und eine reizende junge Frau, die ihn zu lieben scheint. Nur ein seltsamer Traum verfolgt ihn Nacht für Nacht: Er steckt mit einer wunderschönen, ihm jedoch unbekanntem Frau in einer Felsspalte auf dem Mars fest. Sein heimliches Verlangen, einmal den Mars zu besuchen und vielleicht die rätselhafte Unbekannte zu treffen, treibt ihn schließlich zu Recall, einer Organisation, die statt kostspieliger Pauschal-Reisen erschwingliche Urlaubserinnerungen verkauft. Doch kaum hat sich Quaid eine Dosis Mars-Erinnerungen verpassen lassen, gerät sein Leben in wildeste, abenteuerlichste Turbulenzen: Killer machen Jagd auf ihn, sein bester Freund entpuppt sich als Agent, und seine Frau behauptet, gar nicht seine Frau zu sein. Total Recall - Die totale Erinnerung - das Buch zum bereits legendären SF-Action-Film (Regie: Paul Verhoeven) mit Arnold Schwarzenegger als Douglas Quaid, Sharon Stone als Lori, Ronny Cox als Vilos Coahaagen und Michael Ironside als Richter. Nach einer Idee von Philip K. Dick!

We Can Remember It for You Wholesale

Four fated individuals including a nature empath, a brave woman, a clever inventor and a seductive defender witness key moments in human history that are driven by natural forces that destroy some of the world's proudest civilizations. By the best-selling author of Isle of Woman. Reprint. 75,000 first printing.

Under A Velvet Cloak

From classic horror and pure suspense to Twilight-Zone-style dark fantasy, WHAT FEARS BECOME relentlessly explores our basic fears and leaves you with twisted endings that will make your skin crawl... This spine-tingling, international anthology contains contributions from the critically acclaimed online horror magazine, The Horror Zine, and features bestselling authors such as Bentley Little, Graham Masterton, Ramsey Campbell, Joe R. Lansdale, Elizabeth Massie, Ronald Malfi, Cheryl Kaye Tardif, Melanie Tem, Scott Nicholson, Piers Anthony, Conrad Williams, and many more. Edited by Jeani Rector of The Horror Zine and featuring a foreword by award-winning, bestselling author Simon Clark, it also contains deliciously dark delights from morbidly creative writers, poets and artists who have not yet made it big—but will very soon. Come and discover... WHAT FEARS BECOME

The Iron Maiden

Steven de Selby has a hangover. Bright lights, loud noise, and lots of exercise are the last thing he wants. But that's exactly what he gets when someone starts shooting at him. Steven is no stranger to death - Mr. D's his boss after all - but when a dead girl saves him from sharing her fate, he finds himself on the wrong

end of the barrel. His job is to guide the restless dead to the underworld but now his clients are his own colleagues, friends, and family. Mr. D's gone missing and with no one in charge, the dead start to rise, the living are hunted, and the whole city teeters on the brink of a regional apocalypse - unless Steven can shake his hangover, not fall for the dead girl, and find out what happened to his boss - that is, Death himself. THE BUSINESS OF DEATH includes the first two volumes of the Death Works trilogy, Death Most Definite and Managing Death, as well as the third volume.

What Fears Become

Throughout history, man has been searching for better ways to gather information about his universe. But although they may have longed for it, not even the most brilliant minds could conceive of a device as infinitely powerful or as immeasurably precise as the Macroscope, until the twenty-first century. This is a story of mans desperate search for a compromise between his mind and his heart, between knowledge and humanity.

Anatomy Recall

Bibliography of novels based on films. Not many books like this.

Pharmacology Recall

Gathers twenty-four science fiction stories, including "We Can Remember It for You Wholesale," "Second Variety," "The Golden Man," and "The Last of the Masters"

Total Recall

The crew of a commercial spaceship makes an unscheduled landing on a barren and desolate planet. They encounter a pulsating organism that attaches itself to one of the crew members and reproduces within his body to become the deadly alien.

Macroscopic

Douglas Quail is haunted by nightmares of Mars, covert missions and a life more glamorous than his earthbound 2089 AD reality. So he turns to Recall, manufacturers of synthetic memories. They implant a memory into him but he soon finds that his nightmares are true memories.

