From the sensational Chevrolet Corvette to the stream-lined Toyota Celica, here is the ultimate history of classic cars manufactured since 1975, plus those dream and futuristic cars that were marvels of car design but never made it into production. This comprehensive visual reference shows every important marque from A-Z, highlighting some of the most significant and beautiful cars of the century. Detailed descriptions, history and technical information accompany every entry, making this the most authoritative and comprehensive guide to the contemporary classic car. This book also highlights the world's dream cars that were built as showcases but were never actually mass-produced. From major design houses such as Bertone and Ghia, these cars are at the very cutting edge of car design: futuristic models that were deemed too daring, too brash or too expensive to make commercial sense, but which pay tribute to the imagination and drive of car designers today. With over 800 stunning images, this title is the definitive gallery of classic and dream cars and the decisive reference book for every enthusiast and lover of the automobile.

Popular Science

Digest of Japanese Industry & Technology

Toyota MR2 details the full start-to-finish history of Toyota's bestselling mid-engined sports car, from 1984 until 2007, when production ended. This new book covers all three generations of models: the first-generation AW11 - Car of the Year Japan, 1984-1985; second-generation SW20, with a new 2,0 litre 3S-GTE engine and the third-generation ZZW30/MR2 Roadster. With detailed specification guides, archive photos and beautiful new photography, this book is a must for every MR2 owner and sports car enthusiast. Covers the background to the MR2 - the 1973 oil crisis and Akio Yoshida's designs; suspension improvements to the Mk II, significantly improving handling; the MR2 in motorsport; special editions and Zagato's VM180. This complete history of Toyota MR2 includes detailed specifications guides and is beautifully illustrated with 260 colour and 36 black & white archive photographs.