Question Quest

Youth is Wasted on the Young Being grown up is a drag . . . or so thinks Lacuna, one of the mischievous Castle Zombie twins. So she makes the Good Magician Grey an offer he can't refuse. Thirsty for a taste of the Elixir of Youth, she'll help him outwit the evil Com-Pewter if he'll send her to Hell (in a handbasket, no less) to find Humphrey, the missing sorcerer. And while there, she'll learn the True History of Xanth (simplified) and help rescue a blushing Rose from the demon X(A/N) . . . with the help of a gorgon or two.

One Man Guy

A Nebula and Hugo Award Finalist: The first novel by the New York Times–bestselling author of the Xanth series. Chthon was Piers Anthony's first published novel in 1967, written over the course of seven years. He started it when he was in the US Army, so it has a long prison sequence that is reminiscent of that experience, being dark and grim. It features Aton Five, a space man who commits the crime of falling in love with the dangerous, alluring Minionette and is therefore condemned to death in the subterranean prison of Chthon. It uses flashbacks to show how he came to know the Minionette, and flash-forwards to show how he dealt with her after his escape from prison. The author regards this as perhaps the most intricately structured novel the science fantasy genre has seen.

Fractal Mode

With the magic of Killobyte, a wheelchair-bound cop stands and fights an army of sorcerers, a heartbroken girl heals her pain through role-playing, and a mystery player satisfies his urge to kill. Reprint.

Killobyte

A world-renowned knight in the virtual reality land of "Chivalry," Mary de Courcy sees her fantasy and real worlds collide when someone attempts to kill her after she wins the virtual manor of St. Chad's-on-Wye. Original.

Refugee

When a mercenary warrior (Matt Damon) is imprisoned within The Great Wall, he discovers the mystery behind one of the greatest wonders of our world. As wave after wave of marauding beasts besiege the massive structure, his quest for fortune turns into a journey toward heroism as he joins a huge army of elite warriors to confront this unimaginable and seemingly unstoppable force.

Total Recall

This volume of the classic stories of Philip K. Dick offers an intriguing glimpse into the early imagination of one of science fiction's most enduring and respected names. Since his untimely death in 1982, interest in Dick's work has continued to mount and his reputation has been enhanced by a growing body of critical attention as well as many films based on his stories and novels. Featuring the story *We Can Remember It for You Wholesale*, which inspired the major motion picture *Total Recall*, this collection draws from the writer's earliest fiction, written during the years 1952-55. Also included are fascinating works such as *The Adjustment Team* (basis of the 2011 movie *The Adjustment Bureau*), *Impostor* (basis of the 2001 movie), and many others. "A useful acquisition for any serious SF library or collection." --Kirkus Reviews "More than anyone else in the field, Mr. Dick really puts you inside people's minds." --Wall Street Journal "The collected stories of Philip K. Dick are awe-inspiring." --Washington Post

A Point of Honor

The New York Times bestselling novel about a young man practicing magic in the real world, now an original series on SYFY "The Magicians is to Harry Potter as a shot of Irish whiskey is to a glass of weak tea. . . . Hogwarts was never like this." —George R.R. Martin "Sad, hilarious, beautiful, and essential to anyone who cares about modern fantasy." —Joe Hill "A very knowing and wonderful take on the

wizard school genre.” —John Green “The Magicians may just be the most subversive, gripping and enchanting fantasy novel I’ve read this century.” —Cory Doctorow “This gripping novel draws on the conventions of contemporary and classic fantasy novels in order to upend them . . . an unexpectedly moving coming-of-age story.” —The New Yorker “The best urban fantasy in years.” —A.V. Club Quentin Coldwater is brilliant but miserable. A high school math genius, he’s secretly fascinated with a series of children’s fantasy novels set in a magical land called Fillory, and real life is disappointing by comparison. When Quentin is unexpectedly admitted to an elite, secret college of magic, it looks like his wildest dreams have come true. But his newfound powers lead him down a rabbit hole of hedonism and disillusionment, and ultimately to the dark secret behind the story of Fillory. The land of his childhood fantasies turns out to be much darker and more dangerous than he ever could have imagined. . . . The prequel to the New York Times bestselling book The Magician King and the #1 bestseller The Magician’s Land, The Magicians is one of the most daring and inventive works of literary fantasy in years. No one who has escaped into the worlds of Narnia and Harry Potter should miss this breathtaking return to the landscape of the imagination.

The Great Wall - The Official Movie Novelization

Douglas Quail is haunted by nightmares of Mars, covert missions and a life more glamorous than his earthbound 2089 AD reality. So he turns to Recall,

manufacturers of synthetic memories. They implant a memory into him but he soon finds that his nightmares are true memories.

Chthon

A comprehensive three-volume reference work offers six hundred entries, with the first two volumes covering themes and the third volume exploring two hundred classic works in literature, television, and film.

Blue Adept

The inhabitants of a remote estate in Florida's savannah country fall under the spell of a horrible predator who inflames and perverts their sexual desires, leading to a series of bizarre and deadly encounters

Medicine Recall

Like *On a Pale Horse*, this second, complete-in-itself novel of the *Incarnations of Immortality* is a richly imagined and always fascinating story. And again, Piers Anthony adds to his gripping plot a serious, though-provoking study of good and evil. When life seemed pointless to Norton, he accepted the position as the

Incarnation of Time, even though it meant living backward from present to past. The other seemingly all-powerful Incarnates of Immortality—Death, Fate, War, and Nature—made him welcome. Even Satan greeted him with gifts. But he soon discovered that the gifts were cunning traps. While he had been distracted, he had become enmeshed in a complex scheme of the Evil One to destroy all that was good. In the end, armed with only the Hourglass, Norton was forced to confront the immense power of Satan directly. And though Satan banished him to Hell, he was resolved to fight on.

The Business of Death

The Philip K. Dick Reader

From a New York Times–bestselling author: The revealing final book in this sci-fi epic tracks the rise and fall of Jupiter’s tyrant—from the perspective of his sister. The final installment of the Bio of a Space Tyrant series covers the same period as the first five books, but with a twist. The Iron Maiden is told from the point of view of Hope’s sister, Spirit. This book fills in the gaps when the two siblings were apart and perfectly wraps up this scintillating series!

Cluster

First in the sci-fi series “packed with exotic beings, ancient secrets, and futuristic worlds” from the New York Times–bestselling author (The Portalist). As Cluster opens, the alien envoy Pnotl of Sphere Knyfh seeks help from Sphere Sol in a shared galactic-level crisis: Galaxy Andromeda has discovered the secret of energy transfer and intends to use it to steal the basic energy of the Milky Way Galaxy. Knyfh offers the secret of aura transfer on the understanding that Sphere Sol will spread the technology to help create a galactic coalition to find and defeat agents of Andromeda. Sol's highest-Kirlian individual is Flint, a green-skinned native of Outworld, who has a Kirlian aura of two hundred, an eidetic memory (useful for memorizing the complex equations of Kirlian transfer that he will need to communicate to other spheres). He has extraordinary intelligence and is highly adaptable. His mission is complicated, however, by the fact that he is pursued everywhere by a very high Kirlian female Andromedan agent and, somehow, the Andromedans are able to detect and trace Kirlian transfers. Flint embarks upon several missions to bring transfer technology to neighboring spheres, inhabiting various alien forms. His efforts are successful despite attacks and sabotage by the Andromedan agent. Through the conflict, however, the mutual attraction of their two vastly superior auras begins to undermine their individual loyalty to their own Spheres. Flint and a group of other entities recover the information that will allow them to detect and trace transfers, and a member of the group is revealed as the

Andromedan agent. One result is the catastrophic destruction of the local habitat. Flint and his nemesis are transferred into alien Mintakan bodies to survive. Choosing to leave things with parity between their two galaxies, Flint and the Andromedan mate and remain together until their auras fade (which happens rapidly, since their physical bodies have been destroyed).

Bearing an Hourglass

A discreet advertisement brings a group of apparently disparate individuals together to a bizarre rendezvous – on the ocean floor.

Mer-Cycle

Continues to chronicle the life of the author as he describes the past fifteen years of his career, presents commentaries on the publishing mentality and his view of human nature, and provides letters from some of his fans.

TOTAL RECALL - DIE TOTALE ERINNERUNG

Piers Anthony weaves a playfully provocative and stunning tale of morality, magic and grand adventure. Incarnations Of Immortality.

Counterfeit Worlds

PERFORMING ARTS/Film/Guides & Reviews

Total Recall

Anatomy Recall, Second Edition is a concise, affordable, pocket-sized review of the fundamentals of human anatomy. The popular two-column, question-and-answer Recall Series format facilitates quick learning and is ideal for board review. This edition has been updated by expert authors, including anatomists, medical students, and surgeons. Expanded coverage now includes embryology highlights. Clinical Pearls emphasize important clinical correlations to anatomic principles. Surgical Anatomy Pearls help third- and fourth-year medical students prepare quickly for intraoperative anatomy questions. Power Review sections help focus last-minute review of the most commonly tested anatomy points. Numerous effective illustrations correlate factual information with key anatomical relationships.

Total Recall

Executive

Vol. 1 Refugee CALIGULA OF THE STARS Though he was later accused of every crime and sexual perversion in the galaxy, Hope Hubris began as an innocent. Because he defended his older sister against the violent lusts of a wealthy scion, Hope and his peasant family were forced to flee Callisto, one of the moons of Jupiter. Pursued by the bloodthirsty scions across the airless desert, they barely escaped with their lives. The illegal space bubble was overcrowded with refugees, all hoping to reach Jupiter for asylum. But the space travelers had not reckoned on the terrible threat of high space—the pirates, barbaric men who rape, rob, and murder, with no thought but to satisfy their bestial appetites. It will take all Hope's ingenuity to survive, but the atrocities he witnesses will never die. There is only one way he can be rid of them... REVENGE

The Magicians

Nox, the Incarnation of Night and Mistress of Secrets It is the year 500 AD. Kerena, a beautiful young girl living near King Arthur's Camelot, is apprenticed to Morely the Seer. Morely teaches her fantastic magic, but when he mysteriously disappears, Kerena finds herself out on the street and must resort to prostitution to survive. Kerena prospers as a skilled courtesan until she is taken into service by

Morgan le Fey, the sorceress sister of King Arthur. Kerena's knowledge of magic grows as she is required to carry out nefarious deeds for the evil Lady Fey. One of her missions is to seduce Sir Gawain, Knight of the Round Table, to prevent him from locating the Holy Grail. But Gawain and Kerena fall in love and she conceives his child, a child she discovers is cursed to die an early death. Using her Seer abilities, Kerena tries to locate the fabled Incarnations of Immortality, seeking their aid in removing the taint from her baby. Rebuffed by all seven major Incarnations, Kerena vows revenge. But revenge against such mighty immortals would require an even greater power (Book 8 of Piers Anthony's Incarnations of Immortality series.)

Firefly

Written primarily for third- and fourth-year medical students in clerkships, *Medicine Recall*, Fourth Edition covers the core specialty areas within internal medicine: cardiology, pulmonology, nephrology, gastroenterology, hematology, oncology, infectious disease, endocrinology, allergy and immunology, rheumatology, neurology, and dermatology. The book is written in the rapid-fire Recall Series question-and-answer format, with the question on the left side of the page and the answer on the right. Mnemonics are interspersed throughout. Each chapter is written by faculty, students, and fellows and emphasizes diagnosis and treatment.

And Eternity

Written with busy medical students and house officers in mind, Pharmacology Recall minimizes the time spent reading and identifying important material and maximizes the time available for actual learning. As part of Lippincott Williams & Wilkins' Recall Series, Pharmacology Recall uses the concise, two-column question-and-answer format to facilitate quick learning. Common Board questions and mnemonics appear throughout the book to facilitate memorization and illustrations are provided to clarify important concepts. A Pharmacology Power Review chapter presents a unique bird's-eye view of pharmacology and can be used to review large amounts of high-yield information quickly before medical school and USMLE exams.

The Greenwood Encyclopedia of Science Fiction and Fantasy

A young man and a woman from the planet Minion face violence and destruction on the subterranean world of Chthon in the bestselling author's early novel. Phthor is the sequel to Chthon, less intricately structured and less complicated in plot, but still quite dark and ugly in theme and detail. Rather than flashbacks and flash-forwards, it has a Y outline, with the stem the initial story and the ends alternate futures, neither of which is acceptable to Aton's son Arlo. Arlo has his own

encounter with a Minionette, and naturally, destruction is upon him and all with whom he associates. Writer and editor Charles Platt was so impressed with the chthonic setting that he wrote two additional sequels, Plasm and Soma, which are even darker and grimmer.
